PART

GENERAL.

Proceedings of the Government of Mysore.

READ :—

Letter No. 4224—967, dated 22nd April 1897, from the Deputy Commissioner, Kolar district.

I have the honor to report that the Amildars have brought to my notice that village servants, such as *totis*, *talvars*, *nirgantis*, &c., have suffered severely in consequence of the late unfavorable season. Their lands have yielded no crops and they get no *aya* or *mirasi* owing to the poor crops harvested by raiyats. Their services to Government are, however, more than ever useful and indispensable and their case, therefore, deserves special consideration.

2. I would, therefore, respectfully recommend that permission may be accorded to remit assessments payable to Government for the current year by these classes of village servants in the affected parts of the district. This will be a great and well-deserved boon to a hard-worked and poorly-paid class of village servants, and will tend to give to the Revenue and Police Officers a greater hold on them and ensure greater zeal and loyalty in the discharge of their duties.

No. 84—D, DATED, BANGALORE, 1ST JULY 1897.

ORDER THEREON.—The attention of the Deputy Commissioner is drawn to para 5 of the Order in Proceedings, Camp No. 65—D, dated 2nd April 1897, which invites a reference to Proceedings No. 434—D, dated 8th May 1892, and directs the instructions therein given being followed.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District.
The Deputy Commissioners of other Districts for information.
The Comptroller to the Government of Mysore.

(1) Proceedings in the Education Department, No. C. 172, dated 30th September 1891.

When members of the Managing Committee of the Maharani's Girls' School travel from Mysore to Bangalore, or from Bangalore to Mysore, for the purpose of attending the meetings of the Committee, those members that are Government servants will be allowed travelling allowance at the rates prescribed in the Mysore Service Regulations, and all other members who are not Government servants will be allowed double 2nd class railway fare.

(2) Proceedings in the Education Department, No. C. 39-65, dated 28th July 1892,

When members of the Standing Text Book Committee travel for the purpose of attending meetings of the Committee, or of the Sub-Committees appointed in accordance with para 4 of Order, Camp No. 36, Educational, dated the 18th May 1892, those members that are in the service of Government will be granted allowances for journeys by railway or road at the rates specified in Sections 522, and 528, respectively, of the Mysore Service Regulations, and those members that are not in the service of Government will be granted double 2nd class fare for railway journeys and mileage at the rate of 4 annas per mile for journeys by road.

(3) Proceedings in the Education Department, No. C. 36-38, dated 17th September 1894

When a European member of the Text Book Committee or the Committee for the management of the Local Examinations, that is not in the service of Government, travels for the purpose of attending a meeting of either Committee or of a Sub-Committee of the same, he will be given double 1st class fare for journeys by railway, 4 annas a mile for journeys by road and rupees five per day halting allowance.

Letter No. 9866—445, dated 18th June 1897, from the Inspector General of Education in Mysore.

I have the honor to submit for favor of Government orders the accompanying Travelling Allowance Bill of Rai Bahadur A. Narasimha Iyengar, member of the Maharani's Girls' School Committee, in connection with his journey to attend a meeting of the Committee held in February last. Mr. Narasimha Iyengar claims double 1st class railway fare in his bill. But the Comptroller acting under Article 525 B of the Mysore Service Regulations allows him only double 2nd class railway fare. The Article referred to is based on Government Order No. 172 (Educational), dated the 30th September 1891. Having regard, however, to Mr. Narasimha Iyengar's rank and position immediately before his retirement, I request that Government may be pleased to sanction the payment to him of double 1st class railway fare, to which he was entitled when in service. I beg further to recommend that a general rule may be passed to the effect that a member of the Maharani's Girls' School Committee, or the Text Book Committee, or the Local Examination Committee, who has retired from Government service, will be entitled to the same rates of travelling allowance to which he was entitled immediately before his retirement.

No. 76-77—P. & A. 9, DATED, BANGALORE, 2ND JULY 1897.

ORDER THEREON.—In continuation of the Proceedings of Government in the Education Department, No. C. 172, dated 30th September 1891 and No. C. 39-

65, dated 28th July 1892, Government are pleased to direct that a member of the Maharani's Girls' School Committee, or the Text Book Committee, or the Local Examination Committee, who has retired from Government service, will, for the journeys performed by him to attend the meetings of such Committee, be entitled to draw travelling allowance at the rates to which he was entitled immediately before his retirement. The Comptroller is requested to insert an addendum to this effect under Article 525 of the Mysore Service Regulations.

2. The Travelling Allowance Bill of Rai Bahadur Mr. A. Narasimha Iyengar, received with the Inspector General's letter, will be disposed of in accordance with the foregoing orders.

Report on the working of the Government Museum for the year 1895-96.

No. 681—Mis. 112, DATED, BANGALORE, 15TH JULY 1897.

REVIEW THEREON.—The total number of visitors to the Museum during 1895-96 was 242,775 as compared with 263,871 in 1894-95, but the percentage of female visitors rose to 41·6 from 40·93 in 1894-95.

2. About 139 fresh specimens were added to the collection of mammals and birds, and a small increase made to the collection of coins in the Museum. The library was enlarged by an addition of twenty-one volumes.

3. With reference to the proposal to enlarge the two wings of the Museum building the Superintendent is requested to make it the subject of a separate communication, as also his proposal to revise the Office establishment of the institution.

4. The sale proceeds of the artware kept in the sale room amounted to Rs. 1,268-9-7. Government note with satisfaction the Superintendent's remarks regarding this sale room which, he says, is beginning to fulfil a useful purpose in bringing articles of special workmanship within convenient reach of the buyer. A little more confidence has, it would seem, been shown by the artisans, although the actual number who supply goods at their own risk is very small. Government observe that continued efforts will gradually produce the desired results.

5. Government note with regret the loss sustained by the death of Mr. A. M. Lawson, who was a benefactor to the Herbarium section of the Museum; and they trust that the Superintendent has suitably acknowledged the donations mentioned in the Appendix to his report.

Annual Report on the Administration of the Mysore Government Press and the Gazette office for the year 1895-96.

No. 682—Mis. 113, DATED, BANGALORE, 15TH JULY 1897.

REVIEW THEREON.—The nominal value of printing work done for the Government amounted to Rs. 94,384-3-8 as against Rs. 79,180 of the previous year, showing an increase of Rs. 15,204-3-8. The total receipts under all the heads (nominal and otherwise) amounted to Rs. 98,476-5-2 against Rs. 84,521-10-5, giving an increase of Rs. 13,954-10-9. The increase is chiefly in the work done to the several Government Offices, the most marked being the Dewan's Office, the Gazette office and the Education Department. The increase of Rs. 380 under "Miscellaneous" is due to the sale of a large number of unserviceable materials by public auction.

2. The total expenditure under all the heads amounted to Rs. 73,021-11-9 as against Rs. 59,907-14-8 in the previous year, the increase being chiefly due to the entertainment of a Chief Reviser on Rs. 100 rising to Rs. 150 and a Deputy Reviser on Rs. 80 rising to Rs. 100 from 1st July 1895, to the importation of three new printing machines and to the increased quantity of work turned out by the "Piece Work Establishment."

3. The receipts of the Branch Press at Mysore amounted to Rs. 5,126-12-0 against Rs. 4,693-8-0 in the previous year, and the total cost was Rs. 3,627-9-11 as against Rs. 3,236 in 1894-95.

4. The Superintendent of the Government Press is also the Curator of the Government Library, and in that capacity he registered 128 books against 100 in 1894-95 ; 46 of these works have secured copy-right, paying a fee of Rs. 92 against 29 in the previous year with a fee of Rs. 58.

Letter No. 531, dated the 25th June 1897, from the Director of Archæological Researches in Mysore, submitting for sanction proposals to increase the salaries of certain Pandits and of the dafadar and peons of his department.

No. 1262-95—Mis. F. 397-92, DATED, BANGALORE, 22ND JULY 1897.

ORDER THEREON.—It is a standing rule that the good wook of an official should be rewarded by promotion to an appointment carrying a higher salary and not by the increase of the scale of the salary attached to the particular appointment he holds. Any increase of scale will be justified only by considerations, such as the inadequacy of the existing rates of sanctioned salaries for particular appointments owing to the market value of the qualifications required and similar general considerations. Under such circumstances the Government regret their inability to sanction the increased salaries recommended in the letter read above.

Letters Nos. 8971—411 and 9224—422, dated the 11th and 20th May 1897, from the Inspector General of Education in Mysore, recommending the grant of local allowances and increases of pay to the masters employed in and around the Kolar Gold Fields.

No. 35-6—ED. 1, DATED, BANGALORE, 1ST JULY 1897.

ORDER THEREON.—The Inspector General of Education has submitted a list of schools situated within a radius of fifteen miles from the Kolar Gold Fields, and recommends the grant of local allowances to the masters employed therein in consequence of the dearness of provisions prevailing there. He further recommends that as a matter of convenience a general rule may be laid down that a master serving in any of the schools in question should get as his local allowance the difference between his pay and that of the next higher grade.

2. Government are of opinion that it would be convenient to adopt rates of local allowance as noted in the margin, and are accordingly pleased to direct that they be brought into force from 1st July 1897 in the case of the masters now employed in, or who may hereafter be transferred to, the schools named in the accompanying list. The allowance in each case will be charged to the funds (Provincial or Village School) to which the pay of the master concerned is debited.

READ:—

Report on Public Instruction in Mysore for the year 1895-96, submitted with letter from the Inspector General of Education No 7930—352, dated 5th April 1897.

No. 840-73—ED. 21, DATED, BANGALORE, 17TH JULY 1897.

ORDER THEREON.—There was an increase in the number of educational institutions in the province from 3,897 in 1894-95 to 3,944 in the year under report, and in the total number of pupils under instruction from 111,020 to 112,014, of whom 98,449 or 87·89 per cent were boys and 13,565 or 12·11 per cent were girls. In other words, the percentage of boys and girls under instruction to the male and female population of school-going age rose, in the one case from 26·92 to 26·97, and in the other from 3·52 to 3·75; and of both together from 15·29 to 15·42.

2. *Number and Strength of Institutions.*—The number of public institutions rose from 1,797, with 83,398 pupils to 1,908 with 86,521 pupils, while the number of private or indigenous schools fell from 2,100 with 27,622 pupils to 2,036 with 25,493 pupils. These fluctuations were chiefly due to the accession of 58 village indigenous schools to the rank of aided institutions, and to the establishment of 43 additional public schools by Government. The number of colleges, high schools and training schools remained the same, and that of English and Vernacular schools for girls received an addition of one each, but there was a noticeable expansion in the number of primary schools for boys from 1,438 to 1,510, and an appreciable increase in the number of middle schools for boys, English and Vernacular, from 62 to 66 and 88 to 105, respectively, and in that of primary girls' schools from 129 to 142.

3. *Agencies maintaining Institutions.*—The great majority of the public institutions for boys and more than half of those for girls were maintained solely by Government. About one in nine of the former and two in five of the latter received grants-in-aid. The Municipal Funds supported two boys' schools, and the rest were unaided.

4. *Extension of Education.*—Out of 4,609 villages in the province with a population of over 300 inhabitants, 1,433 have been provided with public schools maintained or aided by Government, and 2,036 more have unaided indigenous schools of their own; while the remaining 1,140, or about a fourth of the whole, possess neither. These figures are significant and show that, while a great deal has been and is being done by the State and by public and private bodies for the extension of primary education, there remains much scope still for effort in this direction.

5. *Stages of Instruction.*—The proportion of boys and girls in the various stages of instruction is shown by the following percentages:—

	Boys.	Girls.
High stage	1·79	·08
Middle stage	7·70	2·04
Upper primary	18·68	9·95
Lower primary	71·83	87·93

6. *Pupils according to Races and Castes.*—Of the 73,547 boys under instruction in the public schools, 60,233 or about 81 per cent of the whole were Hindus including 18,171 Brahmins, 13,079 Lingayats and 1,256 low-castes; 9,491 or nearly 13 per cent were Muhammadans; 850 were Native Christians; and 589 were Jains. Of 12,974 girls, 9,900 or more than 76 per cent were Hindus, including 3,945 Brahmins, 1,450 Lingayats and 247 low castes; 2,010 or slightly over 15 per cent were Muhammadans; 462 were Native Christians; and 154 were Jains. Passing beyond mere numbers, it is worthy of note that the percentage of pupils, boys and girls taken together, to total population of school-going age, was highest among Native Christians (50·88 or 60·32 for boys and 39·39 for girls); least among the Jains (6·5, 9·84 and 2·67), and much higher among Muhammadans (38·11, 61·31 and 12·91) than among Hindus (13·63, 24·2 and 3·01).

But, considered apart from other classes of Hindus, the Brahmin community takes the lead with a percentage of 56·98 for both sexes, or 92·69 for boys and 20·02 for girls.

7. *Expenditure on Education.*—The gross expenditure on public instruction from the State Funds rose from Rs. 4,86,404 to Rs. 5,05,366, and that from the Village School Fund from Rs. 1,95,827 to Rs. 2,01,391. The net expenditure from all sources was about Rs. 30,000 in excess of that for the previous year, as shown below :—

	1894-95.	1895-96.		Difference.
	Rs	Rs		Rs
State Funds	4,37,301	4,49,022	+	11,721
Local Funds	1,92,169	1,96,214	+	4,045
Municipal Funds	30,932	30,915	—	17
Fees (excluding amount received by the Bangalore Municipality)	88,816	92,570	+	3,724
All other sources	71,562	81,479	+	9,917
Total ...	8,20,810	8,50,200	+	29,390

The total outlay during the past two years was incurred in the following proportions :—

	1894-95 per cent	1895-96 per cent.
1 Direction	2·6	2·5
2 Inspection	4·6	4·5
3 Buildings	4·7	4·0
4 Furniture and Apparatus	0·6	0·7
5 Scholarships	5·2	4·3
6 Miscellaneous	6·4	7·1
7 Colleges, English	9·5	9·5
8 Do Oriental	1·3	1·3
9 High Schools, English	11·6	12·0
10 Middle Schools for Boys, English	9·3	10·0
11 Do Vernacular	6·9	7·3
12 Middle Schools for Girls, English	1·1	2·8
13 Do Vernacular	3·6	1·9
14 Primary Schools for Boys	20·2	19·8
15 Do for Girls	5·8	5·3
16 Schools for Special Instruction	6·6	7·0
Total ...	100·0	100·0

Besides building and other lump sum grants to the extent of over Rs. 6,000, Rs. 54,341 from State Funds and Rs. 10,287 from Municipal Funds were disbursed during the year as grants-in-aid.

8. *Average Cost of Education.*—While the average cost of education in the institutions in Mysore was comparatively low, the portion thereof recouped by fees was lower still. The hobli schools and all 'girls' schools are free, and the fees in taluk and branch schools are nominal. In Arts colleges, the average cost of educating a pupil was Rs. 201 during the year, of which 8·7 per cent was recovered from fees ; while in Madras, the cost was Rs. 269 and the percentage from fees 25 or nearly three times as much. The proportion between fees and cost in the high schools was 37·16 per cent in Mysore, as against 50 per cent in Madras, and in English middle schools 34·12 per cent as against 36 per cent.

9. *Results of Examinations.*—The results of the various public examinations will now be noticed.

The Maharaja's College, Mysore, to which is attached a Historical Society which is doing good work under the presidency of Mr. Denham, sent up candidates for the B.A. degree examination for the first time in January 1896, with History and Mathematics as special subjects and the measure of success attained is

encouraging. The percentages of passes from the two 1st grade colleges are compared below with those of the University:—

Subject.	Candidates Examined.		Percentage of success.		
	Central College.	Maharaja's College.	Central College.	Maharaja's College.	University.
English language	57	25	43·8	68·0	64·0
Second language	41	17	75·6	82·3	80·7
Mathematics	9	9	44·4	66·6	52·0
Science	48	...	45·8	...	62·1
History	...	15	...	68·8	65·5

Out of 101 candidates who appeared for the F. A. Examination from the three Arts colleges in the province, only 44 passed with seven in the first class. The percentage of success was 46·8 for the Central College, 41·3 for the Maharaja's College, and 25 for the Shimoga College, or 43·6 for the province as against 33·7 for the whole of the University. The three colleges had together 430 undergraduates on their rolls.

Out of 294 candidates that underwent the Matriculation Examination in December 1895, from the high schools in Mysore, 115 passed, of whom only five were in the first class. The percentage of success was accordingly 39·1 as against 36·8 for the previous year and 36·6 for the whole Presidency.

Twenty-three candidates appeared for the Pandits' or *Vidvat* Examination, of whom 11 were from the Maharaja's Sanskrit College, Mysore, two from the Melkote Pathasala, and the rest private students. Only 18 passed, of whom four were in the first class. At the *Vidyarthi* or Pupils' Examination, 88 out of 195 candidates from the Maharaja's Sanskrit College and four out of five from the Bangalore Sanskrit College, were successful. Two candidates out of five passed the Kannada Pandits' Examination, one in the first class.

In the Vernacular Upper Secondary Examination newly instituted during the year in place of the old Teachers' Examination, 32 candidates out of 69 passed, one being placed in the first class. Two of them were female candidates from the Maharani Girls' School.

In the Mysore Lower Secondary Examination of December 1895, 230 candidates out of 687 with English as their first language, and 514 out of 956 with Sanskrit or a vernacular for their first language, passed. The former result indicates a further deterioration from that of December 1894, and the necessity for an improvement in the quality of the education imparted.

10. *Special Schools.*—With regard to night schools, which are intended for the benefit of the older lads and the adult males of the poorer communities it is observed that the rules for the grants-in-aid of these institutions do not seem to have been sufficiently taken advantage of. There were two such schools at Tumkur; the one maintained by the Hindu community being an upper primary school with 53 pupils, and that maintained by the Wesleyan Mission, a lower secondary school, with 57 pupils. The strength of the school at Molakalmuru in the Chitaldrug district has not been stated. The Mysore City possessed four night schools with an aggregate strength of 194 pupils. There was not a single night school registered in any of the other districts.

The Normal School at Mysore had a strength of 115 students, undergoing training for the Kannada Pandits' Examination and the Upper and Lower Secondary Examinations. On the representation of the Inspector General that the number of Lower Secondary Teachers wanted in the various parts of the province was much in excess of the number that could be trained in this school,

Government have recently sanctioned the establishment of two additional normal schools at Shimoga and Kolar. (Proceedings No. 8287-8—Ed. F. 27-96, dated 21st January 1897.) In the two classes of the Vernacular Upper Secondary Department of the Maharani Girls' School, there were 19 pupils, of whom two succeeded in qualifying themselves for Teachers' certificates. The number of industrial schools remained at six. The question of extending the scope of the industrial school at Mysore so as to include the training of pupils for the duties of overseers, mestris and tank inspectors, is engaging the attention of Government. There were 35 aided Sanskrit schools during the year with 1,289 pupils as against 32 schools with 1,089 pupils in the year previous. There were also three unaided schools with 33 pupils.

For Europeans and Eurasians there were three schools attended by 119 pupils, of whom 40 were boys and 79 were girls; the progress made is reported to have been satisfactory. In addition to these, 44 boys and 34 girls attended institutions open to all classes, two of the girls being in colleges. It is noteworthy that two Europeans of whom one was a young lady, succeeded in passing the Science Branch of the B. A. Degree Examination.

The total number of Muhammadans under instruction was 13,096, of whom 9,491 boys and 2,010 girls belonged to public institutions and 1,478 boys and 117 girls to private institutions. The number of schools for boys increased from 166 to 173 and that for girls from 28 to 35. Two Muhammadans passed the Second Language Branch of the B. A., two the F. A., and four the Matriculation Examination.

There were 40 schools for the depressed castes with 1,227 children, as against 31 schools with 1,014 children in the previous year. Including pupils attending indigenous schools and schools open to all classes, there were in all 2,249 children of the low castes under instruction, of whom 1,990 were boys and 259 were girls. The education imparted was primary, and the schools showed on the whole a fair amount of progress.

11. *Female Education.*—The number of girls under instruction and the proportion drawn from the various races have been already noticed. The total number of girls' schools increased from 145 to 161; of these 87 were maintained by Government, 65 were aided, and nine were unaided. The aggregate expenditure on female education was Rs. 1,10,498, or very nearly ten thousand rupees over the expenditure incurred in 1894-95. Towards this expenditure Rs. 75,912 was contributed from State Funds, Rs. 1,975, from Local Funds, Rs. 1,680, from Municipal Funds, and the remainder, Rs. 30,931, by private bodies and individuals, of whom the Wesleyan Mission contributed more than all the others put together. The expenditure from State Funds on the Mysore Maharani Girls' School was Rs. 34,738 and on all other schools Rs. 41,174 against Rs. 32,104 and 39,157, respectively, of previous years.

As stated elsewhere, two out of five girls passed the Upper Secondary Examination and subsequently qualified themselves for Teachers' certificates. Thirty-four female candidates in all appeared for the Vernacular Lower Secondary Examination in December 1895, and 22 passed, two in the 1st class. The results of this examination were very much better than those of the previous year, and it is satisfactory to note that the girls that went up from five of the schools were all of them successful.

12. *Condition of Schools.*—The hobli or village schools are in very many instances reported to have been in an unsatisfactory condition. The want of suitable accommodation will be supplied gradually as funds are available; and the Government await the submission of the information called for in Proceedings No. 246-7—Ed. 17, dated 6th July 1896. The other defects as regards teaching, studies and attendance noticed in the report call for early remedy which, the Government have no doubt, the Inspector General and his staff will be able to provide by frequent inspections and other means within their command.

13. *Scholarships.*—Scholarships to the extent of Rs. 36,251 were awarded during the year as against Rs. 42,714 during 1894-95, the difference being chiefly due to the inclusion in the latter of the arrears of previous years. Of that amount Rs. 15,781 was expended purely in connection with technical instruction;

24 scholarships varying from Rs. 3 to Rs. 7 were given to deserving Muhammadan students, and 26 scholarships, some at Rs. 5 and some at Rs. 4, to sons of Pallegars and Muhammadan pensioners.

14. *Inspection.*—Mr. Bhabha was not able to inspect any of the schools during the year as he proceeded on three months' leave just about the time when he used to go out on a tour of inspection. There was a slight but not very marked improvement in the inspection work done by Deputy and Assistant Deputy Inspectors, as gauged by the average number of days they were out on circuit. Not one of these officers was, however, able to inspect all the schools in his circle within the year. The fact commented upon in para 77 of the report, that most of the Deputy Inspectors, including those longest in service, have neglected to exercise sufficient control over the attendance of village schools, by careful scrutiny of the monthly returns and prompt enquiries into the causes of declining attendance, is not creditable to them, and it is hoped that future reports will show an improvement.

The Village School Committees are reported to have done some useful work on the whole; and Mr. Bhabha rightly remarks that, with a little encouragement and kindly advice from the Inspecting Officers, they can be made to give valuable help in promoting the progress and efficiency of village schools. Government regret to learn that the number of visits paid by Revenue Officers to village schools has decreased from 584 in 1894-95 to 472 in the year under report. The attention of Deputy Commissioners will be invited to the observations made by Government in para 9 of their Proceedings, dated 30th June 1896, No. 14188—Ed. 451.

15. *Books.*—The Oriental Library acquired 359 manuscripts, some being those of rare works, published four Sanskrit works of importance, sent two other works to the Press, and made progress in the English translation of Sri Sankaracharya's commentary on the Bhagavadgita.

One hundred and forty-eight publications (68 books and 80 periodicals) were received for registration, as against 130 publications in the previous year, (97 books and 33 periodicals); 87 of them were educational, and 61 non-educational. According to subject-matter, they may be classified as follows:—Art 2, Biography 2, Drama 13, Fiction 3, History 4, Language 28, Law 1, Medicine 2, Poetry 3, Philosophy 3, Religion 21, Science 1, Miscellaneous 65, inclusive of periodicals.

Including a balance of Rs. 88,363, the value of the total stock in the Central and Branch Book Depôts together was Rs. 1,27,850. The sale proceeds during the year amounted to Rs. 24,707 only; but to this has to be added Rs. 5,209, the value of books, &c., supplied to colleges, schools and Government offices. The cost of maintaining the depôts was Rs. 6,345 which is reported to have been a little more than covered by the profits calculated on sales and free supplies, alike.

Rupees 4,000 were expended in the encouragement of literature, either in the shape of remuneration in money, or by the purchase of a more or less large number of copies or in a few cases of the entire copyright. Encouragement in one or other of these ways was shown in about 30 instances.

16. *Text-Book Committee.*—This Committee did fairly good work during the year. The first Kannada Reader and Sabdadarsa were carefully revised by Sub-Committees appointed for the purpose. Thirty-six books which were referred to the Committee were reserved during the year. The Kannada Translator, in addition to his work on the Sub-Committees, reserved 146 publications sent for registration and 41 books sent for patronage, prepared Nos. 7 and 8 of the Kannada Copy Book, and completed the third part of a Kannada book on Object Lessons for the use of teachers.

17. Government note with special satisfaction that physical exercise continued to receive its due share of attention and that the Dasara Inter-scholastic sports were conducted with the same success as in the previous year.

18. *Concluding Remarks.*—In conclusion, Government are glad to note tha the report, though received somewhat late, has been carefully drawn up, contain much useful and interesting information, and presents a marked indication o educational progress.

READ:—

Letter No. 9414—430, dated 28th May 1897, from the Inspector General of Education in Mysore.

In continuation of my letter No. 9247—423, dated the 21st instant, I have the honor to submit the budget estimates of the Village School Fund for the official year 1897-98, with a memo explaining the differences between the figures for 1896-97 and 1897-98.

Explanatory Memo accompanying the Village School Fund budget estimates for 1897-98.

RECEIPTS.

The following statement shows the estimated receipts for the year 1897-98 :—

Heads of receipts.	Estimate for 1896-97.	Estimate for 1897-98.
	Rs.	Rs.
I. 24 per cent of the local cess	2,10,000	2,10,000
II. Schooling fees	4,800	4,800
III. Examination fees	7,000	9,000
IV. Interest on investment	7,000	7,000
V. Contribution from Municipal Fund	4,444	4,444
Total ...	2,33,244	2,35,244

The Comptroller in his No. 7386—1298, dated the 18th May 1897, estimates the receipts from the 24 per cent of the local cess for 1897-98 at Rs. 2,08,838. But the actuals amounted to Rs. 2,10,113 in 1894-95, to Rs. 2,14,287 in 1895-96. These actuals warrant the estimate for 1897-98 being fixed at Rs. 2,10,000, the same sum as for the current year, if not higher.

The estimate for schooling fees is taken at the same figure as in the current year's budget, as there is no prospect of any improvement in the fees levied in village schools. The fees from candidates going up for the Local Examinations are steadily increasing from year to year and amounted to Rs. 7,464 in the current year, against Rs. 6,411 in 1895-96. The estimate is raised to Rs. 9,000 for 1897-98, because the examination fee of Vernacular candidates has been raised from Rs. 2-8-0 to Rs. 3 from December 1897. The expected increase from all sources amounts thus to Rs. 2,000.

EXPENDITURE.

The following is an abstract of the estimates for 1897-98 :—

No.	Heads of expenditure.	Estimates for 1896-97.	Estimates for 1897-98.	Difference
		Rs.	Rs.	Rs.
I	Instruction	1,73,744	1,73,876	+132
II	Grants-in-aid	3,300	3,300	..
III	Special Instruction	9,217	12,067	+2,850
IV	General	26,518	22,874	—3,644
V	Local Examinations	8,768	8,240	—528
	Total ...	2,21,547	2,20,357	—1,190

The total amount sanctioned originally for the current year was Rs. 2,18,427. An additional sum of Rs. 3,120 was sanctioned by Government Order No. 8287-8—Ed. F. 27-96, dated the 21st January 1897, on account of the charges for six months of the two District Normal Schools opened during the year. The total sanctioned estimate therefore amounts to Rs. 2,21,547 The estimate for 1897-98, based on charges sanctioned up to date, amounts to Rs. 2,20,357 which is Rs. 1,190 less than the grant for the current year. The difference is due to the causes explained below :—

I. *Instruction*—The aggregate amount for 1897-98 is Rs. 132 more than the amount for the current year. The excess is caused by the appointment of a peon on Rs. 4, sanctioned for the Anglo-Vernacular School at Nyamti by Government Order No. 10959-60—Ed. 336, dated the 5th April 1897, out of the provision for rent and contingencies under the head "General;" another on Rs. 6 for the Taluk Branch School at Ajjampur, sanctioned by Government Order No. 12355-6—Ed. 389, dated the 14th May 1897; the grant of a local allowance of Rs. 3 to a teacher in the Kolar Gold Fields (Government Order No. 4999-5000—Ed. 185, dated the 20th October 1896), and the transfer to the head "Rent and Contingencies," of a house rent of Rs. 2 a month, for a new

school sanctioned from the provision for new schools. The differences in details are due chiefly to transfers of masters ordered by the department from time to time and the conversion of Taluk Branch Schools into Hobli Schools, which necessitate the transfer of charges from one head to another. Thus, in the amount of salaries for teachers, there is an increase of Rs. 120 under Anglo-Vernacular Schools, a decrease of Rs. 1,188 under Taluk Branch Schools and an increase of Rs. 8,484 under Hobli Schools, the result being a net increase of Rs. 7,416. This increase is made up of Rs. 36, sanctioned as a local allowance to a teacher in the Kolar Gold Fields referred to above, and Rs. 7,380 taken out of the provision of Rs. 8,212 for new schools in the current year's budget.

Of the increase of Rs. 312 in the amount of pay of the menial servants in the Anglo-Vernacular Taluk Branch and Hobli Schools, Rs. 192 comes from the provision for new schools, Rs. 72 is the amount of pay of a peon at Rs. 6 a month for the Taluk Branch School at Ajjampur, and the remaining Rs. 48 is the amount of pay of a peon, sanctioned out of the provision for house-rent for the Nyamti Anglo-Vernacular School as stated above.

	1896-97. Rs.	1897-98. Rs.
Anglo-Vernacular Schools	600	648
Taluk Branch Schools	1,572	1,680
Hobli Schools	156	312
Total ...	2,328	2,640

In the budget for 1895-96, a sum of Rs. 7,212 was sanctioned for opening new schools. The provision has been repeated in the current year's budget with an addition of Rs. 1,000 for the same purpose. As, however, some of the schools for which provision was applied for had been opened, before the budget was passed, from savings secured by closing a few declining schools, a sum of Rs. 616 out of Rs. 8,212 remains unutilized up to date, which may be appropriated for opening new schools early next year.

The provision for new hands and increases which has yet to be utilized, is likewise repeated in the budget for next year.

II. *Grants-in-aid.* The sanctioned provision of Rs. 3,300 is entered.

III. *Special Instruction.*—Under this head, half the cost of the Government Normal School, Mysore, and the full cost of the two District Normal Schools, according to the scale sanctioned by Government Order No. 8287-8—Ed. F. 27-96, dated the 21st January 1897, are provided. The rates of pay for the Pandits and Munshis of the Mysore Normal School are, as sanctioned by Government Order No. 6194-5—Ed. F. 8-96, dated the 27th November 1896, and Government Order No. 10744-5—Ed. F. 8-96, dated the 29th March 1897, fixing the pay of the Hindustani Munshi at Rs. 23 till he gets his next increment. The other items of increase are provided in the current year's budget and are included in the provision of Rs. 1,764, for new hands and increases. There is on the whole a slight decrease in the cost of the Mysore Normal School due to a teacher on Rs. 50, being taken in place of one on Rs. 70 transferred

IV. *General.*—The usual nominal provision of Rs. 5,000, is entered for buildings, instead of Rs. 10,000, the sum sanctioned specially for the current year. The decrease of Rs. 24 in the provision for rent and contingencies is caused by a sum of Rs. 4 a month being utilized for the pay of a peon sanctioned by Government Order No. 10959-60—Ed. 336, dated the 5th April 1897, for the Anglo-Vernacular School at Nyamti, and an addition of Rs. 2 a month for the rent of a newly opened Girls' School. In accordance with Government Order No. 11942-3—P. & A. 1398, dated the 1st May 1897, a sum of Rs. 1,500 is entered as the probable amount required for travelling allowances of teachers payable from the Village School Fund. The result of these variations is a decrease of Rs. 3,644.

V. *Local Examinations.*—There is a decrease of Rs. 528 owing to the revised scale sanctioned by Governmet in Order No. 1941-2—Ed. 77, dated the 6th August 1896, on the retirement of Mr. M. Clapham, the former Manager of the Local Examination office.

No. 1404-5—Ed. F. 3-96, dated, Bangalore, 24th July 1897.

Order thereon.—The estimated receipts and expenditure of the Village School Fund for 1897-98, as submitted by the Inspector General, are given in the following abstract statement:—

Receipts.	Sanctioned estimates for 1896-97.	Proposed estimates for 1897-98.	Expenditure.	Sanctioned estimates for 1896-97.	Proposed estimates for 1897-98.

RECEIPTS.

2. *I. 24 per cent of the Local Cess.*—Under this head the past year's estimate of Rs. 2,10,000 has been repeated on the ground that the actuals under this head amounted to Rs. 2,14,287 during 1895-96 The Comptroller's estimate for 1897-98, as stated by the Inspector General, is only Rs. 2,08,838. The season being somewhat unfavorable, it would not be safe to adopt a higher figure than 2,00,000 in the present budget.

3. Under "Examination fees," an increase of Rs. 2,000 is expected, as the rate of examination fee for Vernacular candidates has been raised from Rs. 2-8-0 to Rs. 3 and as the actual income under this head has been steadily increasing for the last two years. The provision will be passed.

4. Under "Receipts," a separate head called "IV Contributions from Provincial Funds" will be opened, against which will be entered the moiety of the cost of the Mysore Normal School and of the Kannada Pandits' Examination paid from Provincial Funds.

EXPENDITURE.

5. *I Instruction.*—Under this head, there is an increase of Rs. 132 due (1) to the appointment of a peon on Rs. 4 for the Anglo-Vernacular School at Nyamti under Government Proceedings No. 10959-60—Ed. 336, dated 5th April 1897, (2) to the appointment of a peon on Rs. 6 for the Kannada School at Ajjampur under Government Order No. 12355-6—Ed. 380, dated 14th May 1897, (3) to the local allowance of Rs. 3, sanctioned to the Hobli School Master at Ooregum in Government Order No. 4999-5000—Ed. 185, dated 20th October 1896, and (4) to the decrease caused by the transfer of Rs. 2 per mensem to the head "IV General" for contingencies from the provision made last year for new schools under this head.

6. The variations under the different sub-heads are due to the transfer of masters from one class of schools to another and to the distribution under various heads of the lump sum provision made last year for new schools.

7. Under this head, an additional provision of Rs. 732 per annum will be entered on account of local allowances sanctioned to Village School Masters employed in and around the Kolar Gold Fields in Government Proceedings No. 35-6—Ed. 1, dated 1st July 1897. Also a provision of Rs. 404, sanctioned in Government Proceedings No. 162-3—Ed. 8, dated 5th July 1897, over and above the budget provision, for entertaining additional hands for Village Schools, will be entered.

8. *III. Special Instruction*—Under this head, the full cost of the Mysore Normal School will be exhibited, instead of half the cost as in last year's budget.

9. An additional provision of Rs. 300 sanctioned for the appointment of an additional Hindustani Teacher for the Mysore Normal School in Government Order No. 12746-7—Ed. F. 27-96, dated 28th May 1897, will be entered in the budget.

10. *IV. General.*—Under this head, there is a net decrease of Rs. 3,644, as shown below:—

Savings.	Amount. Rs.

Net Decrease ...	3,644

11. Under this head, a provision of Rs. 1,578, sanctioned in Government Proceedings Nos. 313-6—Ed. 15 and 164-5—Ed. F. 20-96, dated 8th and 5th July 1897, for the repairs of the old taluk cutcherry buildings at Nyamti and Kengeri, which are used for holding the Government schools in those stations, will be entered.

12. *V. Local Examinations.*—Under this head, there is a decrease of Rs. 528, owing to the revised scale of establishment of the Mysore Local Examination office, sanctioned in Government Order No. 1941-2—Ed. 77, dated 6th August 1896.

13. The Inspector General is requested to submit an application for any supplemental grant that may be required for opening new Village Schools during 1897-98.

14. With the foregoing remarks, the Village School Fund budget estimates of receipts and expenditure for 1897-98, are sanctioned, as per accompanying appendices, of which an abstract is given below :—

READ:—

Letter No. 9247—423, dated 21st May 1897, from the Inspector General of Education in Mysore.

I have the honor to submit herewith the State Fund budget estimates of the Education Department for 1897-98 with a memo explaining the variations from the budget estimates for the current year.

2. The Village School Fund budget for 1897-98 will follow:—

Explanatory memo accompanying the State Fund budget estimates of the Education Department for 1897-98.

RECEIPTS.

1. The receipts are estimated at Rs. 91,357 as detailed below:—

Details.	Estimates for 1896-97.	Estimates for 1897-98.	Difference.
	Rs.	Rs.	Rs.
Fees in Colleges and High Schools	25,000	27,000	+ 2,000
Ditto Anglo-Vernacular Schools	14,000	16,000	+ 2,000
Ditto Vernacular Schools	7,000	6,500	— 500
Proceeds from sale of books, &c.	23,000	24,500	+ 1,500
Contribution from Municipal Funds	14,327	14,447	+ 120
Contributions from Sringeri and Parakal Matts on account of the Sanskrit College, Bangalore.	1,560	1,560	.....
Industrial School receipts	350	350	.....
Savings and Refunds	500	1,000	+ 500
Total ...	85,737	91,357	+ 5,620

2. The fees realized for 1895-96 in Colleges and High Schools amounted to Rs. 26,848; the fees amounted to Rs. 14,937 in Anglo-Vernacular Schools, and Rs. 6,990 in Vernacular Schools The estimates for fees for next year are slightly raised with reference to the actuals for 1895-96, and the expected increase in attendance. The estimate of fees expected from Vernacular schools is slightly lowered, as seven of these schools have been made Anglo-Vernacular schools and their fee income will be included in the receipts of this latter class of schools. The proceeds from sale of books, &c., are estimated at Rs. 24,500, which is Rs. 1,500 more than the estimate for 1896-97. The increase may fairly be expected since the actuals for 1895-96 came to Rs. 23,340. The contribution of Rs. 120 to the cost of education from the municipality of Goribidnur under Government Order Camp No. 11-20—L. F. 116-93, dated the 12th October 1894 becomes payable from 1st July 1897. This accounts for the increase in the amount of contributions from Municipal Funds. The amount of savings and refunds is roughly taken at Rs. 1,000.

EXPENDITURE.

3. The following is a statement of comparison of the estimates for 1897-98 with those for the current year.

No.	Heads of Expenditure.	Estimates for 1896-97.	Estimates for 1897-98.	Difference.
		Rs	Rs.	Rs.

V	Grants-in-aid	70,938	68,468	— 2,470
VI	Book Department	23,520	22,980	— 540
VII	Oriental Library	12,714	10,586	— 2,128
VIII	Educational Library and Museum	1,000	1,000	...
IX	General	16,268	17,912	+ 1,704
	Total ...	5,40,117	5,29,351	— 10,766

4. There is a decrease of Rs. 10,766 in the expenditure. The variations under the different heads which have contributed to the decrease are accounted for below:—

5. *I Direction.*—The increase of Rs. 360 is due to the appointment of an additional clerk on Rs. 20, sanctioned by Government Order No. 3570-1—Ed. F. 1-96, dated the 14th September 1896 and the increment of the Manager at Rs. 10 a month from 1st July 1897.

6. *II Inspection.*—The transfer of Mr. D. Subbaiya, Deputy Inspector, to the Palace, and the arrangements made in filling up his place, have resulted in a saving of Rs. 2,160. A sum of Rs. 1,200 provided for the travelling allowances of the newly appointed Assistant Deputy Inspectors and their establishment has been transferred to the head IX General. There is on the other hand an increase of Rs. 780, due to the increments provided for five Deputy Inspectors and three Assistant Deputy Inspectors, and of Rs. 120 due to the appointment of one of the additional Assistant Deputy Inspectors on Rs. 60 instead of on Rs. 50 as originally contemplated. The result is a decrease of Rs. 2,460.

7. *III Instruction—Colleges and High Schools.*—A slight change has been introduced into the budget for 1897-98, in grouping the charges falling under Instruction. In previous budgets as in the current year's budget, the charges of Colleges, High Schools and Anglo-Vernacular Middle Schools have been brought together under the head "III Instruction English." In the budget for next year the charges of the first two classes of institutions are shown under a distinct head, in order that the whole of the expenditure on high and collegiate education may be seen at a glance. The expenditure relating to Anglo-Vernacular Schools is brought under the same head with the Taluk Vernacular Schools. It is a convenience to group the charges of these two classes of schools under the same head, as both classes of schools are middle, the Anglo-Vernacular Schools being developed from the Taluk Kannada Schools, and transfers of masters between the two classes of schools are often found necessary.

8. Grouped as explained above, the charges of Colleges and High Schools amount to Rs. 1,67,139 which is Rs. 6,203 more than the provision for the current year. The items of increase are noted below:—

Rs. 2,736 Amount provided for periodical increments.

Rs. 1,788 Excess caused by the revision of the salaries of Pandits and Munshis sanctioned by Government Order No. 1668-70—Ed. 60, dated the 31st July 1896, Government Order No. 2277-9—Ed. F. 8-96, dated the 14th August 1896, and promotions granted by Government Order No. 7095—Ed. F. 8-96, dated the 18th December 1896, and Government Order No. 2061-2—Ed. 82, dated the 8th August 1896.

Rs. 210 Increase on account of the higher rates of pay given to the clerks and librarians of the Central College and the Maharajas' College (Government Order No. 4757-9—Ed. 183, dated the 12th October 1896 and Government Order No. 6910-11—Ed. F. 25-96, dated the 15th December 1896).

Rs. 426 Increase sanctioned for the menial servants of the same Colleges, inclusive of the pay of a peon on Rs. 6 sanctioned for the High School at Chitaldrug by Government Order No. 10448-9—Ed. 319, dated the 12th March 1897.

Rs. 60 Increase of pay of the Gymnastic Instructor of the Central College from Rs. 15 to Rs. 20 (Government Order No. 4757-9—Ed. 183, dated the 12th October 1896.

Rs. 700 Increase of Laboratory contingent allowance for the Central College (Government Order No. 2840-2—E i. 113, dated the 28th August 1896.

Rs. 13 Increase of contingent allowance of the Maharaja's College, (Government Order No. 4737-9—Ed. 182, dated the 12th October 1896.)

9. The net increase of Rs. 2,736 in the salaries of the Principals, Professors, Head and Assistant Masters may be thus explained. Three officers in Class A, one in Class B, nineteen in Class C, and ten in Class D have already earned, or will earn their increments by 1st July 1897. These increments amount to Rs. 4,656. Since, however, one master retired, one was transferred to the Revenue Department, one resigned his appointment, and three were transferred to the Inspecting staff and the men who succeeded them were started on smaller salaries, the increase caused by increments has been reduced to Rs. 2,736.

10. The increases that appear under the several minor heads, over and above those noticed above, are due merely to a distribution of the amount of Rs. 2,366 provided for new hands and increases in the current year's budget among the proper heads.

11. ***IV Instruction—Taluk Schools.***—The decrease of Rs. 12,755 is chiefly due to the ordinary provision of Rs. 10,000 for buildings being entered for next year instead of the special amount of Rs. 25,577 for the current year. English classes were opened in Taluk Vernacular Schools. The charges of these schools have been accordingly transferred to the head of Anglo-Vernacular Schools. This accounts for the increase noticed in the detailed estimates for Anglo-Vernacular Schools and a corresponding decrease under the head of Vernacular Schools. The details of the amount opposite each head are given below :—

12. The increments of the Lady Superintendent at Rs. 20 a month, and of an assistant master at Rs. 10 a month, and a yearly saving of Rs. 54 in the expenditure account for the excess of Rs. 306 in the expenditure of the Maharani's Girls' school.

13. For construction and repairs of school buildings the nominal provision of Rs. 10,000 is entered, but the usual amount sanctioned on taluk school buildings is about Rs. 25,000. The excess will be provided in the supplemental budget.

14. *V Grants-in-aid.*—The amount of ordinary grants for next year is the same as for the current year. The provision for building grants is reduced to Rs. 5,000 which is the usual annual allotment. A sum of Rs. 6,043 being a moiety of the cost of the Government Normal School at Mysore, and a further sum of Rs. 379 which is a moiety of the fees to examiners in connection with the Kannada Pandits' examination, are provided. The total amount is less than the provision for the current year by Rs. 2,170.

15. *VI Book Department.*—The expenditure under this head is reduced from Rs. 23,520 to Rs. 22,980. The decrease is due to the revised scale of establishment sanctioned by Government in Order No. 2386-7—Ed 93, dated the 17th August 1896 as modified by Government Order No. 2712-3—Ed. 107, dated the 26th August of the same year. The figure for next year includes Rs. 120 for the Translator's increment at Rs. 10 a month.

16. *VII Oriental Library.*—The Curator's present pay is Rs. 190 a month of which Rs. 22 is debitable to the Muzrai Funds in accordance with Government Order No. 145-7—(Educational) dated the 29th November 1893. His pay chargeable to the Education Department is entered at Rs. 168. The special amount provided for printing paper, &c., is struck out. A permanent charge, however, for printing paper is necessary, and will be recommended in the supplemental budget. The net decrease under the head is thus Rs. 2,128.

17. *IX General.*—A sum of Rs. 1,200 for the travelling allowances of the newly appointed Assistant Deputy Inspectors and their establishment, transferred from the head inspection raises the provision for these allowances from Rs. 10,000 to Rs. 11,200. A sum of Rs. 504 sanctioned in Government Order No. 12433-4—Ed. F. 40-96, dated the 17th May 1897 for scholarships tenable in the Upper Secondary Class of the Arya Balika Patasala, Bangalore, has been added to the amount of "Prizes and Special grants."

No. 1402-3—Ed. F. 2-96, dated, Bangalore, 24th July 1897.

Order thereon.—An abstract of the receipts and expenditure as estimated by the Inspector General is given in the following statement:—

Receipts.

2. The total fee collection during 1895-96 having been Rs. 48,775, the Inspector General's estimate of Rs. 49,500 for 1897-98, does not seem excessive and is therefore accepted.

3. *The Sale Proceeds of Books.*—Under this head the actuals for 1895-96 having been Rs. 23,340, the estimate of Rs. 24,500 for 1897-98 will be passed.

4. *Contribution from Municipal Funds.*—Under this head there is an increase of Rs. 120 which is the cost of education payable from 1st July 1897 by the Municipality of Goribidnur, under Government Proceedings Camp No. 11-20—L. F. 116-93, dated 12th October 1894.

Expenditure.

5. I *Direction.*—There is an increase of Rs. 360 under this head which is due to the appointment of an additional clerk on Rs. 20 per mensem to the office of the Inspector General of Education in Government Proceedings No. 3570-I—Ed. F. 1-96, dated 14th September 1896, and to the annual increment of Rs. 10 earned by the Manager of the office.

6. *II Inspection.*—Owing to the transfer of Mr. D. Subbaiya to the Palace Department and to the arrangements made to fill up his place, there is a saving of Rs. 2,160 under this head. A sum of Rs. 1,200 provided for the travelling allowance of the three newly appointed Assistant Deputy Inspectors has been transferred from this head to the head "IX General," while there is an increase of Rs. 900 on account of the increments, &c., earned by the Deputy and Assistant Deputy Inspectors. The net decrease under this head is Rs. 2,460 as shown in the margin.

A provision of Rs. 60, being the house rent sanctioned for the office of the Assistant Deputy Inspector of Kannada Hobli Schools, Kadur district, in Government Proceedings No. 13929-30—Ed. F. 1896, dated 30th June 1897, will be entered under this head.

7. *III Instruction.—Colleges and High Schools.*—The total increase under this head is Rs. 8,123 against a saving of Rs. 1,920 leaving a net increase of Rs. 6,203, as detailed in the margin. Under this head a provision of Rs. 240 required for the employment of an additional Sanskrit Pandit on Rs. 20 sanctioned for the Central College in Government Proceedings No. 511-13—Ed. F. 8-96, dated 12th July 1897, will be entered.

8. *IV Instruction—Taluk Schools.*—The cost of Anglo-Vernacular schools which was hitherto taken along with the cost of Colleges and High Schools, has now been dealt with along with purely Vernacular schools for the sake of convenience.

9. Under this head there is a net decrease of Rs. 11,435 as shown below :—

Savings.

	Rs.
On account of the reduction in the provision for education buildings, the normal provision of Rs. 10,000 only being now proposed	12,577

10. It is observed that in the budget for 1896-97, the provision available for new Vernacular schools was only Rs. 1,572 while in the present budget it is shown to be Rs. 1,602 as detailed in the margin. No explanation is furnished for the excess amount of Rs. 30 in the memo. Again, the additional provision of Rs. 36 made for contingent charges of the Empress Girls' School, Tumkur, is unnecessary, as the provision therefor already exists in the budget. However, the two additional charges amounting to Rs. 66 will be retained subject to the submission of explanation.

	Amount.
Teachers	1,068
Peons	254
Rent	90
Contingencies	180
Total ...	1,602

11. The variations under other sub-heads are due to the transfer of one class of schools to another and the explanations furnished therefor in the memo are accepted.

12. An annual provision of Rs. 312 sanctioned in Government Proceedings No. 35-6, dated 1st July 1897, for local allowances to the masters of the Bowringpet Anglo-Vernacular school, will be entered under this head.

13. *V Grants-in-aid.*—Under "Monthly grants" the marginally noted savings have not been taken into account by the Inspector General. The omission will now be supplied. A provision of Rs. 360 on account of the grant sanctioned for the Muhammadan Students' Home, Mysore, and of Rs. 150 on account of additional contribution payable to the Village School Fund towards the pay of the Hindustani teacher sanctioned for the Normal School, Mysore, in Proceedings

	Amount. Rs.

Total ..	492

No. 12746-7—Ed. F. 27-96, dated 28th May 1897, will be made in the present budget. Deducting from the increase of Rs. 510 as above the savings of Rs. 492, the net increase will be Rs. 18 only.

14 Under "Building grants" the usual provision of Rs. 5,000 has been entered by the Inspecter General, the excess of Rs. 2,416 being omitted.

15. *VI. Book Department.*—The net decrease of Rs. 540 under this head is due to the revision of establishment of the Government Book Depôt and to the increment earned by the Educational Translator.

16. VII. Under "Oriental Library" the provision of Rs. 2,200 made for printing paper, &c, in the budget for 1896-97 is omitted, and a provision of Rs. 72 being the share payable by the Education Department on account of the increment earned by the Curator is entered, leaving a net decrease of Rs. 2,128.

17. *IX. General.*—Under this head the increase of Rs. 1,704 is due to the transfer of Rs. 1,200 from the head "II Inspection" and to the additional provision of Rs. 504 made for the scholarships of the six pupils of the Upper Secondary Class of the Arya Balika Pathasala, Bangalore.

18. With the foregoing remarks the State Fund budget estimates of the Education Department for 1897-98, are sanctioned, as per details in the accompanying appendices of which an abstract is given below :—

Letter No. 8, dated 5th July 1897, from the Principal, Central College, Bangalore,

I have the honor to request that you may kindly convey to the Government the urgent necessity of providing an Assistant Sanskrit Pandit for this institution. The number of students taking Sanskrit both in the School and College Departments is now so great that it is too much that one Pandit should have all the work assigned to him. There are now almost as many taking Sanskrit as there are Kanarese and with such large numbers it is ample work for one man to take all the four College classes alone. I beg to propose, therefore, that an Assistant Sanskrit Pandit on Rs. 20 to begin with should be sanctioned. His duties to be nominally the Sanskrit teaching of the three High School classes but he should be capable of taking any College classes in the absence of the Senior Kannada Pandit. I would propose that Mr. M. K. Tirumarnaiengar, age 26, who has passed (i) the Mysore Pandits' Examination in Sanskrit, Philosophy and Sankya in II Class and in Sanskrit Literature in the I Class, (ii) Madras Pandits' Examination in Sanskrit Literature in I Class and in Philosophy in the I Class (iii) Madras Class Examination in Sanskrit Logic in the 1st Class and in Vedanta in the 1st Class and is now reading English in the Matriculation Class of Maharaja's College, Mysore, thereby showing a laudable energy, should be appointed to the post on probation for a year to be confirmed if his work proves satisfactory.

In conclusion I would beg to bring to your notice that a custom has sprung up lately of calling for proofs, no matter how trivial the job; proofs have been called for even ordinary forms. I need hardly mention the immense amount of trouble and delay these standing forms cause and if kept standing for any length of time the forms are apt to fall to pieces and so necessitate the re-setting, which is a great loss to the compositor, who get no extra pay for these continual corrections.

If an order was passed that all copies must be carefully revised before sending to the Press, only two proofs allowed, and those must be returned within a certain number of days, it would facilitate the working of the Press immensely. At present we have about 400 pages standing matter and about 400 pages current, not taking into account the many draft Reviews, Proceedings, Reports and other small jobs, which take up an enormous amount of type and prevent any other work being pushed on with.

No. 1574-1607—Ed. 38, DATED, BANGALORE, 28TH JULY 1897.

ORDER THEREON.—

* * *

Government are of opinion that no proof need be called for in ordinary cases, and that it may be left to the Superintendent himself to have such proofs examined. In importannt cases, where the department concerned desires the transmission of proofs to it, two copies may be sent by the Superintendent with a request that they may be returned to the Press within a reasonable time, which if necessary, he may himself fix. It is hoped that by this arrangement delays due to the non-return of proofs to the Press within a reasonable time will be avoided.

Proceedings of the Government of Mysore,

READ :—

Correspondence ending with letter No. 839, dated the 29th May 1897, from the Inspector General of Prisons in Mysore, regarding the proposed transfer of the Anthropometric Bureau temporarily from Police Head Office into the Central Jail, Bangalore.

No. 442-51—J. 56, DATED, BANGALORE, 12TH JULY 1897.

ORDER THEREON.—The Inspector General of Prisons suggests that the Bureau should be kept in the Jail until such time as all the prisoners have been measured anthropometrically, but the Inspector General of Police urges that, according to the practice in Madras, the Bureau should be in the Central Police Office, the policemen employed to take measurements visiting the Jails at fixed times for the purpose.

2. On inspection it has been ascertained that the Bureau now consists of three almirahs into which are classified and placed all measurements. It would be inconvenient to remove them to the Central Jail and bring them back to the Police Office. This cannot, moreover, be permitted, as the arrangement already sanctioned is that the Bureau shall be under the Inspector General of Police (*vide* para 2 of letter of the 22nd November 1895 to the First Assistant to the Resident in Mysore, printed in Proceedings of Government No. 4217-26—J. 449, dated 25th September 1896).

3. The Government, in their Order of the 23rd November last, No. 5937-9—J. 694, approved of Mr. Madhava Rao's proposal to send trained men to the Jails and Lock-ups for taking the measurements of the convicts and known depredators. Effect must be given to this order in communication with the Inspector General of Prisons. As regards the Central Jail, there is every facility for the measurements of convicts being taken as there is a separate set of appliances there, and the Chief Jailor, who has had the necessary training in Madras, will also co-operate with, and assist the Police Officer deputed to the Jail for taking the measurements. This work, it is hoped, will be completed in the case of all convicts now in the Central Jail as speedily as possible.

4. The Government regret to learn that, although the required establishment has been sanctioned more than six months ago, about 480 cards only have been prepared up to date.

5. The Government agree with the Inspector General of Prisons that the measurements of the prisoners now in the Central Jail should be taken once for all, and that, as regards fresh admissions, the Police should visit the Jail once a week and take the measurements. Mr. Madhava Rao will, in communication with the Jail authorities, make the necessary arrangements accordingly.

Docket No. 858, dated 25th June 1897, from the District Magistrate of Kadur, submitting for sanction a bill for Rs. 240, being the amount of fees claimed by Mr. Ananda Rao S. Sira, Advocate, Shimoga, for having conducted the prosecution as Special Public Prosecutor in certain dacoity cases before his Court.

No. 499-507—J. 61, DATED, BANGALORE, 12TH JULY 1897.

ORDER THEREON.—Mr. Ananda Rao claims Rs. 48 for receiving instructions from the Assistant Superintendents of Police, Kadur and Shimoga, at Rs. 16 per

day and Rs. 192 for conducting the prosecution on six days at Rs. 32 per day. It is observed that fees are only allowed for conducting cases and not for receiving instructions. The Proceedings of the Chief Commissioner, No. 9717—Judl. 182, dated 4th February 1879, quoted by the District Magistrate in the letter read above, in support of the claim, allow Rs. 16, not for receiving instructions but for giving opinion. The fee payable for each day's attendance in Court for conducting cases, has, by para 2 of Government Proceedings No. 18187-221—J. 1124, dated 20th April 1895, been fixed at Rs. 16 per day. Computed accordingly, the amount payable is only Rs. 16 × 6=Rs. 96. But as Mr. Ananda Rao was appointed Public Prosecutor and had to proceed to Tarikere to conduct the dacoity cases, and as there was an uncertainty as to the duration of the trial, the Government are pleased to sanction the payment to him of Rs. 150, which is the full pay of a Public Prosecutor for one month, together with the usual travelling allowance and batta. The bill is returned for revision and re-submission.

2. The Government take this opportunity of requesting the Deputy Commissioners of districts to inform, previously, Legal Practitioners whose services they may wish to engage (whether Public Prosecutors, Advocates or Pleaders), that they will be allowed only the fees prescribed by the Rules issued by Government.

Memo No. 4169—477, dated 15th June 1897, from the Inspector General of Police in Mysore, forwarding letter No. 513,* dated 6th June 1897, from the Deputy Commissioner, Kadur district, submitting a report on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1897.

*From the Deputy Commissioner, Kadur district, to the Secretary to Government, General and Revenue Departments.

I have the honor to submit the following review on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1897.

2. The subjoined statement exhibits the number of cases reported under the Act with their results before Magistracy during the season:—

No.	Taluks.	Section of the Coffee Stealing Prevention Act.	Cases.					Persons.				Fines
			Reported.	Convicted.	Acquitted.	Pending.		Prosecuted.	Convicted.	Acquitted.	Pending.	
						Police.	Magistrate.					Rs.

2	Mudgere	...	...	...	..	...	..	...	...	...	...	...

	Ditto 1896 ...	...	56	44	2	...	10	55	45	...	9	528

3. It will be observed from the above that only 12 cases involving 13 persons were reported in a single taluk against so many as 56 cases in the previous season. The sudden fall in the number of cases is accounted for by the fact that with the commencement of the coffee picking season the vigilance of the police in all parts of the district and especially in the malnad, increased owing to an outbreak of dacoities and the measures adopted to repress them, *viz.*, watching of the arrack and toddy shops; patrolling the roads and guarding the passes etc., tended to minimise the chances of infringing the provisions of the Coffee Stealing Prevention Act.

4. The opening of the new outposts in the coffee tracts with the additional strength of police sanctioned in Government Proceedings No. 1494-503—J. 152, dated 28th July 1896, and the employment of two daffadars and ten constables, specially on preventive work in the taluks of Chikmagalur and Koppa during the coffee season, also account for this perceptible decrease in the number of cases reported under the Act.

5. The decrease in the number of cases dealt with under the provisions of the Indian Penal Code is not, however, so perceptible as may be seen from the following table:—

No.	Taluks.	Sections of the Indian Penal Code.	Cases.							Persons.				Fines.
			Reported.	Convicted.	Acquitted.	Refused.	Struck off as B reports.	Pending. Police.	Pending. Magistrate.	Prosecuted.	Convicted.	Acquitted.	Pending.

	Ditto 1896...	...	29	15	4	2	6	...	2	33	19	13	2	...

6. It will be observed from the above that 28 cases against 29 in the previous season were investigated by the police and conviction secured in 13 cases involving 19 persons against 15 cases with the same number of persons in the previous season. Twenty persons were placed before the Magistracy against 30 and the number convicted was the same, *viz.*, 19 in both the seasons.

7. These results as also those of operations under the Coffee Stealing Prevention Act are it will be observed, satisfactory.

8. The necessity to employ police agency to guard their crop during the season, was not so much felt by the planters during the season under report, as it was during the past season, owing to the establishment of the special outposts in the midst of coffee tracts at convenient centres so as to facilitate the beating of almost all the surrounding estates. Only five of the larger estates situated out of the reach of the special outposts, found it necessary to employ some men at their own cost for a short period.

9. These were the Segehalli Estate in the Mudgere taluk, where Mr. Hamilton availed himself of the services of one constable, the Belgode and the Bandara Estates (Koppa taluk) where four men were taken on by Mr. Brett, and two others in the Chikmagalur taluk which employed two men.

10. The provisions of the Coffee Stealing Prevention Act regarding the inspection of books maintained by dealers in coffee were more regularly and rigidly enforced in the taluks of Koppa and Chikmagalur than it was in the others. The books examined represented correct accounts of the transactions of their keepers.

11. There was no reason to apprehend barter of coffee in the arrack or grog shops for reasons already stated. Thirty-eight such shops were, however, watched and inspected in the Koppa and Chikmagalur taluks, but neither bartering nor sale of stolen coffee was detected

12. The offer of rewards to Police Officers by planters interested or by the Magistracy, which was made in too indiscriminate a form, was discouraged during the season for the reason that such offers would stimulate false detections and oppression, and no rewards were therefore awarded during the season.

No. 1179-80—J. 122, DATED, BANGALORE, 21ST JULY 1897.

ORDER THEREON.—The results reported in the foregoing letter are satisfactory.

2. The Government agree in the remarks made by the Deputy Commissioner in para 12 that the indiscriminate offer of rewards is injurious and should be discouraged as far as possible.

Letter No. 200-31, dated 19th July 1897, from the Inspector General of Police in Mysore, forwarding the subjoined report of the Deputy Commissioner, Hassan district, on the working of the Coffee Stealing Prevention Act in that district for the season ending 31st March 1896

With reference to your docket No. 39-2, dated 5th instant, I have the honor to submit a review on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1896.

Most of the cases reported under the Act during the year 1895-96 were in the Belur taluk.

The subjoined statement exhibits the number of cases prosecuted by the police with their results before the Magistracy as compared with the year previous:—

Cases						Persons.						Amount of fine.	
Reported.		Convicted.		Acquitted.		Prosecuted.		Convicted.		Acquitted.			
1894-95.	1895-96	1894-95.	1895-96	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895 96.	1894-95.	1895-96.	1894-95.	1895-96.
31	31	27	32	4	...	32	32	28	32	4	...	162	801
Pending	1/2												

It will be seen from the above that during the year under review 31 cases involving 32 persons against the same number in the year previous were registered by the police, and one case was pending before the Magistrate at the close of 1895. Convictions were secured in all the 32 cases.

Fine aggregating Rs. 801 against 162 was inflicted.

So far as the above result goes it shows that the Act was more efficiently enforced during the year than in the previous years.

As a preventive measure a jamadar and a dafadar were specially deputed to the Belur and Manjarabad talukas, respectively, during the picking season. For the satisfactory result shown by the police, the South Mysore Planters' Association rewarded the jamadar in a sum of Rs. 50.

The review under reference does not seem to have been submitted (earlier) under the impression that the submission of the comparative statement showing the results of police action for 1894-95 and 1895-96, called for by the Inspector General, with this Office docket No. 25, dated 1st July 1896, was sufficient.

No. 1727-28—J. 178, DATED, BANGALORE, 31ST JULY 1897.

ORDER THEREON.—Recorded with the observation that the results reported in the Deputy Commissioner's letter are satisfactory.

2. The attention of the Deputy Commissioner is drawn to para 2 of Government Order No. 1179-80-112, dated the 21st instant, in regard to granting rewards to Police Officers for detection of crime.

The Deputy Commissioner of Hassan,

READ:—

Letter No. 6453—258, dated 28th June 1897, from the Registrar of the Chief Court of Mysore to the Secretary to the Government of Mysore.

With reference to the Official Memorandum No. 13573—J. 1534, dated 19th instant, drawing attention to Subject No. 7 of the Dasara Representative Assembly Proceedings of 1896 (Minimum fees of Advocates) and requesting the views of the Judges thereon, I am directed to state that the Rule of Practice which is now in force regulating the fees to be allowed to Advocates and Pleaders conducting suits in Civil Courts was framed in 1879 by the then Judicial Commissioner, and the reasons which induced him to make a distinction in the scale of fees to Advocates and Pleaders of the 1st and 2nd Grade are not quite apparent. Perhaps the Judicial Commissioner had in view, when he provided for varying scale of fees, that an Advocate would practice in the Chief Court, and a 1st Grade Pleader in a District or Sub-Judge's Court, and that only in exceptional cases would an Advocate or 1st Grade Pleader appear in a Munsiff's Court. But as what might have been regarded as an exceptional state of things has now become the rule, the Judges think that a different rule may, with advantage, be introduced, doing away with the differentiation of fees according to the grade of practitioners employed, and regulating the difference in the amount of costs according to the Court in which the suit is maintainable. The rules have accordingly been altered, and a Rule of Practice in supersession of those now in force is proposed to be issued, a draft of which is herein enclosed for sanction of Government. It may be hoped that the hardships complained of by the litigant public will be removed by the change now proposed.

2. I am to add that the suggestions contained in this Office letter No. 1719—80, dated 13th October 1893, in regard to the fees allowable in Small Cause cases have been incorporated in the above draft rule.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

CIVIL SIDE.

Rule of Practice No. , *dated August* 1897.

The following rules for regulating the fees payable in respect of an adversary's Advocate or Pleader in the Chief Court of Mysore and in the Civil Courts subordinate thereto, framed under Section 22 of the Mysore Legal Practitioners' Regulation III of 1884 are issued with the sanction of Government, in supersession of the rules contained in Civil Rules of Practice Nos. 20 and 23, dated 23rd July and 19th September 1879, respectively.

1. The sums to be entered in the decrees of the Courts under the denomination of costs, as payable on account of fees of Advocates and Pleaders, shall, unless the Court declare otherwise in its Judgment, be calculated at the following rates :—

2. On account of Plaintiff's Advocate or Pleader, if the amount or value of the property, debt or damages decreed, shall not exceed Rs. 5,000, at 5 per cent on the amount or value decreed.

3. If the amount or value shall exceed Rs. 5,000 and not exceed Rs. 20,000, on Rs. 5,000, at 5 per cent, and on the remainder at 2 per cent.

4. If the amount or value shall exceed Rs. 20,000 and not exceed Rs. 50,000, on Rs. 20,000 as above, and on the remainder at 1 per cent.

5. If the amount or value shall exceed Rs. 50,000 on Rs. 50,000, as above, and on the remainder at ½ per cent.

Provided that—

(*a*) In no case shall the amount of any fee in a suit in the Chief Court exceed Rs. 3,000, or in a suit in the District Judge's Court exceed Rs. 1,000.

(*b*) In cases undefended, one-half only of the fee calculated at the above rates shall be allowed.

6. On account of Defendant's Advocate or Pleader, the same rates as those specified above shall be allowed; but the calculation shall be, where the suit is dismissed, on the amount at which the suit is valued in the plaint; or where the suit is partly decreed, on the difference between the amount decreed and the amount of valuation.

7. The valuation of suits shall be determined according to the rules laid down in the Court Fees Act.

8. If in the opinion of the Court the questions in issue in any case are such that the labor or skill of the Advocate or Pleader would be inadequately remunerated by a fee calculated on the above scale, and also in suits where it is not possible to estimate at a money value the subject matter in dispute, and in Miscellaneous and Insolvency Proceedings, the Court may, for reasons to be recorded in its Judgment, award—

	Rs.
In a suit in the Chief Court, any sum not exceeding	160
In the District or Sub-Judge's Court	50
In the Munsiff's Court	25

9. Unless the Court declare otherwise in its Judgment the amount to be allowed on account of Advocate's and Pleader's fees in Courts of Small Causes, or in cases of a nature cognizable by a Court of Small Causes, shall be—

In suits not exceeding Rs.	20	in value, Rs.	2
Ditto	50	do „	3
Ditto	100	do „	5

10. When the hearing of a suit is adjourned under Section 156 of the Code of Civil Procedure, the Court may include among the costs occasioned by such adjournment, to be paid by the party applying for time, Advocate's or Pleader's fees at the following scale :—

Any sum not exceeding (except for special reasons which shall be recorded)

	Rs.
In a suit in the Chief Court	32
Ditto District or Sub-Judge's Court	10
Ditto Munsiff's Court	4

11. In a case where there are several defendants, not more than one Advocate's or Pleader's fee shall be allowed, except in respect of a separate defence set up by a defendant who has a separate interest

12. The amount to be allowed on account of Advocate's and Pleader's fees in appeals, shall be calculated on the same scale as in original suits, and the principles of the above rules as to original suits shall be applied as nearly as may be to appeals.

No. 1726—J. 177, DATED, BANGALORE, 31ST JULY 1897.

ORDER THEREON.—**The Government are pleased to accord sanction to the draft Rule of Practice received with the letter read above.**

To—The Registrar of the Chief Court of Mysore.

READ:—

Report on the Administration of Civil Justice in the Province of Mysore for the year 1895-96, submitted with letter from the Registrar of the Chief Court, No. 2956—133, dated 16th November 1896, and received in the Secretariat on 26th idem.

No. 1708½—J. 174½, DATED, BANGALORE, 30TH JULY 1897.

ORDER THEREON.—There was no change either in the number of the Civil Courts or in their territorial or pecuniary jurisdiction. A Special Judicial Officer was appointed temporarily, for eight months, to dispose of certain claims preferred under the Land Acquisition Regulation and he was also invested with the powers of a Subordinate Judge.

2. There has been a marked increase in the litigation of the year under report, the number of suits filed being 23,161, which exceeded the average of the five previous years by 4,104 suits as shown below :—

Year.	No. instituted.
1890	18,085
1891	18,042
1892-93	20,042
1893-94	19,275
1894-95	19,861
Average ...	19,057
1895-96	23,161

3. It is to be noted that more than 78 per cent of the original litigation was in the Munsiffs' Courts and 48 per cent of the suits instituted were small causes, of which 9,805, or 42·33 per cent, were for sums below Rs. 50 and 1,314 or 5·67 per cent, for sums not exceeding Rs. 100. Deducting small causes there were 12,042 regular suits, of which 11,713, or 97·26 per cent, were on the files of Munsiffs, 181, or 1·50 per cent, in the Courts of Sub-Judges and 148, or 1·22 per cent, in those of District Judges.

4. The bulk of cases instituted was, as usual, of small monetary value; in only 755 cases did the amount in dispute exceed Rs. 500, while 17,107 were for sums below Rs. 100 and 4,937 were for sums exceeding Rs. 100 and not exceeding Rs. 500. There were 362 suits, the value of which could not be estimated in money. Only 6·28 per cent of the suits related to real property. It may be here remarked, that, although there was a considerable increase in the number of suits instituted, the aggregate value of the subject matters of litigation had fallen from Rs. 33,33,653-12-8 to Rs. 32,38,528-3-7 and the average value from Rs. 167-8-6 to Rs. 139-13-2.

5. Of the 28,101 suits on the file of the different Courts (including 4,940 suits pending from the last year) 21,674 were disposed of. Only 4,996 suits, or 23 per cent, were contested and the rest disposed of without contest. In the previous year, the proportion of contested cases was larger, being more than 25 per cent. The number of suits that remained undisposed of, at the close of the year, was 6,427 as against 4,950 of previous year.

6. The statistics relating to pendency and average duration of suits compare somewhat unfavorably with those of the previous year. The total average for all the Courts was 151·84 for contested and 75·78 for uncontested cases, as against 106·94 and 67·60, respectively, of the previous year. In contested cases the Munsiffs' Courts in Nagar Division show a large increase from 91·99 to 142·98 and those in Ashtagram Division from 86·13 to 107·61. The number of suits pending for more than three months has risen from 1,939 to 2,627. The pending file was heavier than that of the previous year in each class of Courts. In this connection it may be noted that, in the Munsiffs' and District Judges' Courts, the want of promptness in the examination of witnesses has somewhat delayed the disposal of business. No less than 843 witnesses were detained for three days and 150 for four days as against 806 and 47, respectively, of the previous year. Neither

the report nor the returns afford information as to the longest period during which any case had been on the file at the close of the year. This may be noted in future reports.

7. The average value of suits disposed of was Rs. 148-4-4 and the average cost to suitors in each suit Rs. 19-14-7, as against Rs. 123-3-5 and Rs. 19-4-10 respectively. This slight increase calls for no special remark.

8. There were 27,098 applications for execution, or 3,605 more than in 1894-95; but the action of the Courts does not appear to have been more effectual than in the previous year in the recovery of the sums due to the judgment-debtors. The amount realized, with the issue of process, was Rs. 3,29,260, and, without the issue of process, Rs. 60,165, as against Rs. 3,82,961 and 67,658 of the previous year. The number of applications that remained pending for more than three months was 827 as against 405 of the previous year.

9. Out of 612 cases, in which process was issued for the arrest of judgment debtors, there were 119 applications for the benefit of insolvency, of which 30 were granted, 40 rejected and 49 pending at the close of the year. It is satisfactory to note that in none of the cases rejected was it found necessary to take penal proceedings against applicants, under Section 359, Civil Procedure Code.

10. The statement of miscellaneous original cases disposed of shows no great variations; 10,800 cases were disposed of as against 10,587 of the previous year, but the number pending was large, being 1,009 as against 802 in the preceding year.

11. Turning from original to appellate business it appears, from paras 10 and 105 of the report, that there was a decrease of 431 appeals in the number filed during the year as compared with the figures of the previous year. Out of 3,280 appealable cases disposed of with contest the number of appeals actually preferred was 955, or 29·11 per cent; of these 302 were filed in the Chief Court and 653 in the lower Appellate Courts. Adding to this the 817 appeals that were pending at the beginning of the year, the aggregate number of appeals for disposal was 1,772, of which 783 were disposed of as shown hereunder:—

By the Chief Court	287
By District Judge of Nundydroog	42
Ditto of Ashtagram	215
Ditto of Nagar	132
By Subordinate Judge of Mysore	107

as against 1,001 of the previous year.

12. In 532 cases the decrees of the lower Courts were confirmed, in 193 cases they were either modified or reversed and in 58 cases they were remanded for re-investigation or additional evidence. The results of the appeals were much the same as in the previous year. The percentage of confirmations to the total number disposed of was 67·94 per cent, that of modifications and reversals 24·64 per cent, and that of remands 7·40 per cent.

13. The value of the 653 appeals filed in the District Courts was Rs. 1,33,978-3-4 and that of the 302 appeals instituted in the Chief Court was Rs. 7,75,644, amounting in all to Rs. 9,09,622-3-4. There was one appeal in the Chief Court the amount involved in which was nearly 7 lakhs. The other appeals were all for sums below Rs. 10,000, the average value being only Rs. 952-7-9.

14. Although the number of first appeals disposed of by the Courts subordinate to the Chief Court was small, being only 496 as against 714 of the previous year the average duration was unusually high. In the Chief Court it was 216·23 against 204·80, in the Nundydroog District Court 407·41 against 105·18, in the Nagar District Court 369·10 against 215·40, in the Ashtagram District Court 234.35 against 142·07, and in the Mysore Sub-Court 232·68 against 108·40 of the previous year.

15. The pending file was also heavy at the close of the year. The number of appeals that remained undisposed of was 249 in the Chief Court and 740 in the lower Appellate Courts as against 234 and 577, respectively, of the previous year.

16. Owing to the small number of first appeals disposed of by the District Courts, there was a diminution in the number of second appeals instituted in the Chief Court which fell from 175 to 143. Including 112 pending from 1894-95 there were for disposal 255 second appeals against 260 of the previous year, of which 142 were disposed of, leaving 113 pending.

17. The returns relating to the miscellaneous business of the Courts, in the exercise of their appellate jurisdiction, show that 151 cases were disposed of as against 174 of the previous year, 64 by the Chief Court and 87 by the lower Appellate Courts.

18. The total receipts from court fees and process fees amounted to Rs. 4,75,123-9-7 and the total charges of establishment to Rs. 4,02,076-13-1 leaving a surplus of Rs. 73,046-12-6 as shown below:—

L. B. B.—LOCAL FUNDS.

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS :—

Report on the Administration of the Local Fund Circle, Shimoga, for the year 1895-96 and its enclosures.

No. 289-98—L. F. 96-96, DATED, BANGALORE, 8TH JULY 1897.

ORDER THEREON.—The report of the President of the Shimoga Local Fund Board, is dated 12th December 1896, *i. e.*, nearly 2½ months after the expiry of the due date. In future the report should be forwarded by the 30th of September of every year.

2. The District Fund Board was composed of thirteen official and seven non-official members and presided over by the Deputy Commissioner. The Inamdar member died, and a fresh nomination was made to fill up the vacancy.

3. There were four meetings of the Board. The attendance of non-official members showed a slight improvement over that of the previous year; while that of the ex-officio members remained almost stationary.

4. The following tabular statement exhibits the main heads of income and expenditure during the years 1894-95 and 1895-96 :—

5. There was a net decrease of Rs. 34,526 in the income, but this is nominal as in the previous year Rs. 34,000 was contributed by the Local Funds General to the District Funds for the Channagiri system of roads. The increase and decrease in the other items are small and call for no remark.

6. The increase in the outlay on public works executed by the Public Works Department was Rs. 3,623 over that of the previous year and Rs. 5,124 over the budget grant, and this occurred mostly on original works. The authority under which the budget grant was exceeded should have been explained. The railway feeder from Solekere to Sasalu, the road between Solekere and Malebennur, and the Channagiri-Honnali road were completed during the year, as also the construction of four bridges over the Koppa-Tirthahalli road. Four hundred and sixty-nine (469) miles of roads were repaired and all the principal roads are reported to be in a fair condition.

7. The budget grant on account of Civil charges was Rs. 15,738 and the actual expenditure Rs. 13,356 against Rs. 11,941, in the previous year. The expenditure under the heads "Establishment," "Medical scholarships," "Hospitals and Dispensaries" and "Vaccination" showed a small decrease. Contributions fell from Rs. 1,852 to Rs. 66. Expenditure increased under all other heads. On "Conservancy charges" and "Destroying cover for snakes" Rs. 1,400 and Rs. 364 were expended, respectively, in 1895-96, while in 1894-95 no expenditure was incurred. Two more midwives were employed, and the charges under this head showed an increase of Rs. 22. The increase of Rs. 247, under the head "Sweepers for 3rd class travellers' bangalos and musafirkhanas" is attributed to the order of Government transferring the whole cost of the establishment to the District Funds. Four cattle pounds were constructed at a cost of Rs. 281. The increase under the heads, "Commission to pound-keepers" and "Cost of feeding impounded cattle" was due to an increase in the number of cattle impounded and the payment of arrears of commission due to the pound-keepers.

8. The number of out-door patients treated rose from 49,990 in 1894-95 to 53,384 in 1895-96 and that of in-door patients from 22 to 27. Two in-patients' wards were completed during the year. The number of major and minor operations performed and of *post mortem* examinations held was 21, 1,066 and 30 against 29, 967 and 28, respectively, in the year 1894-95. There were eight midwives against six in the previous year, and the total number of labor cases attended by them was 393, of which 393 were natural and 90 difficult. The midwife at Sagar attended 82 cases, while the one at Sorab attended only 22. The Government are glad to have the assurance of the President that the prejudice of caste Hindus against utilizing the services of trained midwives is gradually disappearing.

9. There was a fall in the number of persons vaccinated, but it is satisfactory to note that the percentage of successful operations increased. Only 1¼ percentage of the population was vaccinated and there is, therefore, ample scope for making strenuous efforts in the direction of furthering the work of vaccination. The changes among Vaccinators and the insufficient supply of lymph, referred to in para 47 of the report, are a matter for investigation and needful action by the Senior Surgeon. The number of operations performed by the Hospital Assistants amounted to 355 against 268 in the previous year and the percentage of successful cases to 94 against 87 in the previous year.

10. Thirty-eight 3rd class bangalos and musafirkhanas in the district were maintained by the Local Fund Board. The total cost increased from Rs. 2,950 to Rs. 3,203 and the fees collected from Rs. 93 to Rs. 140.

11. The number of births in rural parts increased from 9,626 to 10,072, and the number of deaths decreased from 9,675 to 7,756.

12. The report is full and clear, and the administration of Local Fund continued to be satisfactory.

READ :—

Letter No. 1323—1118, dated 10th June 1897, from the President of the District Fund Board of Shimoga, submitting the marginally noted statements shewing the details of works to be undertaken out of the lump sum provisions made in the District Fund Budget of Shimoga for 1897-98 under the heads "B. Public Works to be executed by Revenue Department, 'I Original Works' and 'C. Civil charges', 'VI Conservancy and Sanitary charges'."

1. Statement shewing the details of original works to be executed by Revenue Department during 1897-98 at a cost of Rs. 4,000
2. Statement of works to be carried out under the head VI Conservancy and Sanitary charges at a cost of Rs. 3,000

Total 7,000

No. 268-9—L. F. 359-96, DATED, BANGALORE, 8TH JULY 1897.

ORDER THEREON.—The details of works proposed to be undertaken are approved, with the observation that the provision of Rs. 400 entered under "Conservancy charges" as reserve grant for urgent works in the Shimoga taluk will be reduced to Rs 388, so as to make the total cost of Conservancy charges conform to the amount (Rs. 2,988) sanctioned in the budget for 1897-98 (*vide* Government Proceedings No. 11641-52—L. F. 259-96, dated 26th April 1897).

EAD :—

Report on the Administration of the District Funds of the Kolar Local Fund Circle for the ear 1895-96, received with the President's letter No. 2336—575, dated 13th December 1896.

No. 409-18—L. F. 96-96, DATED, BANGALORE, 10TH JULY 1897.

ORDER THEREON.—The receipts from the various sources of revenue for the ast two official years are as shown below :—

Items.	1894-95.	1895-96.	Difference.
Seventy-six per cent of local cess on land revenue ..	71,475	72,986	+1,511
Sale of stray cattle	561	514	—47
Fines for cattle trespass	4,038	3,886	—152
Fees from 3rd class travellers' bangalos	118	150	+32
Private contributions	148	263	+120
Miscellaneous	973	315	—658
Total ...	77,313	78,119	+806

The increase under "Local Cess" is attributed to larger collections of land revenue, and the decrease under "Miscellaneous" to Amildar's imprests not having been re-credited to the Treasury as was erroneously done in the previous year. The other items, which do not exhibit any great variations, call for no special remarks.

Including a large opening balance of Rs. 1,13,826, the total assets of the Local Fund Board amounted to Rs. 1,91,945.

2. The following table shows the various heads of expenditure :—

Items.	Original Works.	Miscellaneous Public Improvements.	Repairs, communications.	Miscellaneous Public Improvements.	Establishment.	Tools and plant.	Reserve.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
A. Public Works executed by P. W. D.	5,801	80	28,069	129	5,964	360	...	40,403
B. Do executed by Revenue Officers.	Details not given							16,829
Civil Charges	...	..	...	..	...	...	...	16,615

Of the amount spent by the Department of Public Works, the amount utilized towards Establishment charges was 17·5 of the outlay on Works, both original and repairs. Sixty-seven works were taken in hand, of which 44 were com-

pleted and 23 remained incomplete. The largest item of expenditure was on account of repairs of communications.

The temporary establishment employed to supervise the works carried out by Revenue Officers cost 10 per cent of the total expenditure on the same. There was a large lapse of Rs. 19,710, owing to the postponement of the construction of certain musafirkhanas, pending revision of the estimates according to the standard plans and designs recently sanctioned by Government.

Under "Civil Charges" again, there was a lapse of budget grants to the extent of Rs. 9,279. This was due chiefly to the fact that no expenditure was incurred out of the provision of Rs. 2,000 made for cholera charges and that the provisions made for the conservancy and sanitation of rural parts could not be fully utilized; and partly also to a saving of the contribution provided on account of the Civil Hospital at Kolar, the entire cost of which was transferred to Provincial Funds. The variations under the several detailed sub-heads of Civil Charges do not call for special remark, but it may be noted that the large sum of Rs. 1,739 was expended during the year in removing prickly-pear.

3. There were eleven dispensaries in the district maintained from District Funds, the cost of the Civil Hospital at Kolar having, as observed above, been transferred to Provincial Funds.

The number of patients treated was 64,271, of whom 95 were in-patients; the figures for the previous year were 56,351 and 89, respectively.

4. Including two newly entertained, there were nine midwives in the district, and two pupils were selected for training in the Lying-in-Hospital at Madras. The number of labor cases attended by the midwives in the several taluks was 560, of which four cases (·7 per cent) resulted in death.

5. The statement of vaccine operations submitted by the Deputy Commissioner does not give particulars for 1894-95, nor does the total of cases therein given correspond with the total given in para 30 of the Report. Such defects will, it is hoped, be avoided in future reports.

6. There were 6,707 deaths against 5,986 in the previous year; and 8,962 births against 11,158. The increase in the number of deaths was chiefly due to cholera, small-pox, fevers and accidents.

7. Three meetings of the Local Fund Board were held during the year, being one less than in the previous year. The number of meetings attended by each member, on an average, also shows a decrease, being 2·28 against 3·07 in the case of ex-officio, and 1·6 against 2·2 in that of nominated, members.

Report on the Administration of the District and Local Funds of the Bangalore district for the year 1895-96 and its enclosures.

No. 474-84—L. F. 96-96, DATED, BANGALORE, 12TH JULY 1897.

ORDER THEREON.—The report read above was not submitted till nearly three months after due date. Such delays should be avoided in future.

2. The Board was composed of thirteen *ex-officio* and seven non-official members besides the Deputy Commissioner who was President of the Board.

3. The Board held four meetings and the attendance was on the whole better than in the previous year.

4. The total receipts (inclusive of the opening balance of Rs. 36,670-11-11 and an imprest of Rs. 3,202-13-8 in the hands of Amildars) amounted to Rs. 1,12,698, and the expenditure to Rs. 75,771. The corresponding figures for the previous year were Rs. 1,18,866 and Rs. 78,992.

5. The following statement shows the main heads of receipts and expenditure for the years 1894-95 and 1895-96 :—

*The imprest at the close of the year was 2,700 and at the beginning of the year Rs. 3,203. So Rs. 503 to be added to the closing balance.

6. Notwithstanding an increase under "Land cess," "Fines," "Private contributions" and "Sale of manure," there was a net decrease of Rs. 1,151 when compared with the actual receipts of the previous year, chiefly due to the large decrease under "Other items."

7. The decrease in expenditure was due mainly to savings effected under ivil Charges," and to the non-appropriation in full of the sums allotted for pub- works.

8. Rupees 53,070 were spent during the year against Rs. 52,394 in 1894-95 public works by the Public Works Department. The Closepet-Magadi road d the Channapatna-Satnur road were completed.

9. Out of the budget grant of Rs. 17,412 for public works to be executed the Revenue Department, there was a lapse of such a large sum as Rs 6,938, hile the cost of establishment was as high as 31·3 per cent of the money spent upon orks. This cannot be regarded as satisfactory. Rupees 8,997 was appropriated r incomplete works. Sums sanctioned for "Conservancy charges" and the "Con- ruction of cattle-pounds" have been mixed up in paragraph 12 with the budget rant for public works carried out by the Revenue Department. The said two ems come under "Civil charges" and should in future be dealt with accordingly.

10. A sum of Rs. 12,227 was expended under "Civil charges" against s. 14,890 in the previous year. The variations should have been accounted for.

11. There was an appreciable increase in the number of patients treated hich rose from 60,956 in 1894-95 to 71,849 in the year under review. The cost f hospitals and dispensaries is put down as Rs. 2,749-11-5 in the statement print- d on page 3 of the report, while in Form C (Appendix) page 8, the cost incurred rom District Funds is stated to be Rs. 2,264-11-2. The discrepancy should be xplained.

12. Rupees 1,532 were spent on village sanitation out of the total grant of Rs. 1,900.

13. The number vaccinated rose from 12,254 to 14,218, of which 11,809 were successful. There was a large increase of 384 in the number of deaths from sm all-pox.

14. The number of deaths decreased from 6,325 in 1894-95 to 6,157 in 1895-96, and that of births from 11,075 to 9,065.

Report on the Administration of the District Funds of the Hassan Local Fund Circle for the year 1895-96, received with the President's letter No. 440, dated 19th November 1896.

No. 639-49—L. F. 96-96, DATED, BANGALORE, 14TH JULY 1897.

ORDER THEREON.—The following table shows the receipts for the last two years under the various sources :—

Items.	1894-95.	1895-96.	Difference.
	Rs.	Rs.	Rs.
Seventy-six per cent of Local Cess on land revenue	59,356	60,111	755
Sale of stray cattle	2,246	2,429	183
Fines for cattle trespass	11,226	9,600	—1,626
Ferry collections	3,894	4,430	536
Fees from travellers' bangalos ...	43	45	2
Contributions	...	1,129	1,129
Miscellaneous	842	206	—636
Refund of Belur bridge expenditure ...	...	48,272	48,272
Total ...	77,607	1,26,222	+48,615
Opening Balance ...	76,020	86,730	+10,710
Grand Total ...	1,53,627	2,12,952	+59,325

The increase under "Local Cess" is attributed to increased land revenue ; and that under "Ferry collections" to the realization of arrears. The amount under "Contributions" was partly paid from Municipal Funds towards the construction of a musafirkhana at Alur, and partly by raiyats for well works. The main cause of the increase under "Receipts" is the re-credit to District Funds of the expenditure on the Belur bridge under orders of Government. The other items are of a fluctuating character and call for no remark.

The expenditure under the three main heads for 1895-96 is given below :—

A. Public Works executed by the Public Works Department—

	Rs.
(1) Original Works	28,858
(2) Repairs	31,573
(3) Establishment	10,575
(4) Tools and plant	756
Total A ...	71,762

B. Public Works executed by Revenue Officers—

	Rs.
(1) Original works	8,974
(2) Repairs	1,940
(3) Establishment	730
Total B ...	11,644

C. Civil Charges 13,241

The percentage of establishment charges on works executed by Revenue Officers was 5·66, and that on works executed by Public Works Department was 17·48. During the year, a grant of Rs. 4,461 was made from Local Funds General for completing certain incomplete works of the previous year; of this only Rs. 2,249 were expended, and the balance lapsed.

Though there were slight increases in some of the items of Civil Charges, due chiefly to the entertainment of four additional midwives, construction of additional pounds, payment of arrears of commission to pound-keepers, and expenditure for

ushes and thickets, yet there was on the whole a large decrease, r to decreases in the cost of feeding impounded cattle and in the ota of contribution towards cost of medical buildings and to the outlay under "conservancy and sanitary charges for drinking ' has been included under "Works executed by Revenue Officers."

the Hospital at hassan town, there were ten medical institutions ; which 65,753 patients (including 160 in-patients) were treated, nd 144 in-patients) in the year previous.

nber of midwives was increased from four to eight, so that there taluk and sub-taluk.

nber of cases vaccinated was 15,092 or 2,718 more than in the Of these, 14,493 were cases of primary vaccination and 599 of ıth 95·34 and 73·12 of successes.

l number of deaths during the year rose from 6,836 to 7,866, g chiefly due to fevers and bowel-complaints, and that of births o 6,802. The largest death rate was in the malnad taluks of jarabad, and indicates the necessity of more active sanitary e taluks.

etings were held during the year, the same as in 1894-95; the ıce of members, however, showed an improvement, being 3·4 ase of *ex-officio*, and 2·4 against 2·1 in the case of non-official

Report on the Administration of the District Funds of the Kadur Local Fund circle for the year 1895-96 received with the President's letter No. 255, dated 7th October 1896.

ALSO :—

Letter No. 710, dated 29th April 1897 from the same Officer explaining certain discrepancies in figures.

No. 650-60—L. F. 96-96, DATED, BANGALORE, 14TH JULY 1897.

ORDER THEREON.—It is observed that the present report is deficient in detailed statistics for the year 1894-95, without which no effective comparison is possible; and that in future reports the statements of receipts and expenditure should also show the corresponding figures for the year previous.

2. The following table exhibits the various sources of income and the receipts thereunder of the Kadur Local Fund circle during the year 1895-96 :—

Items.	1895-96.	Variation from amount for 1894-95.
Seventy-six per cent of local cess on land revenue	47,322	+ 1,285
Sale of stray cattle	416	+ 205
Fines from cattle trespass	4,995	
Ferry collections	1,216	— 39
Fees from travellers' bangalos	368	+ 217
Private contributions	2,969	...
Miscellaneous	104	...
Total receipts ...	57,390	...
Opening balance including imprests ...	14,873	...
Total ...	72,263	...

The increase under "Local cess" is due to the steady increase under "Land revenue", and that under "Cattle fines and sales" to the opening of two additional pounds. The increase under "Bangalo fees" was chiefly contributed by the bangalos at Kalhatti and in the Koppa and Tarikere taluks; while the slight falling off under "Ferry collections" is explained as being due to the fluctuating nature of the item. The amount under "Private contributions" includes $\frac{3}{4}$ths of the cost of the dispensary at Sringeri borne by the Matt, and that of the Sollebail dispensary contributed by planters.

3. The expenditure for 1895-96 under the three main heads was as follows :-

Heads.	Items.	1895-96.
		Rs.
A	Public Works executed by the D. P. W.—	
	I Original works	2,297
	II Repairs, communications	29,312
	III Establishment	5,532
	IV Tools and plant	167
	Total ...	37,308
B	Public Works executed by the Revenue Department—	
	I Original works, wells, cattle-pounds, &c.	1,828
	II Repairs (roads, musafirkhanas, &c.)	555
	III Establishments	20
	Total ...	2,403
C	Civil charges	15,982
	Total A, B and C ...	55,693

The establishment charges amounted to about ·8 per cent of the cost of works executed by the Revenue Department and to 17½ per cent of the cost of works undertaken by the Public Works Department.

4. Out of a grant of Rs. 8,679 sanctioned from Local Funds General for the completion of incomplete works of previous years, Rs. 5,928 were for works undertaken in the Revenue Department; of this, however, a little more than half lapsed, the Amildars, who supervised the works, having had to wait for the close of the heavy monsoons which continued till sometime after the close of the official year. As to a second grant of Rs. 7,112 sanctioned for the construction of tunnels, the report does not show what portion of the amount has been utilized by the Public Works Department.

5. Including the one newly opened at Sringeri, there were 12 dispensaries in the district, at which 59,278 patients (including 214 in-patients) were treated as against 48,806 (including 111 in-patients) in the year previous.

6. There were six midwives, one for each taluk and sub-taluk. They attended 378 cases during the year against 206 in 1894-95.

7. The total number of deaths was 3,509 or 1,301 less than in the previous year, chiefly under fevers, bowel-complaints, cholera and small-pox. The number of births also fell from 5,587 to 4,289.

8. Though the number of meetings held remained the same, *viz.*, four, there has been a slight falling off in the average attendance of members, which was 3·1 against 3·2 for ex-officio, and 2·6 against 2·7 for non-official members.

5. Under "Receipts" there was an increase, and this occurred chiefly under the heads "Land revenue," "Fines for cattle trespass" and "Miscellaneous." The revenue derived from the sale of stray cattle and that under other heads showed a decrease.

6. The expenditure increased by Rs. 4,876, and the bulk of it amounting to Rs. 3,990 occurred in the outlay on public works executed by the Public Works Department. Several roads and musafirkhanas were completed during the year.

7. Rupees 4,252 were spent on hospitals and dispensaries against Rs. 4,691 in the previous year.

8. There were ten midwives against eight in the previous year, and the total number of cases dealt with by them was 295, of which 272 were successful.

9. Of the budget grant of Rs. 3,125 on account of conservancy and sanitation, the amount actually spent was only Rs. 1,135. In future, the full amount sanctioned should, if possible, be spent within the year.

10. The number of persons vaccinated amounted to 11,364 against 12,127 in the previous year, and the number of successful cases was 10,801 or 95·04 per cent.

11. The results obtained from the maintenance of the two Amrut Mahal bulls, one of which died before the close of the year, were on the whole satisfactory.

12. The number of births and deaths was 10,376 and 6,471, respectively. The corresponding figures for the previous year were 12,879 and 6,692.

13. Three additional musafirkhanas were established, while the number of travellers' bangalos was the same as in the previous year, *viz.*, 14. The cost incurred on them was Rs. 1,890 against Rs. 2,304 in 1894-95, and the amount of fees collected was Rs. 74 against Rs. 83.

Letter No. 2774, dated 28th June 1897, from the Chief Engineer in Mysore, stating, with reference to para 5 of Government Proceedings No. 11330-4—L. F. 258-96, dated 17th April 1897, that establishment charges are usually calculated on the total budget grant for works including the reserve grants, that the object of showing the "Reserve" under a separate head instead of under each service head is not apparent, and requesting that an additional sum of Rs. 1,793 may be sanctioned on account of establishment charges at 17½ per cent on the reserve grant of Rs. 10,241, sanctioned in the District Fund budget of the Hassan circle for 1897-98.

No. 895-904—L. F. 258-96, DATED, BANGALORE, 19TH JULY 1897.

ORDER THEREON.—The attention of the Chief Engineer is invited to para 2 of Government Proceedings No. 13717 18—L. F. 146-94, dated 23rd June 1896, which lays down that the provision under "Reserve" includes not only the cost of unforeseen works but also the establishment charges thereon. Under these circumstances Government do not consider a separate provision for establishment charges necessary. If, however, the sanctioned provision under "V Reserve" is found insufficient to meet the requirements of the year, including establishment charges, a supplemental budget may be submitted for the sanction of Government with the previous approval of the Local Fund Board.

2. With regard to the Chief Engineer's remark regarding the separate exhibition of the "Reserve" in the budget, it is observed that this is in accordance with the revised District Fund budget forms prescribed in Government Official Memorandum No 7259-66—L. 576, dated 25th September 1891, under which all unforeseen works, which do not fall under the heads "I Original Works" and "II Repairs" have to be shown distinctly for the sake of clearness and convenience.

Administration Report of the Mysore City Municipality for the year 1895-96, submitted ith the President's letter No. 320, dated 18th January 1897.

No. 1003-7—L. F. 95-96, DATED, BANGALORE, 20TH JULY 1897.

ORDER THEREON.—The Mysore City Municipality, constituted under Regu- ation III of 1888, comprises an area of 7½ square miles with a population of 4,048. It is divided into seven divisions with two Commissioners for each ivision, exclusive of six *ex-officio* members. The entire executive power is osted in the Deputy Commissioner as President, assisted by a paid Vice-Presi- ent. There were, during the year under report, six official members including ie President and the Vice-President, and 14 non-official members, of whom ten ere elected and four nominated by Government.

2. Twenty-two meetings were held by the Board during the year, of which 7 were ordinary meetings and five special meetings. The average attendance f members (11·7) showed a slight improvement over that of last year (10·87). he number of sub-committees appointed was nine.

3. The total income of the municipality, excluding the opening balance, nounted to Rs. 1,19,518, and the expenditure to Rs. 1,10,367 against s. 1,12,262 and Rs. 1,06,564, respectively, in the year previous.

4. In the table below are shown the population of the city within the unicipal limits, the several sources of revenue, and the incidence, per head, of xation as compared with the figures of the previous year:—

Population.	Sources of income.											Incidence of tax per head of population.	Incidence of tax in preceding year.

XI.	Miscellaneous...	...	...	...	12,995	17,385
			Total	...	1,06,564	1,10,367

6. There was a net increase of Rs. 3,802 resulting from a gross increase of s. 5,933 under "IV. Conservancy," " V. Registration of births and deaths," " IX. aritable grants," and " XI. Miscellaneous" or 1·68, 13·3, 26·6 and 33·4, res- ctively, and from a gross decrease of Rs. 2,131 under " II. Head Office," III.Collection," " VII. Lighting," and " VIII. Public Works" or 1·24, 0·26, 37 and 4·76, respectively.

7. The balance on hand at the close of the year was Rs. 48,833 as against s. 42,430 of the previous year.

8. Para 22 of the report shows that of the demand on account of taxes on uses, &c., the large sum of Rs. 13,530 remained uncollected at the end of e year, the explanation offered being " that the present mode of collection is ther tedious", that " the majority of persons do not pay the tax without coer- ve measures," and that " unless some rigid rules are introduced, there will be ways laxity in the collection." Government are of opinion that this explanation not quite satisfactory and that a firm and proper enforcement of existing les by the municipal executive would ensure prompt collection; and they hope at the President will impress on the Vice-President and his subordinates the ecessity for taking vigorous and early steps for the collection of the large rears now outstanding.

9. The President should apply to Government in due course for the estab- shment of an additional pound in the city. The improvement of revenue from e sale of manure deserves the early consideration of the Board.

10. In regard to the loan required for improving the drainage of certain ohallas of the city referred to in para 57 of the report, the President's atten- on is drawn to Proceedings No. 1850-54—L. F. 204-93, dated 5th August 896, in which Government expressed themselves unable to sanction the loan ithout a thorough previous investigation by the Sanitary Engineer.

11. From para 59 to 63 of the report, it appears that the registration of irths and deaths was not very satisfactory. The President's attention is drawn o the provisions of Sections 215 and 216 of the Municipal Regulation and he requested to take the necessary steps to obtain accurate information on this mportant matter. Orders as to increases of pay to the mutsaddis employed will e separately passed on receipt of a recommendation from the Board.

12. Government will await a separate reference, on the subject of an dditional drain for carrying off a portion of the drainage of the Mandi and ashkar mohallas, a work which the President suggests (para 73) should be aken in hand by the Sanitary Department; also any carefully considered pro- osals of the Board regarding the prevention of the smuggling of untaxed betel- eaves and tobacco into the city (para 17).

13. The Government observe that the present report deals with several natters which should have formed the subject of separate communications and he attention of the President is invited to para 4 of Government Proceedings No. 15931-65—R. F. 236-92, dated 5th February 1894, which distinctly lays down that no matters requiring orders should be dealt with in Administration Reports, which should simply show the results of the administration during the year under report and the steps taken to correct any of the existing irregular- ties or defects.

No. 1319-28—L.F. 108-95, DATED, BANGALORE, 23RD JULY 1897.

ORDER.—In supersession of previous orders on the subject, the Government are pleased to issue the following rules for regulating the supply of stationery articles required for the Municipal and Local Fund Departments in the State.

I. Where the Municipal revenue is collected by village officials and has been taken into account in calculating potgi, which includes a stationery allowance, no further supply of stationery or cash grant is admissible.

II. Where the Municipal revenue has not been included in the potgi as above, and the village officials are remunerated by a two per cent commission from Municipal Funds, the Amildar or Deputy Amildar of the taluk or sub-taluk in which the municipality is situated, should arrange for the supply of the requisite stationery out of his contingent allowance. If, in any taluk or sub-taluk, the present contingent allowance is found insufficient, a proportionate increase, not exceeding the rates of stationery allowance obtaining in the Revenue Department will be allowed from Municipal Funds on account of the stationery supplied to the village officials doing municipal work. This must in every case form the subject of a special application to Government for sanction.

III. Where a separate collection agency is employed, the Amildar or Deputy Amildar should likewise arrange for the purchase and supply of the required stationery out of his contingent grant, which will, if necessary, on a special representation to Government, be raised by an addition from Municipal Funds, not exceeding one rupee per month for the first thousand rupees of actual collections and half a rupee for every additional thousand or fraction thereof.

IV. The Bangalore and Mysore City Municipalities may obtain the required stationery either locally by cash payment or from the Government Stationery Depôt by book adjustment, whichever is cheaper.

V. For municipal offices except those at head-quarters (*i. e.*, except District offices and the Sub-Division office at French Rocks) the stationery required should ordinarily be purchased from the Amildar's or Deputy Amildar's contingent grant which, if anywhere insufficient, may, with the special sanction of Government, be supplemented by a grant from Municipal Funds not exceeding the rates specified in Rule III.

VI. The stationery of the superior kind required for municipal work in District offices and in the Sub-Division office at French Rocks should be procured from the Stationery Depôt, and that of inferior kinds should be purchased locally, the cost (not exceeding Rs. 5 a month) being adjusted by a debit to all the minor municipalities concerned in proportion to receipts, in the same way as the salaries of the municipal clerks employed in those offices are adjusted.

VII. The stationery required for Local Fund work should be obtained, and the cost adjusted, in the same manner as stationery required for municipal work under the preceding rules. When the cost of stationery required for each taluk and district cannot be met out of the contingent grant, special provision will have to be made in the District Fund budget, the cost not exceeding Rs. 2 in the case of each taluk or sub-taluk and Rs. 5 in the case of the District office.

VIII. The stationery required for the Local Fund branches of the Dewans' and Comptroller's offices will continue to be supplied, as heretofore, from the Stationery Depôt along with the stock obtained for the other branches of those offices, and no portion of the cost thereof will be debited to Municipal or Local Funds.

RECEIPTS.

2. *I Octroi.*—The increased estimate under this head, which is based upon the actuals of 1895-96 and the probable collections of 1896-97, is approved.

3. *II Tax on Houses and VII Mohatarfa.*—The variations under these heads, of which the principal are noted in the margin, are based upon the jamabandi figures of 1895-96. The Deputy Commissioner should have explained why the jamabandi figures were less than the estimated receipts in several cases. The estimates will however be passed.

4. *VIII Rents.*—The increase in Shimoga is justified by the actual collections of 1895-96; but the omission of any estimate in the budget of Sorab corresponding to the sum of Rs. 60 entered against "Gardens" in the budget for 1896-97 requires explanation. Pending this, the estimate will stand.

5. *X Miscellaneous.*—The new estimates for Rs. 400 and Rs. 100 entered respectively in the budgets of Honnali and Siralkoppa under the sub-head "Sale of houses and lands" accounts for the increase under this head. The estimate is passed.

6. *Opening Balances.*—In lieu of the estimates proposed under this head, the difference between the sum of the opening balances and estimated receipts for 1896-97 and the sanctioned expenditure for the same year will be adopted as the opening balance for each municipality.

EXPENDITURE.

7. *Head Office.*—The estimate actually entered exceeds the correct estimate, namely, Rs. 1,194, by Rs. 318, of which Rs. 84 is stated to be for taluk contingencies and an orderly for the President. Pending submission of details and of separate applications for sanction in each case, the excess provision will be retained but should not be utilized. The District Office contingencies, the whole of which has been incorrectly debited to the Shimoga budget, will be distributed proportionately among all the municipalities in the district, as in the case of the salaries of clerks in the District Office. The charges under this head as now redistributed will stand as shown in the margin.

8. *III Collection.*—A new provision of Rs. 60 has been made in the budget of Shikarpur on account of the 2 per cent commission for collection work sanctioned for the patel and shanbhog in Proceedings No. 5954-63—L. F. 157-92, dated 31st October 1892. The estimate under this head will be further raised by Rs. 84 to meet the salary of the Pigasti, sanctioned in Government Proceedings No. 11289-90—L. F. 134-95, dated 15th April 1897.

9. *IV Conservancy.*—The new provisions marginally noted, of which the first two have been already sanctioned in Progs. Nos. 9920-1—L. F. 134-95, and 10421-2—L. F. 134-95, dated 5th and 23rd March 1897, while the rest are on account of needful purchases and repairs of wheel-barrows and carts, and are allowed. The estimate will at the same time be raised by Rs. 162, so as to provide for the following charges:—

	Rs.
(1) Increase of horse allowance to the Overseer, Shimoga Municipality	36
(2) Pay of three additional peons at Rs. 5 each to be entertained in the Shimoga Municipality ...	180
(3) Purchase of wheel-barrows in Channagiri ...	40
(4) Purchase and repair of carts in Nyamti ...	100
(5) Do in Nagar and Kallurkatte at Rs. 30 each.	60

(1) Increase of the pay of the conservancy dafadar of Shimoga from Rs. 7 to Rs. 8 per mensem, sanctioned in Proceedings No. 12663-4—L. F. 134-95, dated 26th May 1897—Rs. 12.

(2) Pay of two additional sweepers on Rs. 5 each per mensem and cost of a conservancy cart for Rs. 30, sanctioned in Proceedings No. 12826-7—L. F. 134-95, dated 1st June 1897, for Tirthahalli Municipality—Rs. 150.

10. *VII Lighting.*—The provision made for the purchase of additional lamps and lamp posts is passed; but their number and price and the cost of lighting should be stated.

11. *VIII. Public Works (b) to (o) works.*—The provisions made for public works in the budgets of Shimoga and Honnali are much too large, considering the funds available, and will be reduced as shown below, so as to avoid a debit balance.

	As proposed.	As sanctioned.
	Rs.	Rs.
(1) Shimoga	13,585	9,091
(2) Honnali	1,075	637
	14,660	9,728

The amounts thus sanctioned should be distributed among the several sub-heads, and the details reported for the information of Government. The President will, however, be at liberty to submit supplemental estimates in case the actual balance on 1st July 1897 justifies additional expenditure. The budget of Siralkoppa provides Rs. 300 for "Original buildings". The nature of the building should have been stated. Pending information, the provision will stand. The provisions made in the budgets of the other municipalities are approved.

12. *VIII Public Works (a) Supervision.*—To meet the salaries of Work Inspectors to be employed in the marginally noted taluks, a sum of Rs. 1,405, calculated at 10 per cent on the provision for works will be entered under this head.

Item (1).—As regards the dispensaries at Channagiri, Honnali, Sagar and Tirthahalli, the increase is attributed to the salaries of compounders having been raised under the recent orders of Government, but no explanation has been furnished in the case of the Shikarpur and Kumsi dispensaries. The omission should be supplied, pending which the provision will be retained.

Item (2) which was sanctioned in Progs. No. 4778-80—L. F. 279-92, dated 3rd October 1896, is allowed.

Item (3) will be retained, subject to explanation as to the nature of the expenditure and as to whether it has reference to the construction of in-patient wards.

14. The other items call for no remarks and are passed.

15. The budget estimates now sanctioned are as shown in the accompanying appendices of which an abstract is given below:—

Kallurkatte	183	482	665	629	36
Total ..	32,158	42,746	74,904	64,002	10,902

The closing balance in the case of the Shimoga, Channagiri, Honnali, Tirthahalli and Kallurkatte Municipalities is below the prescribed minimum and every endeavour should be made to reduce the expenditure so as to preserve the same. But in the municipalities of Nyamti, Shikarpur, Benkipur and Hole-honnur, the balance is in excess of the prescribed maximum and proposals may therefore be submitted for usefully employing it.

READ :—

Docket No. 1039, dated 14th April 1897, from the Deputy Commissioner, Bangalore district, submitting the budget estimates of the several minor municipalities in the district for the year 1897-98.

No. 336-41—L. F. 278-96, DATED, BANGALORE, 9TH JULY 1897.

ORDER THEREON.—The estimated receipts and expenditure of the several municipalities of the Bangalore district for 1897-98, as given in the budgets received with the above, are shown in the following statement :—

RECEIPTS.

2. *II Tax on Houses.*—The increase under this head is chiefly in the municipalities of Dodballapur, Closepet and Channapatna. The increase in the case of Dodballapur is stated to be due to the taxation of vacant sites, but has not been explained as regards the remaining municipalities. Pending such explanation, the estimate will stand.

3. *VII Mohatarfa.*—The main items of increase are noted in the margin. That under "Cart tax" is apparently due to the taxation of agricultural carts under the recent orders; but the increase in the remaining two items should be explained, pending which, the estimate will be retained.

Municipalities.	Item.	1896-97.	1897-98.	Difference.
		Rs.	Rs.	Rs.
Channapatna ..	Shop tax	1,600	1,780	+ 180
Kankanhalli ...	Do	450	600	+ 150
Anekal ...	Loom tax.	1,125	1,200	+ 75
Channapatna ...	Cart tax.	200	340	+ 140
Kankanhalli ...	Do	60	100	+ 40

4. *VIII Rents.*—The omission of any estimate under this head in the budget of Dodballapur against Rs. 220 sanctioned for 1896-97, on account of the rent of the town market and shops, is ascribed to the collection having been since abolished. The authority or circumstances under which the levy of market rents was abolished should be stated.

5. *X Miscellaneous.*—The Deputy Commissioner is requested to state why no estimate has been entered under '*K.* Amarayi" in the present budget of Yelahanka, though an income of Rs. 150 was expected during 1896-97. With regard to the decrease under "*M.* Contribution" from Rs. 162 to Rs. 100 in the budget of Nelamangala, the information called for from the Chief Engineer in Government Proceedings No. 6634-7—L. F. 128-95, dated 9th December 1896, is awaited. Pending information the estimate will stand.

6. In lieu of the approximate opening balances given in budget statements No. I, the difference between the sanctioned expenditure for 1896-97 and the total of the actual closing balance on 1st July 1896 and the estimated receipts for 1896-97, will be adopted in the case of each municipality as its estimated opening balance for 1897-98.

EXPENDITURE.

7. *III Collection (b) House and Mohatarfa Taxes.*—In the proceedings quoted in the margin, a commission of two per cent on the entire collections in Closepet and Nelamangala and on half the collections in Tyamagondlu was sanctioned for the remuneration of the shanbhogs and patels. But the budget of Closepet makes no provision on this account; while those of the remaining two municipalities provide sums in excess of the sanctioned rate. The correct amounts will now be entered. The authority for the provisions under the same head made in the budgets of Yelahanka (Rs. 24), Kengeri (Rs. 20) and Kankanhalli (Rs. 60) should be quoted; and pending a separate reference for sanction, these items, which will be provisionally retained, should not be utilized.

Proceedings Nos. 3655-6—L. F. 157-92 and 12629-30—L. F. 295-96, dated 16th September 1896 and 25th May 1897, respectively.

8. *IV Conservancy (a) Establishment.*—The items under this head in which varintions are proposed are given below:—

Increases.		Decreases.	
	Rs.		Rs.
1. Ten new mutsaddis at Rs. 8 each per mensem.	960	7. Pay of a sweeper at Dodballapur to be reduced from Rs. 5 to Rs. 4 per mensem.	12
2. Increase of pay to the existing 4 mutsaddis at Rs. 7 per mensem.	84		
3. Mutsaddi at Dodballapur at Rs. 8 for a period of 12 months as against 4 months sanctioned in 1896-97.	64	8. Abolition of a peon at Rs. 5 in Sarjapur.	60
4. Seven new sweepers and two scavengers at Rs. 45 per mensem.	540		
5. Increase at Rs. 26 per mensem to the existing 30 sweepers.	312		
6. Special reward to sweepers at Dodballapur	20		
Total ...	1980	Total ...	72
Net Increase ...	1,908		

9. *Items* 1, 2 *and* 8.—The proposal to appoint new mutsaddis and to give increases to the existing mutsaddis cannot be sanctioned, as a separate establishment for municipal clerical work in the taluks, whose establishments have recently been materially strengthened, is considered unnecessary. The usual provision for a peon at Sarjapur will accordingly be retained in the budget. The views of the President with regard to the abolition of such mutsaddis as now exist should be intimated to Government. Meanwhile, the provisions made for them will remain undisturbed.

10. *Items* 4, 5, 6 *and* 7.—The employment of additional sweepers and scavengers and the variations proposed in the existing scale of salaries, which involve a net increase of Rs. 840 over the sanctioned estimate for 1896-97, and likewise the provision of Rs. 20 made for rewards to the sweepers of Dodballapur for extra work necessitated by the extension of the town, are sanctioned.

11. *IV Conservancy (b) Other Charges.*—The Board's proposals to reduce the hire of the conservancy carts at Closepet from Rs. 15 to Rs. 12 and to purchase carts at Kankanhalli instead of hiring one, are sanctioned, as also the increased provision made for the hire of carts in Channapatna and the purchase of dust-bins in some of the municipalities; but the President should state the details for the lump sum provision of Rs. 336 made under "Hire of conservancy carts" in the last named municipality.

12. *VII Lighting.*—The provisions made in the several budgets on account of the lighting of lamps by contract and the repair and purchase of lamp-posts and lanterns will be retained, subject to the submission of details showing the number of lamps lit by contract with the rate for each, as well as the cost of each lamp-post and lantern proposed to be purchased or repaired.

13. *VIII Public Works (a) Supervision.*—As shown in the margin, a provision of Rs. 2,006 at ten per cent on the cost of works will be made in the several budgets to meet the salaries of the Work Inspectors employed for the supervision of Municipal and Local Fund works.

15. *IX Charitable Grants (a) Hospitals and Dispensaries.*—The present budgets provide for the marginally noted increases.

		Rs.
I.	Special allowance to the Hospital Assistant at Nelamangala for visiting Tyamagondlu	120
II.	Increase of pay to the watermen at—	
	1. Dodballapur from Rs. 2 to 4	24
	2. Magadi ditto	
	3. Anekal ditto	

Item I has been sanctioned in Proceedings No. 12319-21—L. F. 144-93, dated 14th May 1897, and is passed.

Item II is stated to have been entered in accordance with the Senior Surgeon's letter No. 2718, dated 9th March 1897.

As under para VIII of Government Official Memo No. 6861-70—157, dated 8th December 1889, no increases to the salaries of the existing establishments can be allowed without the sanction of Government, the Senior Surgeon is requested to submit a separate reference in respect of each item of increase. The provisions will be retained, but no expenditure should be incurred till the issue of final orders of Government.

16. No details have been given, nor has the necessity been shown, for the lump sump provision of Rs. 200 entered in the budget of Yelahanka on account of the dispensary at that place. The omission should be supplied.

17. *IX Charitable Grants (b) Maternity—Midwives.*—The provision made in the budget of Anekal on account of the salary of the taluk midwife is Rs. 30 in excess of the quota payable from Municipal Funds under Proceedings No. 5813-4—L. F. 55-93, dated 21st November 1896. Pending explanation in regard to the necessity for the excess charge, the provision will be allowed to stand.

18. The other items call for no remarks and are passed.

19. The budget estimates of the several minor municipalities in the Bangalore district for the year 1897-98 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

20. The estimated closing balance in favor of the Kengeri and Hoskote municipalities is thus apparently less than the prescribed minimum by Rs. 270 and Rs. 457, respectively. The President is requested to submit proposals for the reduction of the sanctioned charges, if the actual balance on 1st July 1897 is not in excess of the estimate adopted in this order by Rs. 270 and Rs. 457. He should also state whether the large unused balance of Rs. 4,355 in favor of Anekal cannot be utilized for useful local works, or whether the money is being accumulated for any special costly work.

2. *I. Octroi.*—The following two items chiefly contribute towards the increase under this head, namely "*III* (*b*) Kerosine oil," from which a revenue of Rs. 6,000 is anticipated in consequence of the taxation of that article under Government Proceedings No. 8776-7—L. F. 323-92, dated 3rd February 1897, and "*VII* Cloths", the increase under which is based on the actuals of 1895-96 and the probable collections of 1896-97. The estimate is passed.

3. *II. Tax on Houses.*—An increase of Rs. 3,000 is expected as the result of the revision of House tax, sanctioned in Government Proceedings No. 8924—L. F. 161-92, dated 6th February 1897. The estimate is approved.

4. *III. License Receipts, (a) Liquor Shops.*—A decrease of Rs. 180 under this head is attributed to the closing of a retail arrack shop.

6. *IV. Carriage Tax and V. Tax on Animals.*—The increase in the number of carriages and animals brought under taxation accounts for the increased estimates, which are sanctioned.

7. *VII. Mohatarfa.*—The increase under this head is contributed by all the sub-heads as noted in the margin. The increase is due in the case of Shop tax to its revision, and in that of Cart tax to the subjection of agricultural carts to taxation under Government Proceedings No. 24641-50—R. F. 245-92, dated 25th June 1895, while the increase under the remaining two items is based upon the actuals of 1895-96.

	Increase Rs.
1. Shop tax ...	1,000
2. Loom tax ...	200
3. Oil-mill tax ...	50
4. Cart tax ...	350

8. *VIII. Rents.*—The enhanced estimate under this head, which is based upon the actuals of the past year, is passed.

9. *X. Miscellaneous.*—The increase of Rs. 500, expected from the establishment of additional house-connections from the water works, will be struck out, pending the issue of final orders of Government on the subject. The estimate under this head includes the special grant of Rs. 5,000, sanctioned in Government Proceedings No. 1850-4—L. F. 204-93, dated 5th August 1896, for the better maintenance of the Provincial and District Fund roads in the town.

10. *XI. Payments for services rendered to individuals.*—The estimate entered under this head, which is on account of supervision charges calculated at 10 per cent on the cost of house-connection pipes will be reduced by Rs. 50 to correspond with the reduction made in para 9.

11. *Opening Balance.*—In lieu of the amount (Rs. 21,395) entered under this head, a sum of Rs. 26,236 will be substituted as the approximate balance in favor of the municipality on 1st July 1897.

EXPENDITURE.

12. *II. Head Office.*—The net decrease under "Head Office charges" is due to the municipality having been relieved of the cost of establishments maintained in the District Office at Mysore and to the re-adjustment made in Government Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896, of the contributions payable towards the cost of establishments of the Dewan's and Comptroller's Offices. The provision will, however, be raised by Rs. 40 to meet the increments to the pay of the Manager of the Municipal Office, sanctioned in Government Proceedings No. 12186-7—L. F. 319-96, dated 10th May 1897.

13. *III. Collection, (a) Octroi.*—The provisions made in the budget to meet the increases sanctioned in Government Proceedings No. 7804-9—L. F. 127-95, dated 9th January 1897, are passed. The additional establishments and the increments to existing servants recommended by the Sub-Committee and approved of by the Municipal Board have been rightly left out in accordance with para 8 of Official Memorandum No. 6861-70—157, dated 8th December 1889. A formal separate communication on the Sub-Committee's proposals should now be expedited.

14. *III. Collection, (b) House tax.*—The provision under this head will be allowed to stand, subject to the early submission of the information called for in para 5 of Government Proceedings No. 7804-9—L. F. 127-95, dated 9th January 1897, as to why process servers should be employed for the whole year, while Government Proceedings No. 2255-63—Mis. 38, dated 25th May 1891, authorizes their retention only for four months.

15. *IV. Conservancy, (a) Establishment.*—As the report of the Sub-Committee shows that owing to the extension of the town and the necessity for making special sanitary arrangements in Ittigegud, the entertainment of eight additional sweepers and one peon is absolutely necessary, the estimate will be raised by Rs. 552 as noted in the margin.

	Per mensem.
8 Sweepers on Rs. 5 each or Rs. 40	
1 Peon on Rs. 6 ...	6
Total ...	46

Per annum Rs. 552

16. *VIII. Public Works, (a) Supervision.*—The remark made in para 13 above applies to the employment of a Storekeeper on Rs. 15 per mensem and other proposals made by the Sub-Committee.

17. *IX. Charitable Grants.*—The increase under this head is due to provision made for one of the Vaccinators at Rs. 15 per mensem instead of at Rs. 12. The authority for this increase should be quoted, pending which, the provision should not be utilized. The cost of the newly sanctioned dispensary at Nazarbad has not been provided for under this head. Pending submission of the report called for

in Government Proceedings No. 10313—L. F. 138-92, dated 17th March 1897, as to the amount required, a lump sum allotment of Rs. 250 will be provisionally made for the purpose.

18. *XI. Miscellaneous.*—The estimate under this head will be raised by a sum of Rs. 60 to meet the increased rate of horse allowance to the Water Inspector, sanctioned in Government Proceedings No. 11908-9—L. F. 127-95, dated 1st May 1897, and likewise by a further sum of Rs. 60 to meet the salary of the watchman for the Chamaraja Fountain, sanctioned in Government Proceedings No. 12528-30—L. F. 323-96, dated 20th May 1897.

19. The other items call for no remarks and are passed.

20. The budget estimates of the Mysore City Municipality as now sanctioned will stand as per particulars given in the accompanying appendices, of which an abstract is given below :—

Local Boards Branch, Municipal, dated 13th July 1897.

READ :—

Letter No. 1647, dated 5th May 1897, from the President of the Municipalities of the Mysore district, submitting the budget estimates of the municipalities in the district, exclusive of the French Rocks sub-division for 1897-98.

No. 514-19—L. F. 281-96, DATED, BANGALORE, 13TH JULY 1897.

ORDER THEREON.—The estimated receipts and expenditure of the several minor municipalities in the district, exclusive of the French Rocks sub-division, for the year 1897-98 are shown in the following statement :—

RECEIPTS.

2. *I Octroi.*—The decrease under this head in the budgets of Hunsur and Nanjangud is based on the actuals of the first half and the probable collections of the second half of the year 1896-97. The estimate is passed.

3. *II Tax on Houses and VII Mohatarfa.*—The principal variations are as noted in the margin, and are attributed to the estimates having been based on the jamabandi figures for 1895-96. The estimate is allowed.

Municipalities.	House.	Shop.	Loom.	Oil-mill.	Carts.
1. Hunsur ...	—100	—200	...	...	—100
2. Chamrajnagar ...	— 90	...	...	...	..
3. Nanjangud ...	+250	+154	...	...	+100

4. *IX Miscellaneous.*—The omission of an estimate under "(*b*) Loans" in the present budget of Nanjangud as against Rs. 5,000 in the budget for 1896-97, and the fall of revenue from the cattle-pound at Hunsur from Rs. 600 to Rs. 450, chiefly account for the decrease under this head. The estimate is approved. But it should be explained why no income is expected from the sale of manure in several of the municipalities, where sweepings are collected daily by the conservancy staff employed.

5. *Opening Balance.*—Except in four municipalities, the estimates entered under this head do not correctly represent the difference between the sum of the actual balance on 1st July 1896 and sanctioned receipts for 1896-97 and the sanctioned expenditure for the same year. The correct figures will now be entered in the budget concerned.

	As proposed.	As sanctioned.

5. Nanjangud ...	9,327	9,527
6. T. Narsipur ...	714	733
7. Sosale ...	1,151	1,159
	25,373	25,875

EXPENDITURE.

6. *I Interest on Debt.*—The budget of Nanjangud provides a sum of Rs. 520 under this head as against Rs. 559 sanctioned for 1896-97, in addition to the annual instalment of Rs. 1,000 towards the loan granted from the Sanitary budget. The budget of Hunsur also provides Rs. 730 for the re-payment of the loan advanced to it. These provisions will be retained subject to the submission by the Comptroller of a correct statement of the instalments payable by these municipalities.

7. *II Head Office.*—The proportionate cost on account of the District office establishments debitable to these municipalities is Rs. 430 as per particulars given in the margin. Adding to this the contribution payable towards the cost of establishments in the Dewan's and Comptroller's offices, and the provision (Rs. 12) made for furniture in the budgets of Tirumakudlu Narsipur and Sosale, the total cost under this head amounts to Rs. 739, which will be redistributed among the several municipalities as shown in the margin.

9. Saligram ...	51	51
10. Sosale ...	40	34
Total ...	880	739

8. *III Collection, (a) Octroi.*—The net decrease of Rs. 36 under this head in the budget of Nanjangud is due to the omission of the usual provision of Rs. 48 on account of house rent and to the increase of Rs. 12 per annum to the octroi mutsaddi, sanctioned in Proceedings No. 13667-68—L. F. 131-95, dated 24th June 1897.

9. *III Collection, (b) House and Mohatarfa Taxes.*—The provisions newly made on account of the percentage remuneration payable to the village officials collecting these taxes in Hunsur and Nanjangud under Government Proceedings Nos. 12241—L. F. 131-95 and 11805—L. F. 179-96, dated, respectively, 11th May and 29th April 1897, account for the increased provision under this head, which is passed.

10. *IV Conservancy.*—The increases provided under this head are given below. Most of these have already been sanctioned in the orders specified against them. The other items, having been shown to be necessary, are now sanctioned and the provisions made therefor approved :—

		Rs.

9.	*Sosale.*—Cart hire	10	
	Purchase of dust-bins	50	

11. *VII Lighting.*—The proposed introduction of lighting into the municipalities of Yedatore and Saligram at a cost of Rs. 220 for each, and the provision made in some of the budgets for additional lamps, account for the increase under this head, which is passed.

12. *VIII Public Works, (a) Supervision.*—To meet the pay of Work Inspectors for the supervision of works undertaken by revenue agency, a provision of 10 per cent on the cost of works will be entered under this head as per particulars given in the margin. The President is requested to state whether after the appointment of Work Inspectors there is any necessity for retaining the existing Overseer of Nanjangud on Rs. 10 per mensem. Pending information, the provision will stand.

RECEIPTS.

2. *I. Octroi.*—The decrease under this head in Sidlaghatta and the increase in Chikballapur are justified by the actuals of 1895-96 and probable collections of 1896-97. The estimates are approved. In drawing the attention of the President to para 2 of Government Proceedings No. 1038-42—L. F. 129 95, dated 20th July 1896, he will be requested to state what action, if any, has been taken for enforcing stricter supervision over collections and to submit definite proposals for augmenting the revenue from this source.

3. *II. Tax on Houses and VII. Mohatarfa.*—The variations under these heads being based on the actuals and jamabandi estimates are allowed.

4. *VIII. Rents.*—The decrease under the sub-head "Markets" in the budget of Kolar is ascribed to the fact that most of the stalls are vacant; and the omission of any estimate under "Shops" in that of Chikballapur to the sale of all the shops last year for Rs. 4,750. It should be explained why the shops in Chikballapur, which were a source of revenue to that municipality, were sold.

5. *X. Miscellaneous, (a) Sale of Houses and Lands.*—The increase under this head in the budget of Bowringpet is based upon the actuals of 1895-96, and the decrease in that of Sidlaghatta is due to the absence of demand for building sites. The estimates are allowed.

6. *X. Miscellaneous, (m) Contributions and (n) Other Items.*—The sources from which a sum of Rs. 46 is expected under "Contributions" in Srinivaspur and an increase of Rs. 120 under "Other items" in Sidlaghatta should be stated. Meanwhile the estimates will stand.

7. *Opening Balance.*—In lieu of the figures given, correct opening balances as in the margin will be substituted.

EXPENDITURE.

8. *II Head Office.*—The correct provision under this head being only Rs. 873 as detailed in the margin, it should be explained why the estimate exceeds this by Rs. 123. Pending information, the provision made will be allowed to stand but will be re-distributed among the various municipalities in proportion to their receipts as shown below :—

	Rs.
1 Clerk in the District office at Rs. 25 ...	300
2 Contribution towards the cost of establishments in the Dewan's and Comptroller's offices ...	483
3 Assistant to the Municipal Clerk sanctioned temporarily for six months in Government Proceedings No. 8640-1—L. F. 157-92, dated 29th January 1897	90
Total ...	873

		As proposed. Rs.	As sanctioned. Rs.
1	Kolar	290	296

9	Gudibanda	22	23
10	Goribidnur	33	35
11	Malur	42	44
	Total	996	996

9. *IV. Conservancy, (a) Establishment.*—The proposal to raise by a rupee each the present salary of Rs. 4 of a peon and of four sweepers in Gudibanda, involving an increased cost of Rs. 60 per annum, is sanctioned, and the provision approved.

10. *VII. Lighting.*—The increased provisions under this head are passed.

11. *VIII. P. W., (a) Supervision.*—To meet the cost of the supervising establishments to be newly entertained, a provision of Rs. 1,944 at 10 per cent on

the cost of works proposed to the executed during 1897-98 will be entered in the several budgets concerned.

12. *VIII. P. W., (b) to (o) Works.*—The provisions made for public works, of which those costing Rs. 500 and upwards as given in the margin are passed.

	Rs.
Kolar—

(k) Other works, original	600
Goribidnur—	
Constructing drains to the south of Venkatrama swami pagoda; to the south of K. Subbaiya's house, &c.	1,000

13. *IX. Charitable Grants.*—The increases to compounders and to the waterman and toti of Bowringpet having already been sanctioned by Government, the provisions made for the same will be allowed. As under Government Proceedings No. 5875-85—L. F. 112-95, dated 23rd November 1896, charges on account of dieting in-patients in Local Fund dispensaries are debitable entirely to District Funds and as the necessary provision exists in the sanctioned District Fund budget for 1897-98, the sum of Rs. 210 provided in the present budgets for such charges appears superfluous and will be struck out.

14. The other items call for no remarks and are passed.

15. The budget estimates of receipts and expenditure of the several municipalities in the Kolar district for 1897-98 are sanctioned as per details given in the accompanying appendices of which an abstract is given below:—

	Name of Municipality	Opening balance.	Estimated receipts.	Total including balance.	Estimated expenditure.	Closing balance.
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Kolar	4,830	8,736	13,566	9,014	4,552

6	Sidlaghatta	723	5,285	6,008	4,408	1,600
7	Chikballapur	14,430	6,447	20,877	8,696	12,181
8	Bagepalli	447	587	1,024	754	270
9	Gudibanda	903	953	1,856	955	901
10	Goribidnur	3,091	1,472	4,563	3,471	1,092
11	Malur	981	1,862	2,843	2,319	524
	Total ...	36,169	38,299	74,468	46,665	27,803

16. The closing balance in favor of the Bowringpet Municipality is less than the prescribed minimum to maintain which every effort should be made. In the remaining municipalities the maximum limit has been much exceeded, so that there is scope for further expenditure on useful works especially lighting and public works.

2. *I. Octroi.*—The estimate under this head includes Rs. 50 from the tax imposed on kerosine oil in Tarikere under Government Proceedings No. 8427-8—L. F. 323-92, dated 25th January 1897. It should have been explained why a revenue of only Rs. 50 is anticipated during 1897-98 against Rs. 250 for the latter half of 1896-97. The increase in the other towns is justified by the actuals of 1895-96, and probable collections of 1896-97. The correct total of the details given in the budget of Sringeri for 1897-98 is Rs. 1,485 and not Rs. 1,785 as erroneously entered therein. The necessary corrections will be made and the estimates modified accordingly.

3. *II. Tax on Houses.*—The increase under this head is chiefly in Chikmagalur, where additional revenue is expected from the taxation of buildings in the western extension.

4. *VII. Mohatarfa.*—The variations under this head are small and unimportant and are passed.

5. *X. Miscellaneous.*—The receipts from sale of houses and lands in Birur are estimated at Rs. 200 only as against Rs. 3,840 in the year 1896-97, a large decrease which requires explanation; pending which the estimates will be retained.

6. *Opening Balance.*—The correct opening balance in favor of the Mudgere Municipality on the 1st July 1897 is not Rs. 548, but Rs. 584, which figure will accordingly be adopted.

EXPENDITURE.

7. *II. Head Office.*—The details of the provision made under this head are given below :—

	Rs.
1. Contribution towards the cost of establishments maintained in the Dewan's and Comptroller's offices	700
2. District office	648
3. Contingencies	96
4. Vice-President's office	152
Total ...	1,596

8. *Item 1.*—The correct provision under Government Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896, being only Rs. 575, the necessity for an increase of Rs. 125 requires explanation. Meanwhile the estimate will stand.

Provision made.	Details.	Correct provision.
		Rs.
Item 2 648	1. District Office Head Clerk on Rs. 25 per mensem	300
	Deputy Clerk on Rs. 13 per mensem ...	156

Item 4 152	2. Vice-President's office, Chikmagalur, Accountant on Rs 10 per mensem ...	120
	Peon at Rs. 6	72
	Total ...	192

9. *Items 2 and 4.*—The salaries of the Accountant and peon for the Chikmagalur Municipality, sanctioned in Govt. Proceedings No. 8747-8—L. F. 386-92, dated 2nd February 1897, should have been entered under *Item* 4, and not under *Item* 2, *District office establishment.* The estimate under the former will accordingly be raised to Rs. 344 while that under the latter will be reduced by Rs. 192.

9. *Item 3.*—It is presumed that the contingent allowance of the Accountant and mutsaddi recently sanctioned for the Chikmagalur Municipality and the municipalities in the Kadur taluk has been charged exclusively to those municipalities.

10. *III. Collection (a) Octroi.*—The employment of two karkuns in Tarikere having been sanctioned in Government Proceedings No. 8427-8—L. F. 323-92, dated 25th January 1897, the provision of Rs. 120 made on this account will be passed. But the marginally noted items will be struck out pending final orders of Government to be obtained on a separate reference (*vide* para 9 of Official Memorandum No. 6861-70—157, dated 8th December 1889).

2. Do Overseer's pay from Rs. 10 to Rs. 12 per mensem ...	24
Sakrepatna—	
Allowance to shanbhog and patel for collecting octroi	20

11. *III. Collection (b) House and Mohatarfa Taxes.*—The budget of Chikmagalur has the following provisions under this head:—

	Rs.
1. Allowance to shanbhog and patel	200
2. Market daroga at Rs. 8 per mensem.	96
3 Process peon at Rs. 7 do	84
Total ...	380

12. It should be stated whether the "Market daroga" is the new hand, sanctioned in Government Proceedings No. 8747-8—L. F. 386-92, dated 2nd February 1897, to look after the town collection work, and, if so, why any percentage remuneration should be paid to the patel and shanbhog.

13. The necessity for the employment of a process server throughout the year, instead of for four months only as authorized in Government Proceedings No. 2255-63—Mis. 38, dated 25th May 1891, should likewise be explained. Pending information on these points, the items will be retained.

14. *IV. Conservancy (a) Establishment.*—Of the marginally noted increases, the salary of a mutsaddi on Rs. 10 proposed for the municipality of Mudgere will be struck out, as separate hands are not necessary for municipal work in taluk offices, which have recently been materially strengthened. The services of mutsaddis, if any, in the other municipalities, may be dispensed with and they should be provided with suitable appointments in the taluk or district as early as possible. The other items are passed.

15. *VII. Lighting.*—The increased provision under this head is passed; but information regarding the number of lamps and the cost of lighting each of them, which has not been given in most instances, should now be supplied.

16. *VIII. Public Works (a) Supervision.*—Of the marginally noted increases provided in the budget of Chikmagalur, the first, which has already been sanctioned in Government Proceedings No. 5535-6—L. F. 68-96, dated 14th November 1896, is passed. The other items should not be utilized pending explanation as to why this further establishment for water-supply is needed in addition to the marginally noted hands now existing.

19. *IX. Charitable Grants.*—The increases to compounders provided in Tarikere and Birur are in accordance with Government Proceedings No. 13250-1—Mis. 38, dated 8th June 1896, and are passed.

20. The authority under which a provision of Rs. 150 is made in the budget of Chikmagalur for the salary and contingencies of a vaccinator should be quoted. Pending final orders of Government, the estimate will be provisionally retained.

21. The repetition of the provision of Rs. 2,000 in the present budget for the female dispensary building at Chikmagalur requires explanation.

22. The budget of Tarikere provides for the contribution of Rs. 1,000 and Rs. 300, respectively, towards the construction of a Local Fund dispensary and of rooms for the accommodation of in-patients. Pending report as to whether these amounts correctly represent one-third and one-half of the cost of these buildings, the estimates will stand.

23. The opening of a dispensary at Sakrepatna having been sanctioned in Government Proceedings No. 13976-9—L. F. 163-96, dated 30th June 1897, a provision of Rs. 150 on account of one-third of the cost thereof is passed.

24. *Contribution.*—A moiety of the revenue payable by the municipality of Sringeri to the Matt authorities should have been entered as Rs. 1,112 and not as Rs. 1,092.

25. The other items call for no remarks and are passed.

26. The budget estimates of the several municipalities in the Kadur District for 1897-98 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

RECEIPTS.

2. *I Octroi.*—The estimates under "Octroi" show a decrease as regards the municipalities of Davangere, Haribar and Hiriyur, and these are based upon the actuals of the first six months of the year 1896-97. The President is requested to submit a statement of the probable receipts from the marginally noted articles which were ordered to be taxed in the municipalities of Davangere and Challakere in Proceedings Nos. 6974-5—L. F. 102-95, dated 16th December 1896, and 7855-6—L. F. 102-95, dated 11th January 1897, respectively, but have been left out in the preparation of the present budgets. Pending receipt of the above statement and of orders on the proposal to adopt a new system of taxation at Davangere, the estimates will be allowed to stand.

12. ***IX. Charitable Grants.***—The provision under this head includes a moiety of the salary (Rs. 20) of the midwife of the Hosdurga sub-taluk, debitable in equal proportions to the Municipalities of Hosdurga and Bagur in accordance with para 5 of Government Proceedings No. 4556-8—L. F. 136-95, dated 2nd October 1896, and is passed.

13. ***XI. Miscellaneous (a) Repayment of Loans.***—With reference to the marginally noted provisions for the repayment of loans, the President is requested to state whether they include interest, an item which should have been separately shown under the head, "Interest on debt" and, if so, how much; and also whether the difference correctly represents the annual instalment payable by each municipality in accordance with the terms of the agreement executed by the President. Pending information, the provisions will stand.

Report on the Administration of the Minor Municipalities in the Mysore District, exclusive of the French Rocks Sub-Division for 1895-96, submitted with the President's letter No. 1311, dated 16th February 1897.

No. 789-828—L. F. 95-96 DATED, BANGALORE, 17TH JULY 1897.

ORDER THEREON.—There were ten minor municipalities in the district, the Boards of which were composed of 30 *ex-officio* and 54 nominated members. One hundred and sixteen meetings were held in all, the average attendance of members being 4·96 against 4·02 in 1894-95 for each municipality.

2. The receipts and expenditure during the last two years are as shown below :—

Deducting Loans aggregating Rs 13,484-13-6 and Grants-in-aid Rs. 23,395-11-6 given by Government for water-supply, sanitary works, &c., included under "Miscellaneous," the actual receipts amounted to Rs. 23,417-10-9, against Rs. 23,698-15-9 in the year previous.

3. The total population within municipal limits being 34,186 according to the Census of 1891, the incidence of taxation was Re. 0-8 11 per head.

4. Octroi is only levied in the municipalities of Hunsur and Nanjangud; and the decrease in the receipts was chiefly under cocoanuts, tobacco and cloth.

5. Excluding Loans, Grants-in aid, Police Maintenance Fund and Advances, the increase of Rs. 939-2-2 under "Miscellaneous" is stated to be due to the sale of house sites and to income derived from land revenue and cess.

6. Under "Expenditure" the main item of increase was under "Public Works," the amount given against which includes an outlay of Rs. 36,880-9-0 by the Sanitary Department for sanitary and water-works in the municipalities of Hunsur, Yedatore and Nanjangud, and of Rs. 9,074-10-2 by the Municipal Department.

7. The increase under "Conservancy" was due to an increase of establishment in certain municipalities, and that under "Lighting" to the introduction of lighting in the Sargur Municipality, and to the purchase of a larger number of lamps for certain other municipalities.

8. Under "Education" there was a small increase on account of grants-in-aid to schools.

9. The decrease under "Charitable grants" was caused by the transfer of the pay of the midwife at Chamrajnagar from Municipal to District Funds and to a diminution in the feeding charges of in-patients, while that under "Public debt, Advances, &c.," was due to the very small number of advances given.

10. The demand under all heads was Rs. 20,512-9-3 and, including arrears, Rs. 29,697-13-5 against Rs. 30,838 13-8 in the year previous. Of this Rs. 23,405-13-6 was collected, leaving a balance of Rs. 5,267-2-2, exclusive of a sum of Rs. 1,024-13-9, remitted.

11. The total number of births reported was 404 as against 408 in the preceding year; and that of deaths, which were mostly from fever, 416 as against 389.

12. The number of patients treated in the dispensaries was 31,770 as against 25,701, and of persons vaccinated 817 against 613 with about 90 per cent of successful cases.

13. The Deputy Commissioner should address the Government separately through the Senior Surgeon with reference to the improvement of supervision over vaccination operations, which, owing to the large area of the district, is stated to be unsatisfactory.

Letter No. 178, dated 2nd February 1897, from the President of the Bangalore City Municipality, submitting Administration Report for the year 1895-96.

No. 1043-82—L. F. 95-96, DATED, BANGALORE, 20TH JULY 1897.

ORDER THEREON.—The Government have perused with much interest the report submitted by the President with the letter read above.

2. During the year under review the Bangalore City Municipality consisted of seven divisions, with eight elected, six nominated and four *ex-officio* members, besides the President and Vice-President. Messrs. P. N. Purnaiya and V. N. Narasimmiyengar held in succession the office of President during the greater part of the year 1895-96; and Mr. T. T. Leonard was appointed full-time President on the 8th May 1896, when the office of Vice-President was abolished. The municipal boundaries remained unaltered.

3. Twelve ordinary meetings and one special meeting were held during the year, and two Sub-Committees appointed. The average attendance of members at each meeting was as shown below :—

Description.	Total No. of members.		Average attendance.	
	1894-95.	1895-96.	1894-95.	1895-96.
Ex-officio	6	6	3·11	3·15
Ordinary	15	13	9·44	5·41

Those figures, as an indication of devotion to municipal work, are hardly satisfactory; and Government will look forward to better results in future years.

4. The total receipts (inclusive of an opening balance of Rs. 13,722) amounted to Rs. 1,59,155 and the expenditure to Rs. 1,33,445, leaving a closing balance of Rs. 25,710 against Rs. 1,50,367, Rs. 1,36,646 and Rs. 13,720 during the year previous.

5. The main heads of receipts and expenditure were as shown below :—

			10. Deposits	3,979	6,000
Total ...	1,37,858	1,45,433	Total ..	1,36,646	1,33,445

6. The incidence of taxation per head of population was Rs. 1-1-7 against Rs. 1-2-0 in the previous year.

7. The total collections under "Octroi" fell short of the budget estimate by Rs. 1,646 and those under "Mohatarfa" by Rs. 2,145. The decrease under

"Octroi" is attributed mainly to the smuggling of tobacco on a large scale, facilitated by the exemption of foreign brands from duty. This matter, on which the President has submitted a separate report, will receive the early attention of Government. No explanation has been given for the decrease under "Mohatarfa." Steps should be taken to recover, as speedily as possible, the very large balances (Rs. 19,356 and Rs. 16,912) which are shown as having remained uncollected under "House Assessment" and "Mohatarfa" at the close of the year, owing, it is said, to the late preparation of bills and late commencement of jamabandi work. The Government desire the President will be so good as to submit a special report as to what balances still remain outstanding up to date.

8. The main items of increased expenditure appear under the following heads:—

"Head Office," on account of additional payments towards salary of the President and Vice-President.

"Conservancy" owing to increases to the pay of existing hands, the entertainment of temporary establishment, purchase and repair of carts, &c.

"Lighting" due to an increase in the number of lamp-posts; and "Miscellaneous," comprising extra charges incurred in connection with H. E. the Viceroy's Reception and the City Market Show, besides payment of advances and re-payment of deposits.

9. The large decrease of nearly Rs. 10,000 under "Public Works" is attributed to non-execution of certain works ("Roads, special") owing to late sanction and to the small amount required for expenditure on water-supply repairs.

10. Of the total expenditure of Rs. 1,33,445, establishment and cost of collection absorbed 14·80 per cent against 12·97 per cent of last year; conservancy, lighting and other charges 23·63 per cent against 21·32 per cent of previous year, while of the remainder 28·30 per cent appear under "Public Works", 18·83 per cent under "Education" and "Charitable grants", 9·94 per cent under "Miscellaneous" and 4·50 per cent under "Deposits."

11. The number and proportion per thousand of births and deaths during the last two years, were as follows:—

Details.	Number during—		Proportion per thousand.	
	1894-95.	1895-96.	1894-95.	1895-96.
Births	2,073	1,951	25·82	24·12
Deaths	1,416	1,378	17·63	17·18

12. The length of roads and lanes under the charge of the Municipality is sixty-nine miles, of which fifty miles are urban, fourteen suburban and five District Fund. From the account given in paras 147 to 151 of the report, it is to be feared that the work heretofore done towards the repair and up-keep of roads is insufficient, and that a considerable degree of attention is still requisite for their thorough and efficient maintenance.

13. The sanitation of the Bangalore City, which is increasing with great rapidity, is always a subject of importance, and at the present moment demands the most serious consideration. The greatest sanitary requirement of the town is reported to be a good system of drains and sewers to carry off the refuse water of its growing population. The Sanitary Engineer, who is now engaged in the preparation of a project towards this end, will be requested to expedite the submission of his report through the Chief Engineer.

Out of a total of 11,125 houses in the city, the number to which daily conservancy has been extended is 839 only, giving a percentage of barely 7·54. A great number of houses are yet stated to contain deep cess-pools, owing to the overgrowing and extremely inconvenient situation of houses. The early replacement of these by a system of daily conservancy and the provision of conservancy lanes, reported to be a much-felt want, and of additional latrines and urinals should receive the early attention of the Board. In this connection, the Government express a hope that the President and the Municipal Commissioners will use their efforts towards ensuring the co-operation of the people in the carrying out of all sanitary measures intended for their health and comfort.

Adverting to the remarks made by the President in para 107 *et. seq.* of the report in regard to the defective stabling and penning of cattle in dwelling houses, which are built very closely together and badly ventilated, and the need for the enforcement of special sanitary measures, the Government observe that if any bye-laws are required to attain the object in view, the matter should receive the very early consideration of the Board.

14. In conclusion, the President is informed that matters of such vital importance as those referred to in the previous para should be brought to the notice of Government from time to time, as they arise, instead of being left for incorporation in Administration Reports, which are intended primarily to deal with the actual results of the working of departments.

Letter No. 671—622, dated 16th February 1897, from the Deputy Commissioner, Chitaldrug district, submitting copy of the Proceedings of the Davangere Municipal Board, urging that the levy of octroi, as directed by Government in their Order No. 6974-5—L. F. 102-95, dated 16th December 1895, seriously interferes with the trade of the town, and soliciting a re-consideration of the same.

No. 350—L. F. 102-95, DATED, BANGALORE, 9TH JULY 1897.

ORDER THEREON.—The Orders of the 16th December 1896 were passed by Government after careful consideration; and Government are of opinion that it is both undesirable and unnecessary to re-consider or modify those Orders, to which due effect should, therefore, be given immediately.

2. A strict compliance with the principle, laid down in para 2 of the Orders in question, of taxing only articles of local consumption and not those in transit or in storage for purposes of general trade, will effectually remove any grounds for the apprehension felt by the Municipal Board of interference with the trade of the town.

3. The Government are unable to devise for Davangere a system of octroi different from what obtains in other towns. It may, however, be observed that a system of bonded warehouses seems specially worthy of consideration for adoption in that town.

Report on the Administration of the Municipalities in the district of Chitaldrug for the year 1895-96, submitted with the Deputy Commissioner's letter No. 324—293, dated 19th October 1896.

No. 1126-36—L. F. 95-96, DATED 21ST JULY 1897.

ORDER THEREON.—There were nine municipalities in the district as in the previous year, with 20 *ex-officio* and 62 nominated members. Twelve meetings were held in each municipality, with the exception of Molakalmuru in which thirteen were held. The average aggregate attendance of the *ex-officio* members at municipal meetings remained at 13, while that of the nominated members rose from 48 to 49.

2. The following statement shows the main heads of income and expenditure during the last 2 years :—

3. There was an increase under all heads of income except "Fines" and "Miscellaneous" and a net decrease of Rs. 2,539. The President's explanation of the large decrease of Rs. 5,929 under the head "Miscellaneous" is that "the revenue from this source is a fluctuating one, and hence no specific reason can be assigned, except that the amount realized in the previous year was more than usual owing to the credit afforded to the municipalities of Chitaldrug, Holalkere and Davangere towards the loans sanctioned for the sanitary improvements of these towns, and also to the refund of the special imprests held by the Vice-Presidents of Chitaldrug and Holalkere towns."

4. The incidence of taxation per head of population was Re. 0-15-11.

5. The decrease of Rs. 2,073 in the total expenditure is ascribed to the non-receipt from the Comptroller of particulars of adjustments under certain items. The attention of the Comptroller will be drawn to this explanation, with a view to his making such arrangements as would ensure the necessary particulars being furnished in time for incorporation in the annual report.

6. The increase under "Collection" and "Conservancy" was due to the employment of additional establishments. The other variations call for no remarks.

7. It is gratifying to note that the work of collection in all the municipalities has been efficiently performed and that the small balance of Rs. 6 was all that remained in arrear at the close of the year.

8. The number of in-door patients fell from 100 to 83 while that of out-door patients rose from 30,762 to 39,283. Including four who were newly enlisted, there were in all nine *midwives* in the district who attended 561 labor cases during the year or nearly 200 more than in 1894-95. No explanation has been given as to why the midwife at Harihar did so little work during the year as conducting only five cases.

9. The number of vaccinations fell from 960 to 338; but no explanation of this large decrease, which occurred chiefly in Davangere and Molakalmuru, has been offered as it ought to have been, nor does the report show how many of the above number were dealt with by Hospital Assistants and how many by Vaccinators. This information should be furnished in future reports. The percentage of successful cases in primary vaccination and re-vaccination was 94 and 72, respectively.

10. Out of 546 deaths during the year, more than half was due to fever. While the total number of deaths from cholera for all the municipalities is given in Form B as only 11, para 25 of the report puts it at 212 for 5 towns and their suburbs. This discrepancy requires explanation. The births numbered 809 as against 845 *in the previous year.*

11. The chief feature of the Municipal Administration of the Chitaldrug District is the large number of useful works now being carried on mainly in connection with the sanitation and extension of the municipalities of Davangere and Harihar.

12. The water-supply of Chitaldrug, Davangere and other places is still reported to be insufficient. Government will be glad to learn how far the measures alluded to in the concluding paragraph of the report as being taken by the Deputy Commissioner have been successful in removing the difficulty.

4. The shanbhogs, patels and other village servants to be employed under the direction of the shekdars in the manner proposed in paras 5 and 7, to aid in collecting and to prevent smuggling: and a reward of 10 per cent of the sale proceeds of smuggled goods to be paid to the person who discovers and brings the fraud to light. As a further means of stimulating these officials to exert themselves, the Commissioner is of opinion that a small percentage on the collections of their Hobli might also be given to them.

Chief Commissioner's Proceedings No. 20996—R. 27, dated, Bangalore, 30th May 1877.

The Chief Commissioner observes that the rule laid down in para 4 of this office No. 4074—R. 55, dated 11th December 1865 applies to persons who bring to light cases of smuggling and where a higher rate of reward is deemed proper, special sanction should be applied for.

Administration Report of the Municipalities in the Kadur District for the year 1895-96 submitted with the Deputy Commissioner's letter No. 77, dated 23rd December 1896.

No. 1548-51—L. F. 95-96, DATED, BANGALORE, 28TH JULY 1897.

ORDER THEREON.—This report has been submitted nearly three months after the expiry of the due date. Future reports should be submitted within the prescribed date (30th of September).

2. There were eight municipalities during the year as against seven in 1894-95, one having been newly established at Sakrepatna.

3. There were 24 *ex-officio* and 58 nominated members, in all the municipalities taken together.

4. Only 65·6 per cent of the total number of members attended the monthly meetings, as the appointment of certain additional members took place during the latter part of the year. There was, however, on the whole a slight improvement in the average attendance both of *ex-officio* and of nominated members.

5. The following tabular statement exhibits the main heads of Income and Expenditure in the several Municipalities in the District.

Receipts.	1894-95.	1895-96.	Increase or decrease.	Expenditure.	1894-95.	1895-96.	Increase or decrease.
	Rs.	Rs.	Rs		Rs.	Rs.	Rs.

Total ...	58,146	63,115	+4,969	Total ...	47,970	61,815	+13,845
Opening Balance ...	...	54,437	...	Closing Balance ...	...	55,737	...
	...	1,17,552	...		...	1,17,552	..

6. The total receipts showed a net increase of Rs. 4,969 over those of the year 1894-95. This increase occurred under all items except rents and deposits, and in all the municipalities except those of Tarikere and Yedahalli. The incidence of taxation per head of the population (30,753) was Rs. 1-2-10. The increase under "Octroi" is attributed to the growing importance of Chikmagalur. The other items call for no special remark.

7. The expenditure showed a net increase of Rs. 13,845. There was an increase under all heads, except Police, Charitable grants, Education and Contribution. The large increase of 8,686 under "Public Works" was due to the execution of several works of public usefulness, such as the opening of roads laying out V-shaped drains, construction of market stalls etc.

8. The total demand including arrears amounted to Rs. 47,206, of which Rs. 44,331 were collected during the year, leaving a balance of Rs. 2,875 at the close of the year, the bulk of which belonged to the Chikmagalur Municipality.

9. The number of out-door patients treated in the hospitals and dispensaries increased from 28,418 in 1894-95 to 38,448 in 1895-96 and that of in-patients from 50 to 122. The total number of cases attended by midwives increased from 299 to 378.

10. The number of persons vaccinated was 1,096 against 552 in the previous year. Of the above, 1,081 were primary vaccinations with 94·17 per cent of successful cases and 15 re-vaccinations, all of which were successful.

11. There were 416 births and 373 deaths during the year. The corresponding figures for the previous year were 451 and 312, respectively. More than three-fourths of the deaths were due to fever of one kind or other.

12. Good progress was made during the year with regard to works connected with the water-supply and the extension of the Chikmagalur town.

READ:—
Report on the Administration of the Municipalities in the Shimoga District for the year 1895-96, received with the Comptroller's letter No. 1254, dated 19th December 1896

No. 1650-69—L. F. 95-96, DATED 29TH JULY 1897.

ORDER THEREON.—Including Kallurkatte, which was newly constituted a municipality during the year, there were altogether 14 municipalities composed of 33 *ex-officio* and 103 nominated members. There was a slight improvement in the average attendance at the monthly meetings, being 26 for *ex-officio* and 69 for nominated members as against 25 and 60 respectively during the previous year.

2. The inaccuracy of figures furnished in a report greatly detracts from its value; and in this case an additional element of confusion has been introduced by the fact that the statement given in para 6 of the report has been alone corrected by the Comptroller, while the rest of the figures have been left intact. At the same time the omission of detailed statistics for 1894-95 renders it impracticable to compare the results of that year with those of 1895-96. The Deputy Commissioner is requested to carefully avoid such defects in future reports.

3. The receipts which exceeded those of the previous year by Rs. 2,446 amounted according to the Deputy Commissioner's figures to Rs. 43,462 classified as shown under :—

	Rs.
Octroi	... 8,971
House tax	... 16,591
Mohatarfa	... 13,024
Rents	... 577
Miscellaneous	... 4,299
Total	... 43,462

4. The incidence of taxation per head of the population (*viz.* 44,415) was about Re. 0-13-10.

5. Including the opening balance of Rs. 32,827 the amount available for expenditure was Rs. 76,289, of which Rs. 30,140 were expended as shown below, leaving a closing balance of Rs. 46,149.

	Rs.
Head office	708
Collection	821
Conservancy	13,692
Lighting	1,556
Public works	7,822
Charitable grants	3,781
Miscellaneous	1,760
Total ...	30,140

6. The expenditure under "Conservancy" was a little more than Rs 1,500 in excess of that for the year previous, which is attributed to additional establishments entertained and increases of pay given to existing hands.

7. The cost of the public works executed was Rs. 779 below that for 1894-95, and was incurred on the construction and repair of roads, tunnels, drinking water wells, &c.

8. There were eight Local Fund dispensaries in the district aided by the municipalities, and the number of in-door and out-door patients treated therein increased from 19 to 25 and from 44,554 to 49,745, respectively. The increase in the average cost per patient treated from less than 6 pies to nearly one anna should have been explained.

9. The midwives in the district, seven in number, are reported to have done fairly good work, having attended 432 labor cases in all.

10. Fever continues to be the chief source of mortality, as many as 279 out of 659 having died of this disease, as against 291 out of 796 in the previous year. The deaths from cholera declined from 159 to 31. The number of births increased from 605 to 758.

11. It is hardly satisfactory that out of a population of 44,415 within municipal limits, only 767 were vaccinated during the year as against 786 in 1894-95. It is hoped that stricter supervision will be exercised over the work of the vaccinators.

ORDER THEREON.—Recorded.

2. Government observe that in the Bangalore district, all the Amildars, but those of the Devanhalli and Anekal taluks, require to be censured for not itinerating more in their taluks during the month under review. The explanation of the Amildar of Hoskote for not submitting his diaries for the period under report should be obtained and submitted for the orders of Government.

3. It is hoped that the Deputy Commissioner of the Tumkur district will insist upon his Amildars camping out for ten days systematically in every month.

4. The explanations of the Amildars of the Mandya and Malvalli taluks, for not camping out even for a single day in the month, should be obtained and submitted.

5. The explanation of the Amildar of Davangere that he could not go otu visiting villages in the month under review on the ground that his child was sick and required his constant attendance cannot be accepted, and he should be advised to take leave, if his family inconveniences interfere in any manner with the discharge of his public duties.

6. The attention of the Deputy Commissioners of the Bangalore and Hassan districts is drawn to the omission to insert in their reviews the names of the Amildars.

Government Proceedings No. 5981-89—R. 2041, dated 23rd December 1896, issuing instructions in regard to the preparation of the monthly return required by the Government of India, showing the quantity, &c., of cotton goods produced in the mills in the Mysore State.

2. Letter No. 2762, dated 2nd July 1897, from the First Assistant to the Resident in Mysore, forwarding copy of Government of India letter No. 31 F.C.—S., dated 25th June last, to the address of the Resident in Mysore, explaining the manner in which Return No. 1 should be prepared.

Letter No. 31 F. C.—S., dated 25th June 1897, from the Government of India, Finance and Commerce Department, to the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 2180, dated the 20th May 1897, forwarding the statements relating to cotton goods and yarn produced by the mills in Mysore for December 1896 and January and February 1897.

2. I am to observe that the Statement (No. 1) does not appear to have been compiled in accordance with the instructions contained in this Department Resolution No. 1120.—S. R., dated the 11th March 1896. The return prescribed in that Resolution, as will be seen by reference to the form appended to it, was meant to show (1) the quantity of goods actually "Produced," and (2) the amount of duty actually realized during the one month to which the return relates. The amount shown in the two columns have no relation to each other. What is wanted is simply (1) a return of the cotton goods produced in a specified month, and (2) a return of the revenue actually received in the same month.

3. I am to point out that in Statement No. I. furnished by the Mysore State, the quantity shewn as "Assessed" to "Duty" is invariably identical with the quantity shown as "Produced" during the month. This could only be the case either if the quantity "Produced" during a month (and subsequently assessed) was always exactly the same (which it obviously is not), or if the entire quantity produced during a month could be assessed before the expiry of that month (which would be impossible). It seems clear, therefore, that there has been some misapprehension as regards the preparation of this return. Under the provisions of the India Cotton Duties Act II of 1896, the duty on goods produced in any month cannot be assessed earlier than in the following month, and the presumption is that the figures entered in the last two columns of Statement I for December 1896, and January and February 1897, furnished by the Mysore State, ought to have been entered in the statements for January, February and March, respectively, in which the quantities produced during these months are shown.

4. I am, therefore, to return these statements and to request that you will be so good as to have revised returns prepared in the manner explained above for these three months, together with the returns for March 1897, furnished to this department as soon as possible, as the completion of the consolidated statement for all provinces is delayed, pending the receipt of the returns from Mysore.

No. 175-82—R. 59, DATED, BANGALORE, 7TH JULY 1897.

ORDER THEREON.—The Deputy Commissioner, Bangalore district, is requested to submit at once fresh Returns (No. 1) relating to cotton goods produced in the mills at Bangalore for the months of December 1896 and January to April 1897, prepared in conformity with the views expressed by the Government of India in their letter to the address of the Resident in Mysore referred to above. The future returns should also be prepared accordingly. It should be borne in mind that only so much of the quantity (whether produced in the month to which the return relates or in previous months) as that on which duty is actually collected has to be exhibited in column 3 of Return No. 1 (quantity assessed to duty during the month) the amount of duty so collected being entered under column 4, "Amount received on each description."

2. It should be noted that Section 6 of the Cotton Duties Act mentioned in the heading of column 2 of Return No. 1 alluded to above and appended to Government of India Resolution No. 1120, S. R., dated 11th March 1896, printed with Government Proceedings No. 5981-89—B. 204], dated 23rd December 1896, bears reference to Section 3 of Regulation No. II of 1896, as introduced into Mysore.

The increase in deaths from "Accidents and other causes" is very considerable in the Shimoga and Kadur districts. The attention of the Deputy Commissioners of these districts is drawn to para 2 of Government Proceedings No. 9729-36—R. 5199, dated 3rd May 1897, and they are again requested to investigate the cause of such a large increase.

No. 335-42—R. 115, DATED, BANGALORE, 10TH JULY 1897.

ORDER THEREON.—Recorded.

2. The Amildars of Channapatna and Magadi did not itinerate much during the month under review. The Hoskote Amildar, who has not sent up his diary, should be called upon to submit his explanation in the matter.

3. No review of any kind seems to have been made by the Deputy Commissioner of Kolar on the diaries of his Amildars. The Amildar of Chikballapur did not leave his head-quarters except for a day, while most of the other Amildars of the district were not out for more than five days. It is disappointing that the Deputy Commissioner did not notice such short itineration.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

2. There has been a net decrease of Rs. 65,460 in the total demand, of which Rs. 54,227 was due to the arrears at the beginning of the year being less than those at the commencement of last year as shown in the margin. The remaining decrease of Rs. 11,233 was due to the net fall in the current demand notwithstanding an increase of Rs. 35,410 in the Kolar, Tumkur, Hassan and Chitaldrug districts as shown below :—

Districts.	Arrears at the beginning of last year.	Arrears at the beginning of current year.	Difference.
Bangalore	17,100	15,840	—1,260
Kolar	7,878	8,332	+454

Chitaldrug ...	21,069	2,029	—19,040
Total ...	1,21,359	67,132	—54,227

Districts.	1895-96	1896-97.	Difference.
Bangalore	6,13,760	5,81,650	—32,110
Kolar	4,50,014	4,75,453	+25,439
Tumkur	2,24,544	2,30,546	+6,002
Mysore	4,51,448	4,47,156	—4,292
Hassan	1,81,987	1,82,184	+197

Chitaldrug	1,67,480	1,71,206	+3,726
Huzur Treasury	6,860	6,907	+47
Total ...	25,10,804	24,99,571	—11,233

The decrease in the Bangalore, Mysore, Shimoga and Kadur districts is large. The reports from the Deputy Commissioners of the Bangalore, Shimoga and Mysore districts already called for in this office No. 9779-89—Ex. 345, dated 4th May 1897, regarding the decrease up to end of December 1896, have not been received, and the Deputy Commissioners are requested to submit them without further delay.

3. The percentage of balance to the entire demand is as noted below :—

Districts.	1895-96.	1896-97.
Mysore	7·2	10·4
Chitaldrug	2·9	3·0
Bangalore	2·8	2·9
Kolar	2·2	2·7
Hassan	4·1	2·2
Kadur	0·1	1·7
Tumkur	0·8	1·3
Shimoga	0·3	0·7

While Hassan shows a decrease in the balance at the end of the period under review all the other districts show a slight increase, and Mysore heads the latter with a rise of more than three per cent.

4. Out of the total closing balance of Rs. 99,185, Rs. 44,917 relate to previous years, the districtwar particulars of which are as noted below: —

Districts.	Amount.
	Rs.
Bangalore	6,848
Kolar	5,659
Mysore	28,732
Hassan	3,283
Chitaldrug	395
Total ...	44,917

The Deputy Commissioners of these districts are requested to take earnest steps for the early adjustment of the outstanding balances.

5. The attention of the Excise Commissioner is invited to this office No. 9815—Ex. 346, dated 5th May 1897, calling for the submission of an explanatory memo showing the details, &c., of balance along with the monthly demand, collection and balance returns.

2. There is a decrease of Rs. 73,469 in the total demand for the province, the districts of Kolar, Hassan and Kadur chiefly contributing to the same. The Deputy Commissioner of the Hassan district reports that the decrease was due to rajmanas and decrease in the number of malki sales of coffee jungles, while the Deputy Commissioner of Kadur states that it was due to the falling off in the receipts chiefly under the heads, "Sale proceeds of coffee jungles and other lands," as also to the reduction of Rs. 7,500 in the assessment on supari bagayet lands, in the Koppa taluk for the year 1896-97. The Deputy Commissioner of the Kolar district, who has not as yet reported the cause of the decrease notwithstanding the observations made in Government Proceedings Nos. 8628—R. 2912 and 9964-72—R. 3256, dated 31st March 1897 and 7th May 1897, respectively, is requested to do so without further loss of time.

3. The total collections for the period under review show an increase of Rs. 24,514. The collections as shown by the Deputy Commissioners differ from the Comptroller's figures to the extent noted below:—

Districts.	As per Deputy Commissioners.	As per Comptroller.	Difference.
Bangalore	8,38,900	8,38,900	Nil
Kolar	8,59,027	8,72,023	—12,996
Tumkur	9,07,322	9,07,322	Nil
Mysore	13,76,760	13,77,306	—546
Hassan	9,24,706	9 24,321	+385
Shimoga	10,95,961	10.96,033	—72
Kadur	6,53,992	6,54,024	—32
Chitaldrug	5,48,919	5,49,081	—162

The difference of Rs. 12,996 in the Kolar district is stated by the Deputy Commissioner to be due to the marginally noted transfers from one head to another. The differences pointed above should be finally adjusted in the accounts for June 1897, in communication with the Comptroller, if necessary.

		Rs.
Transferred to Mohatarfa	...	7,496
Ditto to Local cess	...	4,705
Ditto to Irrigation cess	...	795
Total	...	12,996

4. The balance is very heavy in all the districts, except Chitaldrug. The percentage of balance to the total demand as compared with the corresponding period of the past year stands as noted below :—

District.	1895-96.	1896-97.
Bangalore	6·1	8·8
Kolar	9·8	14·7
Tumkur	5·8	8 1
Mysore	10·4	5·4
Hassan	8·7	10·7
Shimoga	26·0	17·6
Kadur	20·9	21·5
Chitaldrug	5·7	1·3

5. *Sayer and Salt.*—The balances of Rs. 1,636 and Rs. 1,015 in the Shimoga and Kadur districts, respectively, under the head "Sayer," and of Rs. 1,205 under the head "Salt" in the Kolar district, should be collected early.

6. *Mohatarfa.*—The Deputy Commissioners of the Mysore, Kolar, Bangalore, Shimoga and Hassan districts are requested to take measures for the early collection of the balances in their districts.

7. *Miscellaneous.*—The Deputy Commissioners of Shimoga and Mysore districts will, it is hoped, endeavour to collect the heavy balances in their districts, as early as possible.

No. 540-9—R. 187, DATED, BANGALORE, 15TH JULY 1897.

ORDER THEREON.—Government deem it necessary that the Khaneshumari account should be written up regularly in Form No. 11 Appendix A to the Land Revenue Rules (yearly until further orders) for all municipal towns, and the statistics incorporated with those relating to other villages in a taluk and district. Particulars of live-stock, &c., in municipalities should accordingly

be included in Government of India Table IV. of Agricultural Statistics (*vide* para 5 of Government Proceedings No. 6901-9—R. 2691, dated 28th January 1896). The account should be prepared by the establishment employed in the assessment and collection of mohatarfa in municipal towns, *viz.*, the firka shanbhog or the municipal mutsaddi employed in his stead, and an abstract thereof, containing the headings and totals of each column, furnished to the Deputy Commissioner from each Municipal office for incorporation with the Statistical Returns for the entire districts.

2. The Deputy Commissioner of Kolar should arrange to have the account written up for 1896-97 in the Municipalities of Chikballapur, Bowringpet and Sidlaghatta where, it is reported, that (for reasons not stated) it has not been attempted at all or been discontinued for some time past.

No. 591-600—R. 203, DATED, BANGALORE, 16TH JULY 1897.

ORDER THEREON.—*I. Irrigation Wells.*—It is observed from the statement No. I appended that out of the balance of Rs. 562-8-4 outstanding on 30th September 1896, only Rs. 206-6-2 have been recovered, leaving a large balance of Rs. 356-2-2, and that annas 6 and pies 6 have been recovered as interest on overdue instalments in the Pavagada taluk of the Tumkur district, while no such interest has been shown in the returns received from the other districts. The attention of the Deputy Commissioner of Chitaldrug is invited to the large balance of Rs. 204-14-4 outstanding in the Hiriyur taluk alone.

Every endeavour should be made to collect at once all outstanding arrears with interest under the rules, and the amount of interest collected on overdue instalments should be shown in the column of remarks.

II. Land Improvement.—Under this head, the sum of Rs. 6-14-1 which remained unadjusted on 30th September 1896 in the Mysore district is still outstanding. This amount should be collected at once with interest as per rules.

III. Saguvali Kattes.—Statement No. II appended shows a large balance of Rs. 452-6-7 against the Chitaldrug district at the close of the quarter under review.

The Deputy Commissioner is requested to adopt early measures for the adjustment or recovery of this balance.

ORDER THEREON.—Recorded.

2. The Deputy Commissioner of Bangalore is requested to insist upon the camping out of Amildars ordinarily for at least ten days in a month, when alone they will be able to know all about the requirements of the interior of their taluks.

3. The plea of illness put forward by Sira Srinivasa Rao, Amildar of Sidlaghatta, for his not touring during the month, cannot be accepted. If he was disabled from doing Government work efficiently, he ought to have obtained leave on medical certificate. The Amildar of Kolar should be warned to camp out for not less than ten days in the month. The attention of the Deputy Commissioner of Hassan is drawn to the omission to insert the names of Amildars and to the necessity of warning the Amildar of Holé-Narsipur to itinerate more in his taluk. M. Krishna Rao, Amildar of the Holalkere taluk, Chitaldrug district, should be informed that his out-door work is not satisfactory.

Letter No. 1,768, dated the 28th May 1897, from the Deputy Commissioner of the Mysore district, submitting for orders correspondence ending with the French-Rocks Sub-Division Officer's Memo, dated 19th May 1897, regarding the purchase by Hasan Ali Beg, Amildar of the Seringapatam taluk, in his son's name, of 17 acres and 1 gunta of land in that taluk, before obtaining the sanction of Government therefor.

No. 630-7—R. 209, DATED BANGALORE, 16TH JULY 1897.

ORDER THEREON :—It is observed from the vernacular papers submitted that, on the 31st January 1897, Amildar Hasan Ali Beg applied for permission to acquire the lands in question, but the Sub-Division Officer having called for details regarding extent, &c., of the lands, the Amildar furnished the same on the 4th February and reported on the 5th that the lands had been purchased in anticipation of Government sanction. Though the Sub-Division Officer considers the bargain to be a fair one, the Amildar was clearly wrong in anticipating Government sanction in the matter. As, however, Hasan Ali Beg's retirement has been ordered, no orders are called for on the subject of the irregularities clearly brought home to him.

(2) Letter No. 940, dated the 11th May 1897, from the Deputy Commissioner, Tumkur district.

With reference to Government Order No. 5443-50 –R. F. 46-95, dated 14th December 1896, requesting the Deputy Commissioners to satisfy themselves that all security bonds relating to immovable property executed by Revenue officials are in proper form and have been duly registered, I have the honor to state that none of the bonds in question has been registered. In requiring that they should now be registered, the question arises who is to pay the penalty prescribed by the Registration Act for presentation of the documents beyond the prescribed time and the fees for registration. The official concerned may well be required to pay the registration fee, but it will be hard, I think, to make him bear the charges on account of penalty for late presentation. If the old bonds are now to be replaced by new ones, the official will have to bear the cost of the stamp paper for the fresh bond.

2. I solicit orders on the point.

(3) Also letter No. 2, dated 2nd July 1897, from the Government Advocate.

With reference to the Memo No. 11623—R. F. 46 951, dated 30th ultimo, I am of opinion that under Section 29 of the Stamp Act, in the absence of an agreement, the executant has to bear the expenses of the stamp. As suggested by the Deputy Commissioner, it would be hard to require the executant to execute once more on a stamp paper at his cost. I would, therefore, suggest that the Government might agree to bear the expenses, in which case, under Section 29 and also clause 18, Schedule II of the Stamp Act, the executant might execute the deed on plain paper and register it.

No. 619-27—R. F. 46-95, DATED, BANGALORE, 16TH JULY 1897.

ORDER THEREON.—Under the circumstances of the case, Government are pleased to approve of the suggestions made by the Government Advocate, which should accordingly be given effect to. This order applies only to those cases in which the security bonds have to be renewed to remedy the defect of registration of the old bonds.

Proceedings of Government No. 3125-33—R. F. 53-96, dated 19th September 1896, directing that in order to grant extra stationery allowance to shanbhogs for preparing the village accounts in the new forms, their stationery allowance be calculated villagewar instead of chargewar, the rate of increase in the allowance being fixed at 35 per cent instead of at 50 per cent, as proposed by the Superintendent of Revenue Survey.

ALSO :—

Letter No. 327, dated 25th November 1896, from the Superintendent of Revenue Survey, stating, with reference to the aforesaid proceedings, that it was not his proposal that the calculation of the allowance villagewar and the grant of increase should take effect together: that what he proposed was that the existing stationery allowance should, as a temporary measure, be increased about 50 per cent pending a more permanent measure which should comprise the calculation of the allowance villagewar instead of chargewar; and suggesting therefore that a rule be laid down to the effect that in all future revisions of Potgi settlement, the shanbhogs' stationery allowance should be calculated villagewar as in the case of similar allowance to patels, and that in talks, the Potgi settlement whereof is not due, or likely to be completed within three years, the present stationery allowance to shanbhogs shall be increased by 35 per cent.

ALSO :—

Letter No. 433, dated 7th January 1897, from the same Officer.

No. 873-81—R. F. 53-96, DATED, BANGALORE, 21ST JULY 1897.

ORDER THEREON.—Government observe that in para 2 of his letter No. 732, dated 5th February 1892, the Superintendent of Revenue Survey has shown that in a village containing 100 survey numbers, the increase of stationery allowance on account of extra paper required for preparing the accounts in the new forms is 33 per cent. This is an average village, and there are many villages which contain more than this average number of 100 survey numbers. The increase proposed to be given, however, is only 55 per cent and includes but a small remuneration for the increased labor. Indeed, in many cases, it does not take any account at all of the additional labor imposed upon the shanbhogs in writing up the additional

accounts. The basis of calculation being the cost of paper, and the unit of the paper consumption being a village, it is hard to defend on any intelligible principles the clubbing of the sadilwar allowances for a number of villages; and it is on these grounds that the proposal has been now sanctioned for computing this allowance according to the requirements of each of the villages comprised in a shanbhog's charge.

But it is believed that the sadilwar allowance calculated at the same rate as that of shanbhogs was granted to patels. The calculation, however, having been made villagewar in their case, the allowances of patels were larger than those of shanbhogs; and the change of treatment now sanctioned had for its object the unification of the method adopted and the removal of the anomaly above pointed out. Having regard to the quantity of writing work turned out by the patels and the shanbhogs, and especially after the introduction of the new forms of accounts entailing much additional labor and time on the part of the shanbhogs, there can be no doubt that the latter do a great deal more writing work than the former.

The adoption of the same rate of allowance for both cannot, under the circumstances, but be arbitrary and unequal.

There is no reason to continue such an apparent and glaring inconsistency, and the Government were guided by this consideration in sanctioning the increased rate. Before, however, making the order final, the Government will be glad if the Superintendent of Survey will consider these views as above set forth and make any further representation which he may wish to make. When doing so, he will also favor the Government with information of the aggregate cost to Government according to each of the methods suggested above.

In the meanwhile, the Government direct that in all taluks, the Potgi settlement of which is not due, or likely to be completed within three years, the present stationery allowance to shanbhogs be increased 33 per cent and statements furnished by the Survey Superintendent accordingly. This increase may be granted separately and temporarily for the sadilwar till such time as the present Potgi does not come in for revision under the 10-Year Rule.

Letter No. 627, dated 16th December 1896, from the Deputy Commissioner, Bangalore district, recommending that Survey No. 6 (a tope) measuring 38 guntas in the Adagodi village, Bangalore taluk, be assessed and sold to Mr. Bakewell, the owner of "Morrison's Farm" in the same village, at 20 years' purchase.

2. Letter No. 568, dated 25th February 1897, from the Superintendent of Revenue Survey stating that the Deputy Commissioner's recommendation may be sanctioned.

3. Correspondence ending with letter No. 728, dated 19th January 1897, from the Deputy Commissioner, Bangalore district, submitting further report regarding Survey No. 20 (a tope) measuring 13 acres and 9 guntas and assessed at Rs. 20 of the Basettihalli village in the Doddballapur taluk, proposed to be granted to one Ramachandra Rao subject to his paying a fair valuation.

No. 997-8—R. 333, DATED, BANGALORE, 23RD JULY 1897.

ORDER THEREON.—Both the topes above referred to are reported to be useless to travellers and are therefore recommended by the Deputy Commissioner to be given away to private ownership. In the case of the tope proposed to be granted to Mr. Bakewell, the Superintendent of Revenue Survey supports the opinion of the Deputy Commissioner, and, in the case of the tope proposed to be granted to Ramachandra Rao, he has already imposed an assessment of Rs. 20 at the instance of the Deputy Commissioner. These facts are sufficient to bring the two topes within the scope of the direction contained in para 5 of Government Proceedings No. 12534-44—R. F. 116-92, dated 24th January 1895. In the words of that order, these topes are reported to be "practically of no use either to travellers or to the village community." In respect of the tope in

the Dodballapur taluk, which appears to have been conveyed to one Aralasami Pille by Ramachandra Rao, the Deputy Commissioner has arranged to levy the whole of the past assessment amounting to Rs. 298-7-4, as shown in the margin, and a lump sum of Rs. 100 for the existing trees, which amount is deemed a fair consideration. As regards the tope in the Bangalore taluk, he proposes to levy 20 years' kandayam from Mr. Bakewell.

	Rs.	a.	p.
Kandayam for 2 years prior to the Survey Settlement at Rs. 9-3-8 per year.	18	7	4
Kandayam for 14 years since the Settlement at Rs. 20 a year.	280	0	0
Total ...	298	7	4

2. Under the above circumstances, Government are pleased to sanction the Deputy Commissioner's recommendation in both the cases. The assessment leviable on Survey No. 6 of the Adagodi village will be fixed in communication with the Superintendent of Revenue Survey.

3. As regards the proposal to allow Mr. Bakewell to retain on certain conditions the 5 guntas of land encroached upon by him out of Survey No. 7 of the Adagodi village of the Bangalore taluk, the Deputy Commissioner is informed that it is inconvenient to deal with two different subjects mixed up in one communication. As it is further reported that another case of encroachment in the same village is under enquiry before him, the Deputy Commissioner will do well to report upon these matters in a separate communication.

No. 1001-8—R. 335, DATED, BANGALORE, 23RD JULY 1897.

ORDER THEREON.—The appended statement marked A, prepared in this office, shows the number of "Regular," "Original," "Appeal" and "Referred" cases filed and disposed of during the quarter under review as compared with those of the corresponding period of 1896.

2. The dates of the oldest cases pending in all the districts except Hassan are as given below :—

Bangalore	...	...	31st January 1893.
Kolar	...	...	12th October 1895.
Tumkur	...	...	3rd February 1896.
Mysore	...	...	29th November 1894.

3. The Deputy Commissioners of Bangalore, Kolar and Mysore in particular are requested to arrange for the early disposal of all old cases.

4. The disposal of "Petitions" and "Miscellaneous Proceedings" is exhibited in the following statement marked B.

5. In the returns submitted by the Deputy Commissioner, Kolar, for the month of December 1896, 1,752 cases under the head "Miscellaneous Revenue Proceedings" were shown as pending at the end of the month, while only 173,3 cases have been shown as pending disposal at the beginning of January 1897. Again under the head "Orders, Reports, &c.," in the Chitaldrug district, 766 cases were shown as pending at the end of December 1896, while 780 cases are now shown as pending disposal at the beginning of January 1897. The Deputy Commissioners of these two districts are requested to explain these discrepancies at an early date. In the Hassan district, 19 cases, which were reported by the Deputy Commissioner to have been left out by oversight in the balance of cases pending at the end of September 1896, have now been included in the number of cases pending disposal at the beginning of January 1897. Such mistakes should be carefully avoided in future.

Letter No. 73, dated the 8th July 1897, from the Deputy Commissioner, Bangalore district.

No. 1301-4—R. F. 16-97, DATED, BANGALORE, 29TH JULY 1897.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association (in duplicate) of the proposed Agricultural Bank at Tavarekere in the Magadi taluk.

2 The Bank is proposed to be established for the benefit of Tavarekere and 49 other villages and there are at present 28 members on the roll owning 749 acres and 19 guntas of land, of which 439 acres and 5 guntas are inam, and the aggregate value of which is estimated at Rs. 24,110, with a liability of Rs. 6,601.

3. The members proposed to start the Bank with a capital of Rs. 25,000; but the Inspector, Agricultural Banks, recommends the grant of an advance of Rs. 13,000, which the Deputy Commissioner thinks reasonable. Government accordingly sanction an advance not exceeding Rs. 13,000, being made for the Agricultural Bank at Tavarekere and authorize the Deputy Commissioner to place the said amount in the Magadi Taluk Treasury for the purpose. Interest at 4 per cent per annum must be recovered from the Bank half-yearly, up to 30th June and 31st December of each year, on the sums actually borrowed by the Bank. The Memorandum and Articles of Association (in duplicate) are herewith returned to the Deputy Commissioner, with a request that he will take steps to get the same duly registered. Steps should be taken to see that the encumbrances are discharged and the documents relating thereto duly secured by the Bank.

Correspondence ending with letter No. 1735, dated 20th May 1897, from the Deputy Commissioner, Mysore district, on the subject of the remission of assessment on certain wet lands below Lokaraya Channel in the Kere village, Mysore taluk, amounting to Rs. 243-1-3 for the year 1894-95.

No. 1334—R. 430, DATED, BANGALORE, 30TH JULY 1897.

ORDER THEREON.—In this case, the remission of wet assessment has been recommended on the ground of insufficiency of water in the river and consequent failure of crop on certain lands commanded by a channel drawn from it. But Government observe that this is not a sufficient ground for the proposed remission, inasmuch as no such remission is granted in ordinary years in respect of lands under tanks, except when a breach or other accident occurs. In the present case, there has been no breach in, or other accident to, the channel in question; and lands under channels do not differ from those under tanks, and even if there is any difference at all, the reasons against any concession in respect of the former preponderate. Government cannot, therefore, sanction the Deputy Commissioner's recommendation, which is not based on any ruling of Government.

Letter No. 48, dated 13th July 1896, from the Deputy Commissioner, Tumkur district, soliciting instructions as to the disposal of hippe, tamarind, &c., fruit trees, found in vacant sites belonging to private individuals, which are assessed under Government Proceedings No. 16919-27—R. 1699, dated 6th April 1894.

2. This office Official Memorandum No. 880-86—R. 349, dated 23rd July 1896, requesting the Deputy Commissioners of all the districts (except Tumkur) to report the practice obtaining in their districts as regards the disposal of the products of hippe tamarind, jack and other fruit trees standing on vacant building sites belonging to private individuals.

3. Also:—This office docket No. 887—R. 350, dated 23rd July 1896, to the Deputy Commissioner, Tumkur district, enquiring if the practice of selling the usufruct of hippe, &c., fruit trees by Government at Amarayi sales is general in the Tumkur district.

And the following replies of the Deputy Commissioners of the Districts.

(1) No. 208, dated 1st August 1896, from the Deputy Commissioner, Mysore district.

With reference to your Official Memorandum No. 880-6—R. 349, dated the 23rd July 1896, enquiring of the practice in this district regarding the disposal of the produce of fruit trees standing on vacant building sites belonging to private individuals, I beg to state that fruit trees on such sites are the property of the owners of the sites and therefore they deal with them as they like.

(2) No. 137—116, dated 3rd August 1896, from the Deputy Commissioner, Shimoga district.

Government Official Memorandum No. 880-6—R. 349, dated 23rd instant, requesting to report the practice obtaining in the district as regards the disposal of the produce of hippe, tamarind and other fruit trees standing on vacant building sites belonging to private individuals, subject to assessment.

With reference to the above, has the honor to state that the produce of fruit trees standing on vacant building sites subject to assessment is enjoyed by the occupants, while the produce in Government vacant building sites is sold by public auction with the village Amarayi annually.

(3) No. 127, dated 21st August 1896, from the Deputy Commissioner, Kadur district.

In reply to Secretary's Memo No. 880-6—R. 349, dated 23rd ultimo, calling for a report as to the practice obtaining in this district as regards the disposal of the produce of hippe and other fruit trees standing on vacant building sites belonging to private individuals, subject to assessment under the terms of Government Proceedings No. 16919-27—R. 1699, dated 6th April 1894, has the honor to state that the practice in this district is that the owners of such sites have the full right to the trees and the produce thereof.

(4) No. 266—242, dated 21st September 1896, from the Deputy Commissioner, Chitaldrug district.

With reference to the Government Official Memorandum No. 880-6—R. 349, dated 23rd July 1896, has the honor to state that in the majority of cases the produce of hippe, tamarind, jack and other fruit trees standing on vacant building sites belonging to private individuals is being enjoyed by the owners of such sites, and it is only in very few instances where the right to such produce is reserved to Government according to the terms of the sale of sites, that the produce is sold by Government and the sale proceeds are credited under Village Amarayi subordinate to the head "Land Revenue, Miscellaneous."

(5) No. 533, dated 27th November 1896, from the Deputy Commissioner, Bangalore district.

With reference to Government Official Memo No. 880-6—R. 349, dated 2nd July 1896, has the honor to state that the produce of hippe, tamarind, jack and other fruit trees on vacant building sites belonging to private individuals is enjoyed in this district by their owners.

2. The assessment of these sites has not yet been fully carried out, *vide*, this office No. 2, dated 17th instant.

(6) No. 708, dated 29th January 1897, from the Deputy Commissioner, Hassan district.

With reference to your Official Memorandum No. 880-6—R. 319, dated 23rd July 1896, calling for a report as to the practice obtaining in the district as regards the disposal of the produce of hippe, tamarind, jack and other fruit trees standing on vacant building sites belonging to private individuals, subject to assessment under the terms of Government Proceedings No. 16919-27—R 1699, dated 6th April 1894, I have the honor to state that there is no uniformity of practice throughout the district in the matter.

2. The Amildars of Hassan, Arkalgud and Holé-Narsipur report that trees standing on vacant building sites whose ownership is established beyond doubt are not taxed, but those on "Sarkari" and kharab lands are subject to the "Amarayi" sale. The Amildars of Channarayapatna, Belur and Arsikere state that only such trees as were subjected to the Amarayi kandayam even from before the survey settlement are brought under the "Amarayi" sale, the exemption extending only to cases in which people have enjoyed the fruits free from a long time. No change in this respect has been introduced since the receipt of Government Order No. 16919-27—R, 1699, dated 6th April 1894, above referred authorizing the levy of assessment on vacant sites. The Deputy Amildar of Alur says that all the trees on vacant sites are brought under the "Amarayi" sale. Whereas, the Amildar of Manjarabad reports that as there are very few such trees in his taluk, a few jack trees which had been originally taxed ("Maravali") are sold annually.

(7) No. 4982—1149, dated 19th June 1897, from the Deputy Commissioner, Kolar district.

His Official Memorandum No. 880-6—R. 349 of the 23rd July 1896, calling for a report as to the practice obtaining in this district as regards the disposal of hippe, tamarind, jack and other fruit trees standing on vacant building sites belonging to private individuals.

In reply, has the honor to state that from the reports received from the Amildars and Deputy Amildars, it would appear that the fruit trees referred to in the above, are being enjoyed by the owners free of tax.

When a vacant building site is disposed of by Government on darkhast, it is sold together with trees standing thereon and the party purchasing is allowed to enjoy them free of tax.

(8) No. 454, dated 23rd November 1896, from the Deputy Commissioner, Tumkur district.

With reference to your docket No. 887—R. 350, dated the 23rd July 1896, enquiring if the practice of the Government selling the usufruct of fruit trees standing on vacant building sites belonging to private persons, which have been assessed as directed in Government Proceedings No. 16919-27—R. 1699, dated the 6th April 1894, is general in this district, I have the honor to state that in all the taluks except Pavagada the produce of such fruit trees standing on private vacant sites as have not been made over to the owners thereof is annually sold along with the village Amarayi and the sale proceeds credited to Government. The Amildar of the Pavagada taluk reports that wherever trees existed on vacant building sites they were made over to the owners at a valuation.

No. 1372-80—R. F. 161-96, DATED, BANGALORE, 31ST JULY 1897.

ORDER THEREON.—Government observe that the present system of disposing of the products of hippe and other fruit trees standing on assessed vacant sites belonging to private persons is not founded on any rational basis. It is not moreover uniform and the reservation seems to have been made on no principle in a very few places. The practice is vexatious. Where such trees are at present enjoyed as private rights, nothing of course need be done. In those cases, however, in which the reservation has been made and the produce included in the sale of Amarayi produce, the right of Government in the trees may be made over to the parties owning the land on which such trees stand, for a fair valuation. In future, no reservation of trees will be made when such sites in villages are sold, and their value will be taken into consideration with that of the site sold.

2. In the Mysore district, there were 216 darkhasts pending disposal at the end of the quarter ended 31st December 1896, but the statement now submitted shows only 215 darkhasts as pending disposal at the beginning of the quarter. The difference of one darkhast requires explanation. Similarly, in the Hassan district, there were 47 darkhasts pending disposal at the end of the last quarter, while in the statement now submitted, the number pending disposal at the beginning of the quarter under review is shown as 53. The Deputy Commissioner will explain the cause of the increase of six darkhasts.

3. The number of applications pending further disposal in the Kolar, Mysore, Hassan and Kadur districts is large and the Deputy Commissioners concerned are requested to expedite their disposal.

4. The Amildars in whose taluks such darkhasts are pending should be impressed with the importance of attending to them promptly and any remissness on their part should be brought to the notice of Government for special orders. Government trust that Deputy Commissioners will also see that the pending file is soon reduced.

The decrease under "Current demand" in the Shimoga district requires explanation.

3. The balances remaining uncollected in the Kolar, Mysore, Shimoga and Hassan districts, are very large and call for the early attention of the Deputy Commissioners concerned.

4. Under "Irrigation Cess," the decrease of Rs. 2,117 under "Current demand" in the Kolar district, as shown in the margin, requires explanation. The heavy balances of Rs. 7,273 and Rs. 3,187 in the Shimoga and Tumkur districts, respectively, should be collected without delay.

Letter No. 27, dated 7th July 1897, from the Deputy Commissioner, Mysore district, stating that at present all land acquisition cases of the entire district are being disposed of by him, and that it would facilitate work if the Sub-Division Officer, French Rocks, were empowered to dispose of such cases arising within the limits of that sub-division.

No. 1167-74—R. 381, DATED, BANGALORE, 27TH JULY 1897.

ORDER THEREON.—Under clause (*c*) of Section 3 of the Land Acquisition Regulation No. VII of 1894, all Sub-Division Officers are specially empowered to perform the functions of a Deputy Commissioner under the said Regulation within the limits of their sub-division.

Correspondence ending with letter No. 1034—966, dated 12th June 1897, from the Deputy Commissioner, Chitaldrug district.

No. 1104-5—R. 361, DATED, BANGALORE, 26th JULY 1897.

ORDER THEREON.—In November 1891, one Lakshminaranappa, who was then a schoolmaster in the Molakalmuru taluk, applied for a loan of Rs. 400 for constructing an irrigation well in his land, bearing Survey No. 104—3, measuring 13 acres and 28 guntas in the Konasagara village of the said taluk. The then Amildar Govindappa with the aid of the villagers estimated the value of six acres of *ayakat* land, proposed to be converted into wet out of the above number, at Rs. 500. On the 19th November 1891, the Special Duty Officer in connection with Irrigation Wells granted to the applicant the first advance of Rs. 200. The balance of the loan was paid to him on the 20th March 1892 on the report of the Well Mestri authenticated by Amildar Govindappa that work to the extent of Rs. 248 had been executed to the well. In August 1894, the same Amildar reported that the advance granted had been fully spent on the well and recommended the issue of the usual final loan order. The Special Duty Officer accordingly issued the loan order in October 1894, accepting the six acres of *ayakat* land as security for the loan (Rs. 400) which was to be paid in thirty annual instalments commencing from the year 1894-95.

2. Lakshminaranappa, who was afterwards transferred to the Sidlaghatta taluk, having failed to pay the assessment of Rs. 3-8-0 due for 1894-95 on the whole of the land (13 acres and 28 guntas) above referred to, a demand notice was issued to him in April 1895 by the then Amildar Krishna Iyer. When in July 1895, the *ayakat* land with the well was attached owing to non-compliance with the said notice, the same was valued by the panchayetdars at Rs. 10 and the Amildar who sought the permission of the Deputy Commissioner to sell the land was directed to hold the sale himself. But the Amildar deputed the Taluk Sheristadar to conduct the sale, which was accordingly held on the 17th September 1895, with the result that one Boraiya purchased the whole of the land (13 acres and 28 guntas) for Rs. 6-4-0. The Sheristadar reported that Boraiya declined to accept Lakshminaranappa's liability in respect of the loan of Rs. 400 due to Government, and that the well had got silted up. The loan with interest thereon amounting to Rs. 411-10-8 is therefore recommended by the Deputy Commissioner to be remitted on the ground that the defaulter possesses neither house nor any movable property which could be proceeded against.

3. Under such circumstances, Government have no other alternative than to direct the remission of the loan referred to with the following remarks.—

4. In the first place, Amildar Govindappa was seriously at fault in having given the land a fictitious value, and, but for his retirement from the public service, Government would have taken serious notice of his conduct. Amildar Krishna Iyer is also liable to blame in not selling the land subject to the condition laid down in para 9 of the Special Rules (Notification No 183, dated 21st July 1891), and in not specifying in the distraint order and sale notice that the distraint and sale were for the arrears of assessment, balance of loan, and other special charges. These irregularities should be pointed out to him and he should be informed that he ought not to have disobeyed the Deputy Commissioner's express order and deputed the Taluk Sheristadar to conduct the sale.

5. The Deputy Commissioner's last report is neither full nor satisfactory. It was not impossible to find out by local inspection and investigation whether the whole or any, and what portion, of the money obtained by loan from Government had been spent on the well in question. That such a large amount as Rs. 411 has to be remitted on account of the irregularity in the procedure of the taluk officials and their other neglect, which were neither checked nor corrected in time by the District authorities, is not creditable to the district administration, or to the Officer who granted this loan.

Letter No. 1324—1119, dated 10th June 1897, from the Deputy Commissioner, Shimoga district and letter No. 75, dated 14th July 1897, from the Deputy Commissioner, Mysore district, submitting, with reference to this office No. 7063-70—R. 2381, dated 6th February 1897, talukwar statements and an abstract for the whole district showing the details of the number of holdings or estates as exhibited in column 2 of Statistical Table D for the year 1895-96.

No. 1319-26—R. 423, DATED, BANGALORE, 23TH JULY 1897.

ORDER THEREON.—The returns received with the communications read above have not been prepared in conformity with the prescribed instructions. The Deputy Commissioners concerned have added a vertical column headed "Total" to the form of statement prescribed in the Secretary's requisition above cited, and the Deputy Commissioner of Mysore district adds the remark "These numbers are subject to variations according to the requirements of subdivisions of fields and also to the fact that most of the inam, kayamgutta and jodi villages have not yet been taken (sic) the course of detail survey." This is unnecessary and at least unintelligible. That statistics of one year will vary in another year is of course well known. What was asked for are details for certain figures already furnished for 1895-96. Again the number of estates entered in column 2 of Statistical Table D for 1895-96 is made to tally with the total of figures now furnished under "Dry", "Wet," "Garden", "Coffee" and "Cinchona," and "Lands of all kinds", whereas it represents "Lands of all kinds" only, and cannot be influenced by the number of khatedars among whom the occupied dry area is distributed, or the number of khatedars among whom the occupied wet area is distributed, or the number of khatedars among whom the occupied garden area is distributed. These latter numbers are independent statistics useful and interesting in their way but do not affect statistics of the different sizes of holdings of lands of all kinds. For example, if the rent roll of a taluk were like that printed at page 122 of Appendix A (Form No. 10) to the Land Revenue Rules of 1890, the number of estates returned in Statistical Table D would have been 8, and the detailed statement called for in this office requisition above cited would be as follows :—

Raiyatwari holdings.	Garden.	Dry.	Wet.	Coffee and cardamom.	Lands of all kinds.
5 acres and less	5	5	7	...	2
6 to 25 acres	...	3	...	...	6
26 to 100 acres	...	...	...	...	...
101 to 500 acres	...	...	...	...	...
Above 500 acres	...	...	...	...	...
Total ...	5	8	7	...	8

These remarks which are penned with reference to the figures relating to raiyatwari holdings only are applicable *mutatis mutandis* to those relating to "Wholly or partially revenue-free tenures" also.

The Deputy Commissioners of Mysore and Shimoga are requested to submit fresh statements prepared in the light of the foregoing observations and the Deputy Commissioners of other districts are requested to be guided by these observations and expedite their returns.

Secy. to Govt., Gen. & Rev. Depts.

Letter from the Excise Commissioner in Mysore, No. 6351—511, dated 15th June 1897, submitting for approval revised forms of the Monthly Demand, Collection and Balance statements of the Abkari Revenue and of Local cess thereon, Nos. 6 and 6 A., respectively, together with a form of Explanatory Memo showing the particulars of balance and the steps taken for its recovery, &c.

No. 1054-63—R. 353, DATED, BANGALORE, 24TH JULY 1897.

ORDER THEREON.—The revision of the forms in question has become necessary owing to the introduction of the Tree-tax system of the Administration of Toddy Revenue into Mysore. The Government are accordingly pleased to approve of the forms of statements Nos. 6 and 6 A, submitted by the Excise Commissioner, with the omission of columns showing the details under the heads noted on the margin, with a view to avoid unnecessary clerical labor in the preparation of the said returns. The form of Explanatory Memo is also approved with a slight addition to the wording in the heading of column 5 to show whether the item entered in the column relates to Excise Revenue or Local cess thereon.

1. Demand, including arrears.
2. Collections, including remissions.

2. The Superintendent, Government Press, will print a sufficient number of copies of the accompanying forms of statements Nos. 6 and 6 A with Explanatory Memo, and supply the Excise Commissioner before the 10th proximo with 660 copies of each of the said forms and memo. The Deputy Commissioners of districts should be furnished with the requisite number of copies, as usual, and fifty copies of each of them should also be forwarded to this office.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent, Government Press.

REVENUE.

No. 868—Ex. 37, dated 20th July 1897.

Under Section 20 of the Excise Act XXII of 1881 as amended by Act VI of 1885 and introduced into Mysore by Regulation III of 1885, and in exercise of all other powers conferred by Section 55 of the said Act, the Government of Mysore are pleased to prescribe the following Rules for the issue, &c., of licenses under Section 5 of the said Act, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect throughout the Mysore Province from the 1st day of July 1897.

1. Tree-tapping licenses in the prescribed form shall be issued on the application—
   (*a*) of licensed toddy vend farmers ;
   (*b*) of licensed toddy shop-keepers in alienated villages or other localities in which toddy shops are sold by auction and licensed separately ; and
   (*c*) of tree-owners in coffee estates, hittals and kans in the malnad for the number of trees fixed by the Excise Commissioner for the drawing of toddy required for *bonâ fide* domestic consumption, but not for sale.

The licenses may be issued in the name of the applicant himself or of his nominees

2. Applications for the grant of tree-tapping licenses must be made in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him. They must bear a court-fee stamp of one anna.

3. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent.

4. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

5. On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license.

6. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

7. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

8. For all toddy-yielding trees, tree-tapping licenses shall be annual.

9. During 1897-98, no tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	*Tree-tax for each tree per annum including local cess.*		
	Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6

10. The Government reserve to themselves the right of imposing, in addition to tree-tax, a rent for every tree not belonging to private individuals tapped by a Mysore or British farmer. Such rent shall be credited to the Department of Government or the District or Municipal Funds entitled thereto.

11. The licensees of vend farms will pay for 1897-98 the rent they have agreed to pay, the said rent being made up of—

(*a*) the tree-tax at the above rates for toddy-yielding trees tapped by them under licenses granted by the Supervisor concerned, for the supply required for *bonâ fide* consumption at their shops, whether such trees be in Government unoccupied or occupied land or in alienated land.

(*Note* :—No trees upon Government occupied land can be tapped without arrangement by the farmers with the owner. The present arrangements as regards trees on alienated land will hold good, subject of course to the levy by Government of tree-tax);

and (*b*) shop rental, being the difference, if any, between the farm rent and the tree-tax for the year.

12. No tree-tax will be charged for the trees tapped or caused to be tapped by coffee planters and proprietors of "hittals" and kans in the *malnad*, in their patta lands, for the drawing of toddy for their *bonâ fide* domestic consumption, but not for sale. Such toddy may be utilized to make bread only for the use of the members of their family, or for their consumption, but not for sale or for the use of their servants, laborers or other employés.

13. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the two, whether British or Mysore, if the rate is not the same on both sides of the frontier

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

14. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

15. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

16. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

17. Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory shall observe the following rules in tapping date trees :—

(1) Trees tapped one year shall not be tapped the next year.

(2) Trees shall not be overtapped or overworked.

(3) In no date tree shall the initial incision be made at any point less than five feet from the ground except in places where the trees are stunted in growth, in which case an exception may be made by the Deputy Commissioner, the age of the trees being taken into consideration after due enquiry.

(4) No date tree shall be cut to a greater depth than one-third of its diameter.

(5) Every fresh incision shall not be less than one foot above the last incision, except in localities where the trees are stunted in growth, in which case an exception may be made by the Deputy Commissioner.

(6) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

Secy. to Govt., Gen. & Rev. Departments.

FOREST.

Proceedings of the Government of Mysore,

READ:—

The demand, collection and balance statements (Serial No. 8, Forest) of the several districts of the province for the nine months ending 31st March 1897.

No. 186-94—Ft. F. 116-95, DATED, BANGALORE, 7TH JULY 1897.

ORDER THEREON.—The subjoined abstract statement compiled from the district returns shows the demand, collection and balance under "Forest" for the nine months ending 31st March 1897 as compared with the figures for the corresponding period of last year.

2. The total current demand for the period under review was less by Rs. 3,99,978 as compared with that for the corresponding period of last year as shown below :—

The decrease in the Shimoga, Mysore, Hassan and Kolar districts is considerable. It is reported that the decrease in the Shimoga and Hassan districts was mainly due to a large portion of the sandalwood collected during the year having been left unsold for want of proper rates. The explanation of the Mysore and Kolar Deputy Commissioners, already called for in this office No. 8652-61—Ft. F. 116-95, dated 31st March 1897, will be awaited.

3. Steps should be taken for the speedy recovery of the outstanding balances which, in the Mysore and Shimoga districts, amounts to the very large sum of Rs. 76,598 and Rs. 23,253, respectively, as also the marginally noted arrears out of the previous year's demand still remaining uncollected in some of the districts.

Report on the Administration of Forests in the Mysore Province for the official year 1895-96.

No. 833-66—Ft. F. 29-96, DATED, BANGALORE, 20TH JULY 1897.

ORDER THEREON.—Of the period dealt with in the report, the first five months relate to the administration of the department under Mr. L. Ricketts as Inspector-General, and the rest to that under Colonel Campbell Walker as Conservator of Forests.

2. The report is detailed and comprehensive, and, in addition to a record of the operations of the year to which it should have been limited, contains Colonel Walker's views, suggestions and strictures on various points connected with forest administration, which should be separately reported for the orders of Government.

3. Including an outstanding balance of Rs. 89,090, the total demand under "Forests" (exclusive of Kheddas) for the year amounted to Rs. 13,38,902 and the actual receipts to Rs. 12,61,412, leaving a surplus of Rs. 8,22,586. Particulars of the receipts from various sources as compared with those for 1894-95 are given below :—

5. The total area of finally notified State Forests was 1,251 square miles as against 1,110 of 1894-95; and the total additional area under "Reservation and protection", but remaining to be so notified, was 458 square miles as against 545 of 1894-95. There was thus a net increase of 141 square miles under "State Forests" and a net decrease of 87 square miles under "Reserved Forests," due chiefly to the conversion of reserved tracts into State Forests, the rectification of old areas to correspond with more accurate measurements as well as with the extent of forest notified by Government, and to the additions made to reserved areas.

6. The total area placed under fire-protection was 1,161 square miles against 1,528 square miles in the previous year, the decrease being due to the causes referred to in para 5 above. Of this, about 1,237 square miles were actually protected against 1,416 square miles in 1894-95. The percentage of success attained is thus seen to have gone down from 92 to 85, though the cost per acre attempted rose from 3·7 to 4·1 pies.

7. The net expenditure on demarcation, exclusive of establishment and other charges and of adjustments, has not been furnished. But the work done in this respect is reported to have been poor, and to have comprised about 87½ square miles only, including the extent of boundary lines widened.

8. Some progress was made in the preliminary surveys of reserved tracts and plantations by Forest Surveyors, chiefly in the Kolar, Kadur and Mysore districts.

9. Including one case, pending at the beginning of the year, 281 cases of breach of Forest Laws, involving 661 persons, were prosecuted before Magistrates: of these, 240 cases, involving 496 persons, resulted in conviction. Though the number of cases reported was 67 less than in the previous year, the percentage of cases in which convictions were obtained rose from 82·4 to 85·4. Thirty-seven out of 46 cases reported of injury to sandal trees were disposed of during the year, with what results it has not been explained.

10. There was a net decrease under "Grazing receipts", chiefly due to a heavy falling off in the Hassan district. The grazing in forests was disposed of either under the *Hullubanni* (auction) or under the Permit system, chiefly the latter. The Government concur generally in the views of the Conservator as to the superior efficacy of the Permit system, but its extension is necessarily limited by the amount of departmental watch and supervision which can be provided.

11. Artificial reproduction through departmental agency was carried on over 362¼ acres, including plantations, and had reference chiefly to gall-nut, teak and other varieties, of which 213,000 were planted on new ground, and about 277,000 were transplanted to fill up vacancies. The area taken up for the culture of sandalwood consisted of 68½ acres sown with seed, and 10,570 acres dibbled.

12. The major forest produce exploited consisted, as usual, of timber, firewood, bamboos and sandalwood, the last being collected entirely by departmental agency, and the rest partly in this way and partly through contractors.

13. The total quantity of timber cut in forests, which was regulated solely by the demand and by the prospects of good sales, was about 213,000 cubic feet, nearly the whole of which was carted to depôts, as against slightly larger quantities in the previous year. The revenue realized on account of firewood and charcoal, both from departmental sales and from license fees, exhibited a net decrease of about Rs. 10,000, due to fluctuations in local requirements. There was an increased collection of bamboos, as many as 460,000 having been sold at the depôts against 348,000 in the year previous. Government note that the Conservator expects greater development of the revenue and of the supply under this head, when the matter is worked upon proper principles.

14. Sandalwood demands more detailed notice, inasmuch as it contributes nearly two-thirds of the entire Forest revenue. The collection during the year was represented by 2,131¾ tons, or (including the stock on hand at the com-

mencement of the year) 2,842½ tons. This was very much less than the quantity collected in 1894-95, namely, 4,180⅝ tons, and was dealt with as follows :—

Particulars.	Tons.
Worked up into good wood	1,596½
Do inferior wood	299
Do white chips	350⅛
Wastage and dringe	166½
	2,412⅝
Left on hand	429⅜
Total ...	2,842½

The average cost of collection and conversion per ton was Rs. 20·7 for assorted wood as against Rs. 21·3 in the previous year. Including a balance of 1,058⅜ tons taken over from the previous year, the quantity of sandalwood prepared for sale amounted to 2,952 tons, of which 2,074 tons were disposed of in manner shown below :—

Items.	1894-95.			1895-96.		
	Quantity.		Average price per ton.	Quantity.		Average price per ton.
	Tons.	Cwt.	Rs.	Tons.	Cwt.	Rs.

Mixed chilta	411	6	51	360	18	62
Total ...	2,138	9	390	2,074	14	385

The dullness of the market, especially the European, and the absence of keen competition, tended to restrict the sales : the prices secured were also in most cases lower; and accordingly the revenue from sandalwood exhibits a decrease to the extent of about Rs. 35,000. The enumeration of sandal trees was set on foot in all the districts during the year. An experienced Forest Officer was specially deputed for the purpose of studying and reporting on the best methods of improving the preparation and classification of sandalwood; and a revised classification based on that obtaining in Bombay was tentatively introduced into the two kothis of the Mysore district.

15. Of minor products, gall-nut produced the greatest revenue, especially in the Hassan district, where the outturn from State and Reserved Forests was 25,752 maunds, or nearly six times as great as in the most abundant of previous years. With regard to the bark of *tangadi* and *kakke*, the system of talukwar leases by auction is reported to have been more advantageous, wherever adopted, than that of collection under licenses. Government regret to note that, of the four districts in which the culture of lac has been undertaken, sufficient attention does not seem to have been given to it in any but the Mysore district. In district or unreserved forests the system of leases by the Revenue Department is reported to be unfavorable to the Government revenue. The steps proposed to be taken by the Conservator to amend this state of things by degrees will, it is hoped, result in augmenting the revenue under this head.

16. The extent to which free grants of materials were made during the last two years for the re-building of houses destroyed by fire and for the construction of village chavadis, is shown below :—

Materials.	1894-95.		1895-96.	
	Houses.	Chavadis.	Houses.	Chavadis.
Timber	497½ cart-loads ...	20 cart-loads ...	434½ cart-loads ..	324 cart-loads
Bamboos ...	104½ do ...	.....	88½ do ...	14½ do
Date trees ...	138 trees ..	57 trees ...	764 trees ...	70 trees
Value ...	Rs. 3,527		Rs. 4,101	

17. The quantity and value of produce removed from forests by holders of rights or at reduced rates under privileges conferred by Government, have not been given in the report. It is hoped that the information will be collected and the omission supplied in future reports.

18. The Khedda operations were confined to the Chamrajnagar and Kakankote forests of the Mysore district, in the former of which they ended in failure. In the Kakankote forest, however, two drives were successfully made in November 1895 and January 1896, and resulted in the capture of 11 and 21 elephants, respectively. At the first of these drives, His Excellency Lord Elgin, the Viceroy, was present; and at the second, His Excellency Lord Wenlock, Governor of Madras. Including two elephants otherwise captured and two remaining on hand from the previous year, there were altogether 36 animals, of which one proved dangerous and was shot, another was lame and was let go, and a third died of wounds. Twenty-seven were sold locally for more favorable prices than in previous years; two were sent to the Baroda Palace and two to the Austro-Hungarian Government. The total receipts of the department went down to Rs. 23,032 from Rs. 38,346 in the year previous; while the expenditure on works rose from Rs. 38,437 to Rs. 65,019. This increase is attributed partly to the unexpected and heavy cost incurred in repairs to the Kakankote kheddas, on account of serious damage by rain and floods, partly to the protraction of operations in Chamrajnagar and the larger number of shikaries employed at Kakankote, and partly to the adjustment of the previous year's charges amounting to Rs. 11,000. The charges of establishment also increased from Rs. 10,951 to Rs. 13,665, due chiefly to the increase of pay given to the Superintendent. The Government in their Proceedings No. 10703-713—Ft. F. 128-95, dated 8th June 1897, have decided that Khedda operations should, for the present, be suspended.

The following letter No. 197—10, dated the 10th July 1897, from the Conservator of Forests in Mysore.

I have the honor to submit copy of a communication from the District Forest Officer, Mysore, with a report from the Heggaddevankote Amildar, bearing Deputy Commissioner's endorsement, and to support his recommendation that Patel Daseganda of Malali, Antarsante hobli, may be awarded a gold medal of the value of Rs. 50 for his services in connection with the recent capture of nine elephants in the Kakankote Khedda, the charge being debited to Khedda budget of the current financial year.

2. The circumstances of the capture have already been reported in my No. 5327—372, dated 25th June 1897, in which I refer to the ready co-operation given by the village officers and people as a noteworthy feature. Much of this was doubtless due to the influence of the Amildar and Patel, and even if we estimate the value of the captured elephants at a lower figure than Rs. 12,000 as estimated by the Amildar (who is himself deserving of thanks), such services outside the routine of ordinary duty appear to me to justify special recognition.

3. I may add that the Khedda Superintendent has been in the habit of granting money rewards in such cases without any reference or special sanction of Government.

No. 914-15—Ft. F. 59-95, DATED, BANGALORE, 22ND JULY 1897.

ORDER THEREON.—The creditable manner in which all concerned in the seizure of the elephants referred to exerted themselves, has been noticed in Proceedings No. 292-3—Ft. F. 128-95, dated the 9th instant. The Government note with pleasure the ready co-operation of Patel Dasegauda, and the assistance rendered by Amildar Krishna Sing.

2. The reward of a gold medal worth Rs. 50 to Patel Dasegauda of Malali, as recommended in the letter read above, is sanctioned, the charge being debited, as proposed, to the Khedda budget of the current financial year.

Letter No. 5327—372, dated the 25th June 1897, from the Conservator of Forests in Mysore.

I have the honor to report that nine elephants were captured in the Kakankote kheddas by the Forest Department on the 29th ultimo under the following circumstances.

2. Mr. Lutchman Rao, Sub-Assistant Engineer, Mysore district, while encamped at Mastigudi, was disturbed at night by a herd of elephants. At day-break he with the aid of a handful of men successfully drove the herd into No. 1. Khedda and sought assistance of Mr. M. G. Rama Rao, the Forest Range Officer, and Mr. Krishna Singh, Amildar of the Heggaddevankote taluk, both of whom reached the place the same day, and after six days during which period kumki elephants had to be sent for from Mysore, the stockade strengthened and a roping stockade built necessitating the elephants being watched, fed and watered all the while, the captives were roped and removed to the Peelkhana.

3. Mr. Theobald, Forest Range Officer, Sargur, who was deputed by the Deputy Commissioner for the purpose gave useful advice and assistance in coping the captures. The Sub-Assistant Engineer Mr. Lutchman Rao, Sub-Overseer Tirumalaiya and the Kakankote Forester Putsamaiya are reported to have given very material assistance in rendering the capture a success, whilst the prompt assistance given by the Amildar Krishna Singh in procuring labor and provisions must have been of the greatest service as Mr Rama Rao with his handful of watchers and Kurbas could not otherwise have successfully kept watch over the entrapped elephants, strengthened the old stockade and arranged for the feed and watering of the captives. A noticeable feature in this small capture is that labor and provisions were readily forthcoming which has not recently been the case with regard to the regular khedda operations.

4. I have instructed the Khedda Superintendent to take charge of these nine elephants (two tuskers, five cows and two calves) which are reported to be in a very healthy condition except one cow which is blind of one eye, and to train them along with the others on his hands. An advance of Rs. 700 has been made to Mr. M. G. Rama Rao to meet expenditure connected with the capture to end of current month, and this will be included in the khedda supplemental budget to which it appropriately belongs. The supplemental budget was received in my office a few days ago but had to be returned for want of necessary particulars, on receipt of which it will be submitted to Government for orders.

No. 292-3—Ft. F. 128-95, DATED, BANGALORE, 9TH JULY 1897.

ORDER THEREON.—The capture of the elephants as reported in the above letter is very creditable to all concerned. The Conservator's action in making the advance of Rs. 700 to the Forest Range Officer is approved; and he is requested to expedite the submission of the Khedda supplemental budget.

Letter No. 1280-1093, dated the 1st June 1897, from the Deputy Commissioner of the Shimoga district.

No. 119-22—R. F. 151-96, DATED, BANGALORE, 7TH JULY 1897.

ORDER THEREON.—With the above, the Deputy Commissioner submits in duplicate the Memorandum and Articles of Association in connection with the proposed Agricultural Bank at kasaba Honnali.

2. Lingappa and sixteen other members propose to establish the Bank for the benefit of Honnali and eleven other villages. They own 369 acres and 10 guntas of land (of which 21 acres and 10 guntas are inam), the aggregate value of which, as estimated by the panchayetdars, amounts to Rs. 4,625, while the estimate of the taluk authorities comes to Rs. 5,166 with a liability of Rs. 2,076.

3. The members propose to start the Bank with a capital of Rs. 6,000, but, as the aggregate value of the property estimated by the panchayetdars amounts to Rs. 4,625, the Inspector of Agricultural Banks in Mysore recommends an advance of Rs. 3,500 which is upheld by the Deputy Commissioner.

4. Under the above circumstances, Government are pleased to sanction an advance, not exceeding Rs. 3,500, being made for the Agricultural Bank referred to, and to authorize the Deputy Commissioner to place the aforesaid amount in the Honnali Taluk Treasury.

5. Interest must be recovered from the Bank, half yearly, up to 30th June and 31st December of each year at 4 per cent per annum, on the sums actually borrowed by the Bank.

6. The Deputy Commissioner is requested to recover the stamp duty and to take steps to get the Memorandum and Articles of Association duly registered.

7. The attention of the Inspector of Agricultural Banks is drawn to the necessity of his submitting, in cases where the villages to be benefited by a Bank are not in one compact block as in the present case, a statement showing the distance of each village from the place where the Bank is proposed to be established.

I have the honor to submit herewith a copy of Resolution No. 2 passed by the Committee in the meeting held on the 19th instant and to request that you will be so good as to obtain the orders of Government on the subject.

Proceedings of the Meeting of the Mysore State Life Insurance Committee held at Bangalore on the 19th June 1897.

* * * * * *

II. The Secretary represented that considerable delay now occurs in the disposal of proposals for insurance as they have to be circulated to all the members, some of whom are either non-resident members or are absent from Bangalore on official duties. Resolved that in future proposals for insurance be as soon as they are received from the Senior Surgeon, circulated in the first instance among any three resident, members and the President, and, if a unanimous opinion be obtained, effect be given thereto without further circulation; but that, in case of a difference of opinion, the proposal be circulated among the rest of the members.

Proceedings of the meeting of the Mysore State Life Insurance Committee, held at Bangalore on the 19th June 1897.

* * * *

IV. Adverting to Mr. C. Sreenivasiengar's remarks on the proposal No. 2431 *anent* great delay in the submission of proposals by the officials newly entertained and promoted, the Secretary to the Committee having represented that in several cases there has been an evasion of Insurance Rules 6 and 8 and non-observance of the instructions issued by the Secretary on the subject. Resolved that the Government be moved to instruct the Comptroller to insist upon every Establishment Pay Bill and Gazetted Officers' Salary Bill being accompanied by the following certificates.

(1) I certify on honor that I have satisfied myself that all officials permanently entertained and the insured officials who have received permanent increase to their pay, during the month, have duly submitted their proposals for the first and further insurance.

(2) I certify on honor that I have duly submitted my proposal for the first and further insurance on my life.

No. 976-9—R. F. 10-97, DATED, BANGALORE, 23RD JULY 1897.

ORDER THEREON.—With the above letter, the Deputy Commissioner submits copy of letter No. 116 of the 9th June 1897, from the Inspector of Agricultural Banks, submitting proposals for the establishment of an Agricultural Bank at Santebennur in the Channagiri taluk.

2. The Bank is proposed to be established for the benefit of Santebennur and 11 other villages, and there are 33 members who own 1,714 acres and 39 guntas of land assessed at Rs. 1,665-12-0 and valued at Rs. 19,200, with a liability of Rs. 800.

3. The members apply for a loan of Rs. 15,000 to start the Bank with, but the Deputy Commissioner recommends, on the suggestion of the Inspector of Agricultural Banks, the grant of an advance of Rs. 10,000 only, on the ground that this will represent a little more than one-half the estimated value of the property owned by the members.

4. Under these circumstances, Government are pleased to sanction the advance of Rs. 10,000 referred to and to authorize the Deputy Commissioner to place the said amount in the Channagiri Taluk Treasury, subject to payment by the Bank of interest half-yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Deputy Commissioner is requested to recover the stamp duty and take early steps to get the Memorandum and Articles of Association duly registered.

No. 988-91—R. F. 164-96, DATED, BANGALORE, 23RD JULY 1897.

ORDER THEREON.—Narayana Bhatta and fifteen others pray for the establishment of an Agricultural Bank at Salur, Shikarpur taluk. The Bank is intended for the benefit of the raiyats of the said village. The value of the property owned by the members is estimated at Rs. 6,186 with an encumbrance of Rs. 595. The members propose to start the Bank with a capital of Rs. 4,600, but the Inspector, Agricultural Banks, recommends the grant of a loan of Rs. 4,000 only, which is upheld by the Deputy Commissioner. Under these circumstances, Government are pleased to sanction an advance not exceeding Rs. 4,000, which the Deputy Commissioner will place in the Shikarpur Taluk Treasury for the purpose of being drawn as necessity arises. Interest at 4 per cent per annum should be recovered half-yearly up to 30th June and 31st December of each year, on the sums actually borrowed by the Bank.

2. Steps should be taken to see that the existing liabilities are all discharged and that the documents are all taken back and properly secured.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Todagani in the Shikarpur taluk.

2. The Bank is proposed to be established for the benefit of Todagani and two other villages, and there are 14 members who own kandayam lands to the extent of 195 acres and 20 guntas, the aggregate value of which is estimated at Rs. 4,732 with a liability of Rs. 1,682.

3. The members propose to start the Bank with a capital of Rs. 5,000, but the Inspector of Agricultural Banks recommends the grant of Rs. 3,000 only, which the Deputy Commissioner upholds. No. 1163-66—R. F. 14-97, DATED, BANGALORE, 27th JULY 1897.

ORDER THEREON.—Shanbhog Chikkanna and 18 others pray for the establishment of an Agricultural Bank at Talya in the Holalkere taluk. The Bank is intended for the benefit of Talya and eleven other villages in close proximity to one another. The value of the property owned by the members is estimated at Rs. 19,225, exclusive of Rs. 8,530 on account of the value of house property with an encumbrance of Rs. 9,540. The members propose to start the Bank with a capital of Rs. 15,000, and the Deputy Commissioner and the Inspector of Agricultural Banks recommend the grant of an advance to that extent. Taking into consideration, however, the value of arable land which is estimated at less than Rs. 20,000, Government are not disposed to sanction the grant of a larger advance than Rs. 12,000. This last named sum will be placed by the Deputy Commissioner in the Holalkere Taluk Treasury for the purpose of being drawn by the Bank as occasion arises. Interest at four per cent per annum should be recovered half yearly from the Bank, up to 30th June and 31st December of each year, on the sums actually borrowed by the Bank. ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Joga in the Honnali taluk.

2. The Bank is proposed to be established for the benefit of Joga and two other villages, and there are 21 members who own 148 acres and 15 guntas of kandayam and 185 acres and 31 guntas of inam lands. The value of these lands is estimated to be Rs. 11,037, while the Amildar puts it at Rs. 7,900. In either case, however, the inam lands being Umbli inams, their value shall have to be deducted. This being done, the value of kandayam land alone, will, as per panchayetdars' estimate, be Rs. 6,400 and as per Amildar's, Rs. 4,900.

3. The members propose to start the Bank with a capital of Rs. 4,500, but the Deputy Commissioner and the Inspector of Agricultural Banks restrict the loan from Government to Rs. 3,500. Government accordingly sanction the grant of an advance not exceeding Rs. 3,500 being made for the proposed Agricultural Bank, and authorise the Deputy Commissioner to place the said amount in the Honnali Taluk Treasury for the purpose. Petition No. 1693, dated 27th November 1896, from Lakkappa, son of mestri Hanumantappa of Dodmavalli, Bangalore taluk, appealing against the order of the Deputy Commissioner, Bangalore district, confirming the Jamabandi Officer's order fining the petitioner for having cultivated a piece of land in his holding in the Hadgodi village, reserved by the Survey Department as the katte "Reserve land."

(2) Correspondence ending with letter No. 31, dated 6th July 1897, from the Deputy Commissioner' Bangalore district, reporting on the above.

(3) The records of the case.

No. 1209-16—Pet. 148, DATED, BANGALORE, 27TH JULY 1897.

ORDER.—Government observe that there is no clear evidence to prove that any intimation of the reservation of the land was given to the petitioner. This is the principal objection the petitioner takes, and it seems to be well founded. Nor was the petitioner's presence secured at the time of the jamabandi settlement and his defence taken and recorded. On the whole, the proceedings held show an irregularity which was prejudicial to the petitioner.

2. It should be borne in mind that no penal provision should be enforced against a party till he is heard. The requirement of this sound principle will not be satisfied, unless, at the time of the jamabandi settlement, the presence of the parties concerned is secured and they are heard. It is unsatisfactory to depend upon these facts being communicated to them by the village officials. A written notice must in every case be properly served and thus opportunity formally afforded to the parties to appear before the Jamabandi Officer and state their case.

3. The award of fine, which in this case is *exparte*, is set aside, and the fine which is said to have been recovered will be refunded. A notice should be served on the petitioner prohibiting him from interfering with the reserved land.

Petition No. 3371, dated 28th March 1896, and another from Gauregauda, son of Eregauda, Belur taluk, appealing against the order of the Deputy Commissioner, Hassan district, referring the petitioner to a regular suit for establishing his claim to the pateli of Hesahalli village.

2. Letter No. 7, dated 3rd July 1897, from the Deputy Commissioner, Hassan district, reporting on the above from which the facts appear to be briefly as follows:—

Honnaligegauda, the petitioner's uncle, was the registered patel of the village. He died in 1874 and his only son then living having refused to be patel, one Dyavegauda having no hereditary claims officiated as patel though not formally appointed and began to receive potgi from the year 1880. He continued in office till his death in 1893, when his widow prayed that her eldest son Dyavegauda aged 10 years might be appointed registerdar and that during his minority, Eregauda, petitioner's younger brother, might be appointed gumasta. The petitioner then presented a petition to the Amildar urging his claims to the pateli on the ground of his being the nephew of Honnaligegauda, registerdar patel, according to the Barabaluti Register of 1864, and begged that he might be appointed patel. The Amildar conducted an enquiry into the petitioner's claim and submitted the records to the Deputy Commissioner who directed in 1896 the registry of the pateli in the name of the eldest son of the deceased patel Dyavegauda and referred the petitioner to a regular suit. Petitioner has appealed to Government against the above order.

No. 1407-14—Pet. 181, dated, Bangalore, 31st July 1897.

Order thereon.—Government observe that there seems to be no authority for referring the petitioner to a regular suit. Para 3 of Section XLIII of the Land Revenue Rules requires that the "enquiry in respect of matters falling under clauses *a*, *e*, *f* and *g* shall be formal," and in the next paragraph, it is laid down that all "cases involving *mirasi hak* of village officers" are not cognizable by the Amildars. These suits or claims are directed to be instituted before the Deputy Commissioner. In para 2 of the same section, it is prescribed that "the provisions of the Limitation Act shall also be held applicable to revenue suits".

2. The practice of receiving loose and informal petitions both by Amildars and Deputy Commissioners seems to be irregular. All such matters when brought forward in the form of claims require at once to be taken cognizance of by Deputy Commissioners. In a formal enquiry the evidence has, under Section 201 of the Code, to be recorded by the Officer conducting the investigation. The informal enquiry now conducted by Amildars and the massing together of unnecessary and irrelevant papers in a large file of papers is nowhere authorized, and there is no reason to continue this irregular practice. When claims are thus filed, the provisions of the Stamp Laws have also to be complied with. In this view, referring a claimant to a regular suit does not appear to be a correct mode of disposing of the claim, and this proceeding may moreover lead to complicated questions of limitation. Before, however, final orders are passed in this matter, it is desirable to ascertain the views of Deputy Commissioners, who are accordingly requested to submit their observations at an early date.

Proceedings of the Government of Mysore,

No. 121-9—Muz. F. 105-92, DATED, BANGALORE, 22ND JULY 1897.

ORDER.—Several instances have been brought to the notice of Government in which the allotments assigned out of the State grant provided in the annual budget for the repairs of Muzrai buildings have lapsed to Government, owing to the Deputy Commissioners' failure to have the sanctioned repairs carried out and the money drawn within the close of the official year of the grant, thus necessitating a second assignment of fresh funds for the same works after execution.

2. To avoid such inconveniences in future, the Deputy Commissioners are requested to have the repairs, sanctioned out of the State grant, executed before the end of the year in which the grant is made payable. No bill on account of works executed will be accepted for payment after the State grant allotted therefor has lapsed.
